The Town of Brownsburg acknowledges its responsibility to comply with the Americans with Disabilities Act of 1990. In order to assist individuals with disabilities who require special services (i.e. sign interpretive services, alternative audio/visual devices, and amanuenses) for participation in or access to Town sponsored public programs, services, and/or meetings, the Town requests that individuals make requests for these services two business days ahead of the scheduled program, service, and/or meeting. To make arrangements, contact us at (317) 858-6028.

TOWN OF Brownsburg

A PROCLAMATION RECOGNIZING VIETNAM WAR VETERANS DAY

Whereas, the Vietnam War Veterans Recognition Act of 2017 established March 29 as a national day to honor the nearly 9 million Americans who served on active duty during the Vietnam War era; and

Whereas, 50 years ago, our Nation was divided, and our service members often did not receive the appreciation they deserved upon returning home; and

Whereas, more than 58,000 service members made the ultimate sacrifice and thousands more suffered as prisoners of war or remain unaccounted for; and

Whereas, it is our duty to properly welcome home all Vietnam veterans—those who served in-country and those who served elsewhere—and to honor the sacrifices of their families, caregivers, and survivors; and

Whereas, in 2026, we continue to uphold our sacred obligation to honor the service, courage, and commitment of this generation of patriots.

Now, therefore, I, Ben Lacey, Town Council President of the Town of Brownsburg, do hereby proclaim March 29, 2026 as:

NATIONAL VIETNAM WAR VETERANSVETERANS DAY

in the Town of Brownsburg, and urge all residents to observe this day with appropriate programs, ceremonies, and activities that honor our Vietnam veterans and their families.

Dated this 12th day of March 2026

Ben Lacey, Town Council President

ATTEST: Ann Hathaway, Clerk-Treasurer

BROWNSBURG TOWN COUNCIL MEETING MINUTES
REGULAR MEETING

Thursday, February 26, 2026, 7:00 p.m.
Brownsburg Town Council Meetings are live-streamed and archived

01. **CALL TO ORDER BY PRESIDING OFFICER –** Town Council President, Ben Lacey, called the meeting of the Brownsburg Town Council to order at 7:00 p.m. on February 26, 2026 in the Brownsburg Town Hall, 61 N. Green Street.

02. **INVOCATION/PLEDGE OF ALLEGIANCE** – Steve Stone, Chaplain for the Brownsburg Police Department, gave the invocation followed by the Pledge of Allegiance.

03. **ROLL CALL –** Members of the Council present were Ben Lacey, Matt Simpson, Travis Tschaenn, Glenn Adams and Cindy Hohman. Also present, were Clerk Treasurer, Ann Hathaway; Debbie Cook, Town Manager and Scott Krapf, Town Attorney.

04. **CITIZENS COMMENTS RELATING TO FEBRUARY 26, 2026 AGENDA**

Emily Symmonds – 5964 Autumn Trail

05. **CONSENT ITEMS**

05.01. The February 5, 2026 Special Meeting Minutes were considered. Matt Simpson made a motion to approve the minutes, as presented. Glenn Adams seconded the motion. Passed 5-0.

05.02. The February 12, 2026 Regular Meeting Minutes were considered. Travis Tschaenn made a motion to approve the minutes, as presented. Matt Simpson seconded the motion. Passed 5-0.

05.03. The Civil Town and Fire Territory Claims Docket for February 12, 2026 through February 26, 2026, in the amount of $1,713,400.04 was considered. Matt Simpson made a motion to approve the docket, as presented. Cindy Hohman seconded the motion. Passed 5-0.

06. **BID OPENING AND/OR AWARD –** None.

07. **REPORTS FROM COMMISSIONS AND BOARDS –**

07.01. Police Department Report – Chief Joe Grimes presented his report to the council. He discussed the agency and leadership development of the agency. Also discussed, were some positions he appointed. Andy Watts was appointed to the Assistant Chief of Police position while Jennifer Barrett was appointed Major over Support Services. Detective Sergeant Jacque Bass was appointed to Detective Captain of Investigations and Captain Joe Fults is appointed to Enforcement Division Unit Commander. Further appointments are upcoming. Travis Tschaenn

asked about installing traffic cameras at intersections. There were no further questions or comments.

07.02. Fire Territory Report – Chief Larry Alcorn presented his report to the council. Additionally, he mentioned that the new ladder truck is now in service. The graduation of this recruiting class will take place on March 5, 2026 at 6:00 p.m. There were no questions or comments from the Council.

08. TOWN ADMINISTRATIVE ITEMS –

8.1. Fleet Maintenance Report- Chris Keers, Fleet Superintendent presented his report to the council. There were no questions from the council.

8.2. Grants Report – Clay Jackson, Budget Analyst

8.3. Finance Report – Clay Jackson, Budget Analyst

Presented his reports to the council. There were no questions or discussion.

09. PARK AUTHORITY ITEMS –

09.01. Park Authority Report – Amber Lane, Director of Parks and Recreation, presented her report to the Council. She added that the Major and Minor Capital Projects report is included. She also gave an update on repair of the boardwalk damage along Northfield near Walmart. Lastly, the master plan will be presented in March for approval. Cindy Hohman asked about a meeting to discuss the pickle ball courts. She also asked about overdose issues in the park.

10. PREVIOUSLY CONSIDERED ITEM – None.

11. NEW FOR CONSIDERATION –

11.01. Park Advisory Appointments – Ben Lacey, Town Council President, presented this item. The sole purpose of the Park Advisory Board is to receive information, deliberate, and make recommendations to the Town Council. The Board will meet with the Parks Director who will present the recommendations to the Town Council. The Board will not take any final action. The Park Advisory Board shall consist of 6 members to be appointed by the Council President. Board members will serve three (3) year terms, starting January 1st and ending December 31st. The initial terms of the Board members appointed this evening will start their terms tonight and will be staggered to ensure continuity with two (2) members serving an initial three (3) year term, two (2) members serving an initial two (2) year term, and two (2) members serving an initial one (1) year term. After the initial terms, each new appointment shall be for a three (3) year term. Board members shall continue on the Board until a successor is duly appointed. If a vacancy occurs on the Board, the Council President shall appoint a member to serve for the remainder of the unexpired term. Board members may be reappointed for successive terms and may be removed by the Council President at any time without cause. Board members are not paid positions, therefore, they may not receive a salary, and no profit or money of the Town inures to

the benefit of a Board member. Mr. Lacey then proceeded to make the following Presidential appointments:

Adam Dillman, term to expire 12/31/2026
George Buck 12/31/2027
Judy Kenninger 12/31/2027
Glenn Nulty 12/31/2028
Chris Worley 12/31/2028

11.02. Introductory Item - Residential Development- 5050 E CR 450 – Re-Introduce Proposed Rezone to R1 and R2 – Elizabeth Williams, Planning Consultant, presented this introductory item to the Council. This is an Informational item only and no action is expected or required of council this evening. In keeping with a policy of introducing rezone proposals to Town Council prior to the public hearing at the Advisory Plan Commission. The subject property was previously presented for rezoning to the R2 district and was denied. The applicant is requesting re-introduction of the revised plans indicating R1 and R2 zoning for consideration. The property is located at 5050 E CR 450 N, comprised of approximately 64 acres and located along the east side of CR 500 E, and adjacent to Tilden Drive, which is planned to be extended by Applicant, M/I Homes. The Application seeks to rezone approximately 43.78 acres to the R-1 zoning district and 20.5 acres to the R-2 zoning district. Dominic Dwyer and Jonathan Isaacs, Director of Land Acquisitions, with M/I Homes - 8425 Woodfield Crossing, Indianapolis, Indiana, presented the rezone request. Ben Lacey asked about the number of homes and roadway construction specifications. Traffic issues were also discussed.

12. TOWN MANAGER ITEMS – None.

13. CLERK-TREASURER ITEMS –

13.01. Cancellation of Old Outstanding Checks – Ann Hathaway, Clerk Treasurer, presented the list of two year-old outstanding voided checks. Glenn asked what happens to the money, to which she stated that the money is receipted back into the fund for which it came.

13.02. Conflict of Interests – Ann Hathaway, Clerk Treasurer, asked for acknowledgment from the Council for three Conflict of Interest forms submitted to her office. All acknowledged.

14. CITIZENS COMMENTS –

Emily Symmonds – 5964 Autumn Trail
David Weyant – 20 Raccoon Court

15. TOWN COUNCIL ITEMS –

Ben Lacey commended the Parks Department for a well done volunteer appreciation dinner.

16. TOWN ATTORNEY ITEMS – None.

17. ADJOURNMENT – Travis Tschaenn motioned to adjourn at 7:58 p.m.

These minutes are a summary of actions taken at the Brownsburg Town Council meetings. The full video archive of the meeting is available for viewing https://brownsburgin.new.swagit.com/videos/376551 for as long as this media is supported.

TOWN OF Brownsburg
61 N. Green Street, Brownsburg, IN 46112
(317) 852-1120 | brownsburg.org

To: **Brownsburg Town Council**

From: **Deb Cook, Town Manager/Ethan Pierce, Economic Development Director**

Date: **March 12, 2026**

Re: **September 2025 – February 2026 Redevelopment Commission (RDC) Activity Report**

September 2, 2025 – Regular Meeting (RDC)

- Proposed 2026 TIF Budgets – Staff highlighted key items included in the TIF Budgets. Shane Hacker, the Brownsburg Community School Corporation representative on the RDC, provided some insight into how changes at the state level are impacting the schools. The RDC voted 4-0 to send a recommendation to Town Council supporting the adoption of the proposed 2026 TIF Budgets as part of the overall 2026 Budget.

- RDC Spending Plan for Calendar Year 2026 – The RDC adopted their Annual Spending Plan for 2026. Starting in 2024 the State began requiring that all Redevelopment Commissions submit an Annual Spending Plan to the Department of Local Government Finance (DLGF). The spending plan is essentially a high level summary of the RDC/TIF related expenses that are included as part of the Town's 2026 Budget.

November, 4 2025 – Regular Meeting (RDC)

- Labcorp (Project Falcon) – The RDC voted 3-0 to approve Resolution 2025-05RDC pledging certain tax increment to the payment of economic development revenue bonds to the Town of Brownsburg. This was the third step in the Labcorp incentive approval process. Labcorp plans to construct a 500K SF facility that will include administrative office space, lab space, and a production facility. The company plans to invest $340M to construct the facility, in addition to investing an estimated $95M in personal property. Labcorp also plans to relocate over 1,700 jobs to Brownsburg and create 300 new jobs in the coming years. These jobs will have an average wage in the $40 to $45 per hour range.

- 2026 RDC Meeting Dates – The RDC reviewed and approved their 2026 meeting dates.

February, 3 2026 – Regular Meeting (RDC)

- Election of Officers – Mr. Salzman was elected President of the RDC, Mr. Boswell was elected Vice President of the RDC, and Ms. Smith was elected Secretary.

Re: **September 2025 – February 2026 Economic Development Commission (EDC) Activity Report**

General Update

- During a Special Meeting on Thursday, October 16, 2025 the EDC held a public hearing on Resolution 2025-01EDC, a resolution related to approving incentives for Labcorp (Project Falcon). This was the first step in the incentive approval process. Labcorp plans to construct a 500K SF facility that will include administrative office space, lab space, and a production facility. The company plans to invest $340M to construct the facility, in addition to investing an estimated $95M in personal property. Labcorp also plans to relocate over 1,700 jobs to Brownsburg and create 300 new jobs in the coming years. These jobs will have an average wage in the $40 to $45 per hour range.
- In January 2026 the Town Council re-appointed Michael Diener to the EDC.
- During the February 5, 2026 EDC meeting, Ms. Brown was elected President of the EDC, Mr. McLaughlin was elected Vice President of the EDC, and Mr. Diener was elected Secretary.
- The next EDC meeting is set for Thursday, April 2, 2026.

TOWN OF Brownsburg

Economic Development

2025 Annual Report

Respectfully Submitted March 12, 2026

Ethan Pierce,

Economic Development Director

2025 Highlights

Estimated Capital Investment: Factoring in commitments made by projects that came through the Economic Development Department and investment numbers provided by businesses that have submitted an application for a commercial permit, we estimate that commercial/industrial related businesses committed to invest around $988M in Brownsburg between January 2025 and December 2025.

$988M total estimated capital investment from commercial/industrial projects in 2025

- **$790M** from projects that came through the Economic Development Department
- **$198M** from additional commercial/industrial projects

Commitments (2024 v 2025): The capital investment, job, and payroll numbers highlighted here compare commitments business have made in 2024 and 2025. These numbers come from projects that the Economic Development Department had direct involvement with.

January 2024 through December 2024

$11.8M estimated capital investment

$6M estimated personal property investment

120 minimum number of full time jobs created by projects announced in 2024

$6.9M total potential annual payroll for all newly created jobs

3 economic development incentives approved by the town

January 2025 through December 2025

$500M estimated capital investment

$290M estimated personal property investment

2,500 minimum number of full time jobs created by projects announced in 2025

$208.8M total potential annual payroll for all newly created jobs

4 economic development incentives approved by the town

2025 Highlights

Bryan Herta Autosport: The multi-discipline championship winning organization relocated to Brownsburg in the spring of 2025. The team invested around $2.1M to modernize their new building to support a variety of racing initiatives.

HRH Hospital: Hendricks Regional Health opened their new $65M medical building in fall 2025. This facility expands their Brownsburg Hospital campus located just north of the I-74/Ronald Reagan Parkway Interchange and brings a broad range of specialized services to the community.

HarperCollins: Book publisher HarperCollins announced plans to invest $315M to construct a state of the art facility in Brownsburg. Scheduled to open in 2028, the company expects the project will create 400 new full time jobs.

Labcorp: Life science company Labcorp announced plans for a Brownsburg campus that will include more than 500K SF of advanced laboratory and production space. The company plans to invest an estimated $435M and relocate more than 1,700 jobs to Brownsburg with plans to create an additional 300 new jobs in the coming years. Labcorp plans to start construction in late 2026 with the goal of being operational by 2030.

More Options: As Brownsburg continues to grow more shopping and entertainment options pop up for our residents and visitors.

- **Slick City Action Park** opened its Brownsburg location in April 2025 bringing an action packed year round entertainment option to the community and highlighting a unique way for warehouse space to be utilized.
- **Ulta Beauty** celebrated the opening of a new location in Brownsburg Square in July 2025. They have joined Michaels, Five Below, Crumbl Cookies, and a number of other businesses who also lease space in that area. With the addition of Ulta, Brownsburg Square is now fully leased.

Ronald Reagan Parkway Industrial Development:

Between I-74 and CR 400 N, eight (8) industrial buildings have been constructed over the past few years. Before this development, the area where these buildings are located was generating an estimated $20K in property tax revenue per year. In 2025, this area generated an estimated $855K in property tax revenue even while under abatement.

Looking Ahead

JCM Racing: The multi-car NHRA team is nearing completion on their new 37K SF facility at CR 1000 and US 136. This building will be the new headquarters for JCM Racing. The team has invested an estimated $6.5M to construct the facility and plans to create 15 new jobs over the coming years.

Meijer: The supermarket chain has made a lot of progress on their new location near the intersection of 56th Street and CR 900 and is tentatively planning to open in May 2026.

Arbuckle I: A new coffee shop has leased around 2K SF in the Arbuckle I building. The business is currently in the build out phase and plans to be open later this year.

TOWN OF Brownsburg PARKS

Park Authority Summary Report

To: Park Authority

cc: Deb Cook
Town Manager

From: Amber Lane
Parks Director

Date: March 5, 2026

Park Operations Executive Summary

Parks and Natural Resources February Accomplishiments:

Trail & Natural Resources Management

- Weed Wrangles: Conducted along the B&O Trail (2/28) and in Williams Park (2/14), removing invasive species.
- Staff training: Attended the Great Lakes Park Training Institute, completing courses on prescribed burns, chainsaw safety, volunteer management, and preventive maintenance.

Facilities & Asset Maintenance

- Replaced bumpers in Williams Park to improve safety and accessibility.
- Continued to refurbishing mini shelters in Arbuckle Acres Park to extend their lifespan and usability.
- Prepared floors for the Arbuckle Restroom remodel.

Infrastructure & Operations Improvements

- Assembled new tables to support community programs and upcoming park events.
- Descaled additional Splash Pad features in preparation for the summer season.
- Two staff members earned their Certified Pool Operator (CPO) credentials, ensuring safe and compliant splash pad operations.

Winter Operations & Weather Response

- Logged **26.75** staff hours clearing snow and ice on **street plow routes 6 and 8**, as well as within parks and along trails

Work Orders in the Last 30 Days

Work Category	Work Orders Completed
Building Maintenance	58
General Maintenance	18
Equipment Maintenance	10

Volunteer Value	**$4,424.33**	**$4,997.05**

Post-Event Summary – Brownsburg Parks Events

Father Daughter Dance

This years' Father-Daughter Dance was a great success. The new venue (Connection Pointe) helped fit the look of a wickedly good evening that dads and daughters enjoyed. We had 557 participants this year. Over the course of the night, everyone danced, made crafts, and made memories that they will cherish forever. This annual tradition provides an excellent bonding experience for families and gives them something to look forward to every year.

Morning Bird Hike

In February, Parks Naturalist Riley, hosted a Morning Bird Hike at Williams Park in conjunction with the Great Backyard Bird Count. Seven birders participated in the community event, and together they identified 19 bird species. The program provided a meaningful opportunity for participants to contribute to a global bird conservation effort while enjoying time outdoors in one of Brownsburg's favorite birding locations.

Little Sprouts: Feathered Friends

Both sessions of Little Sprouts: Feathered Friends were full, with preschoolers diving into the fascinating world of birds. Littles learned about different types of feathers and why they are important through story time, bird yoga, and hands-on experiments exploring how feathers stay dry. They also participated in feather sorting, created their own feather paintings, and enjoyed bird-themed sensory bins. It was a fun and engaging morning discovering the unique features that help birds thrive.

Volunteer Appreciation Dinner
The Town of Brownsburg Parks hosted its annual Volunteer Appreciation Dinner to honor the individuals and community organizations who dedicated their time and talents in 2025, with 70 volunteers and partners in attendance. Throughout the year, these individuals and groups supported community events, beautification efforts, special initiatives, and program operations.

This year, we also introduced our inaugural Volunteer of the Year Awards to further recognize outstanding service. Award recipients included:

- Community Impact Award: Glenn Nulty
- Exceptional Commitment Award: Joshua Amosu
- Conservation Stewardship Award: Steve Tomlinson

Upcoming Programs and Events – January

March 10–11, 2026

- SOLD OUT – **Wiggly Worms (Little Sprouts Nature Discovery)** – 10:00–11:00 AM, Bundy Lodge
    - Children explore the world of worms through story time, hands-on activities, crafts, and sensory bins, learning how worms support healthy soil and thriving plants.

March 14, 2026

- **Morning Bird Hike** – 9:00 AM, B&O Trail, Green St. Trailhead
    - Flat, paved trail hike focused on observing local bird species; limited parking available.

March 20, 2026

- **Spring Stuffies** – 5:00–7:00 PM, Bundy Lodge
    - Craft and learning event where participants create spring-themed stuffed animals.

March 21, 2026

- **Hopping Down the Bunny Trail** – 9:30 AM–12:30 PM, Williams Park
    - Spring celebration along the trail with local businesses, featuring eggs, candy, and seasonal activities.

REQUEST FOR COUNCIL ACTION
TOWN MANAGER'S OFFICE

TOWN OF Brownsburg

Agenda Item: 9.02 Motion to Adopt 2026-2030 Master Plan	**Town Council Action Requested:** First Reading N/A Second Reading N/A Public Hearing N/A Third & Final Reading N/A Motion to Approve/Consider 3/12/2026
Project Name: N/A	**Presenter, Title:** Amber Lane, Parks Director
Strategic Plan Link:	**Comprehensive Plan Link:**

Executive Summary:
The Parks and Recreation Master Plan provides a five-year strategic framework to guide the Department's operations, capital improvements, and program offerings. The plan was developed through community input, stakeholder engagement, and staff analysis, and it establishes goals, strategies, and actions to enhance safety, accessibility, natural resource stewardship, facilities, maintenance, funding, and public engagement.

Council adoption of the plan will formally establish this framework as the guiding document for department decision-making, while all capital projects and expenditures will continue to follow normal review and approval processes. Adoption affirms the Town's commitment to providing a safe, accessible, and well-maintained parks system that aligns with community priorities and long-term planning goals.

Resolution No. 2026-04
Brownsburg, Indiana
March 12, 2026

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF BROWNSBURG REGARDING THE TOWN'S ADOPTION OF THE 2026-2030 BROWNSBURG PARKS STRATEGIC MASTER PLAN

The Town Council (the "Council") of the Town of Brownsburg, Indiana (the "Town") met at a duly called and authorized meeting of the Council held on the date set forth below, such meeting being called pursuant to a notice stating the time, place and purpose of the meeting received by all members of the Council, and the following resolutions were made, seconded and adopted by a majority of those present at the meeting, which constituted a legal quorum of the Council.

WHEREAS, the Council serves as the Park Authority for the Town;

WHEREAS, the Council, with significant public input has developed the 2026-2030 Brownsburg Parks Strategic Master Plan (the "Master Plan"), a copy of which is attached hereto and incorporated herein by reference as Exhibit A;

WHEREAS, the Master Plan is intended to establish goals and objectives under which Town parks, trails, recreation programs and facilities will be developed and managed;

WHEREAS, on November 15, 2023 the Council submitted a draft of the Master Plan to the responsible agency, the Indiana Department of Natural Resources, State and Community Outdoor Recreation Planner ("DNR") for review and comment;

WHEREAS, the Council reviewed and amended the Master Plan based on the initial review and comments of the DNR, and determined it to be complete and in compliance with the DNR Planning Guidelines for Five Year Parks and Recreation Master Plans;

WHEREAS, the Council has reviewed and received input on the parks and recreation needs of the residents of the Town; and

WHEREAS, the Council realizes the importance of sound planning in order to meet the needs of its citizens.

NOW, THEREFORE, BE IT RESOLVED, that the Council hereby approves the Master Plan in the form attached hereto and incorporated herein by reference as Exhibit A and desires for the Town to adopt the Master Plan as its Parks and Recreation Department's official Master Plan to move forward with the growth and development of parks and recreation opportunities in the Town.

BE IT FURTHER RESOLVED, that the Parks Director and the Town Manager are hereby directed and authorized to take any and all action necessary to facilitate development of parks and recreation opportunities as identified within the Master Plan.

PASSED and **ADOPTED** this 12th day of March, 2026 by a vote of _____ (___) ayes and _____ (___) nays.

PUBLIC ENGAGEMENT RESULTS

Public engagement feedback was conducted through a series of "pop-up" events held at park amenities and Town events. The public outreach portion of this masterplan also included a project website and interactive mapping tool.

FIRST "POP-UP" EVENT RESULTS

The following results were gathered at the June 10, 2023 pop-up event at the Farmer's Market.

All written and recorded verbal comments were analyzed for common themes. The results revealed the following themes:

- An Aquatic Center in Brownsburg
- Concerts and Events relocated to Arbuckle Acres Park
- Playground at Cardinal Park
- Shade at each Park
- Recreation and Programming Activities

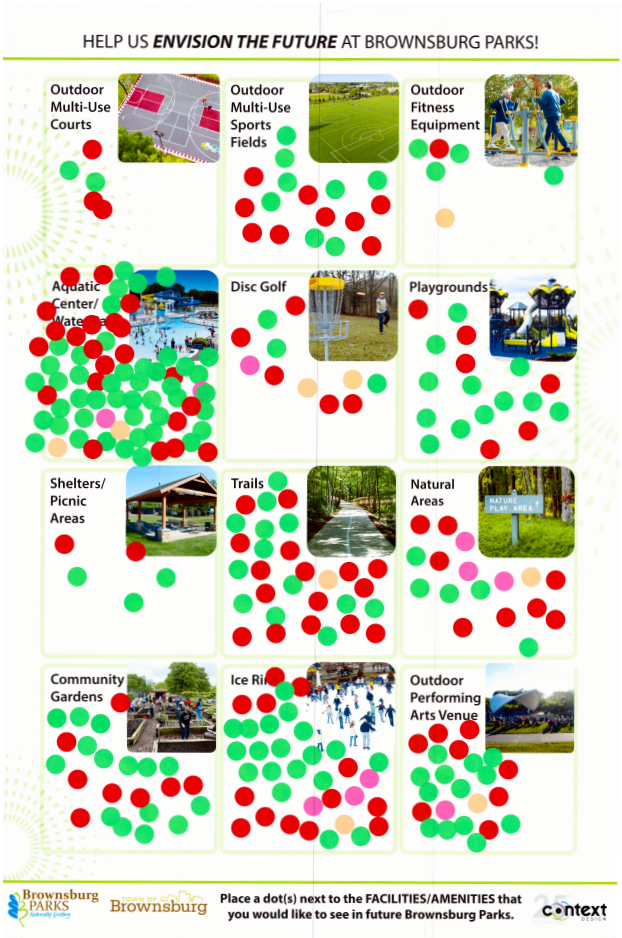

The following comments were gathered at the June 10, 2023 pop-up event at the Farmer's Market. A "#" next to the comment indicates the total number of people (via a tally system) who chose the amenity, facility, or program as important to them and/or their family.

FINAL PUBLIC PRESENTATION

The following images show the content presented at the final public presentation as well as photos of the event and scans of the sign-in sheet.

Meeting Notice

NOTICE OF PUBLIC MEETING

THE TOWN COUNCIL OF THE TOWN OF BROWNSBURG,

HENDRICKS COUNTY, INDIANA

The Town of Brownsburg invites the community to attend a Public Meeting on Thursday, January 22, 2026, from 6:00 p.m. to 7:00 p.m. at Brownsburg Town Hall, 61 N Green St, Brownsburg, IN. This public presentation will showcase the final Parks and Recreation Master Plan and allows the community to provide their input prior to the adoption of the plan. This meeting will consist of a brief introductory presentation, followed by an open house. Park Authority, staff, and consultants will be available to take comments, answer questions and discussion.

BROWNSBURG TOWN COUNCIL

Ben Lacey, President, Elected, Term: 2023-2026

Matt Simpson, Vice-President, Elected, Term: 2024-2027

Glenn Adams, Elected, Term: 2024-2027

Cindy Hohman, Elected, Term: 2024-2027

Travis Tschaenn, Elected, Term: 2023-2026

Ann Hathaway, Clerk-Treasurer, Elected, Term: 2024-2027

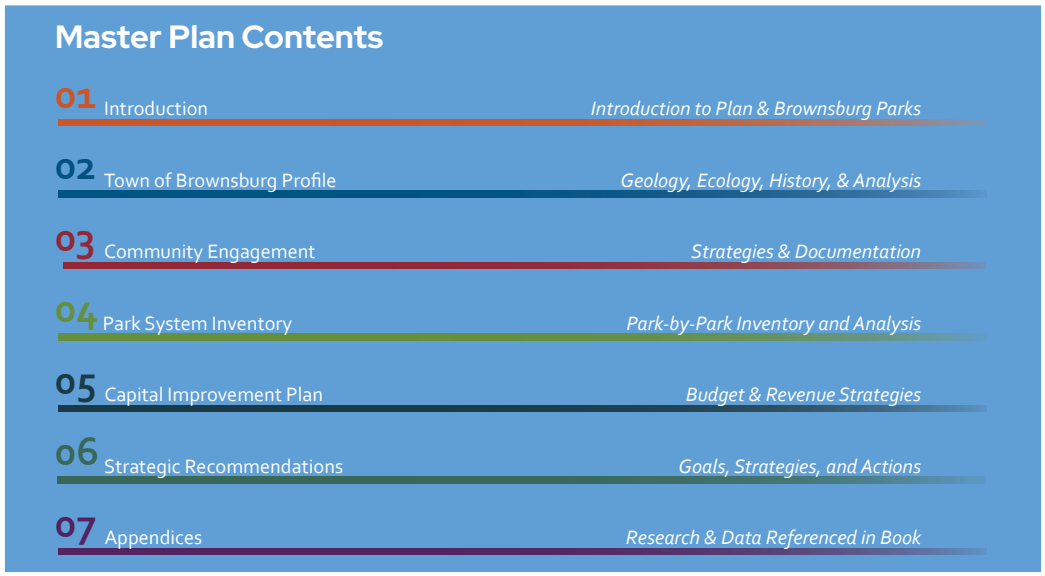

Online Comments

Resident	Comment
Jeff H.	I would like to focus in improving what we have. The current parks playground are in need of serious renovations. There are very few places for parents to sit and watch their kids. We have very small playgrounds that don't have any of the modern equipment. We don't have R/C car tracks or skateboard parks. All of these things are relatively inexpensive and benefit so many people. We don't need multi million dollars facilities, we just need awesome playgrounds and activities for our kids to enjoy the outdoors
Elizabeth M.	I am very interested in assisting with any of the aquatic, exercise, or fitness future planning if possible. I've been in the Health, Fitness, Aquatic and Recreation industry for forty-three years. Both my bachelors and masters degree are in Therapeutic Recreation from IU Bloomington. (I currently teach active older adult exercise classes or Henricks County Senior Services, Inc., at the Brownsburg library weekly, in addition to teaching several aquatic and fitness classes at the HRH YMCA in Avon, (past eight years). Thank you.
Anne H.	I would encourage Brownsburg to create a park out of the tree lined area just across from the Hession Fields entrance behind the Meijer. The bald eagles have returned! They rest atop a dead tree in the NE corner of the lot

PUBLIC PRESENTATION | JANUARY 2026
BROWNSBURG PARKS
STRATEGIC MASTER PLAN
(2025-2029)
context
DESIGN

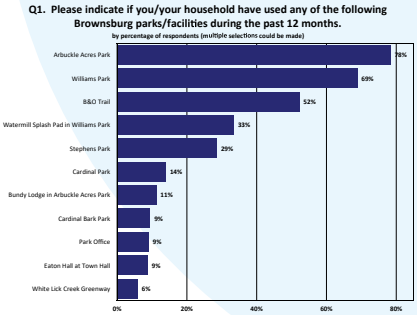

PURPOSE
This Plan establishes recommendations for the Department to achieve the vision the community has for the park and recreation system...
This plan will guide the department for the next 5 years to...
• provide strategic direction and vision to meet current and emerging public needs
• remain the primary steward of the significant natural, cultural and historic resources.
GOALS
GOAL 1: Safety
Foster a culture of safety by establishing a system-wide approach to park security to ensure that parks are safe, enjoyable and accessible by all.
GOAL 2: Natural Resources
Manage our natural resources through ecologically sensitive practices that promote environmental stewardship and balance environmental health with human needs.
GOAL 3: Accessibility
Ensure that all parks, open spaces, and recreation programs are accessible, welcoming, and inclusive for people of all ages, abilities, and backgrounds.
GOAL 4: Facilities & Amenities
Improve existing facilities and amenities based on needs identified through public engagement within the current and projected operational means of the Department.
GOAL 5: Maintenance
Streamline park maintenance operations through a model of "smart growth" to provide parks that are clean, safe, and enjoyable for the community.
GOAL 6: Funding
Explore opportunities to address the fiscal challenges facing park operations, maintenance, and improvements that meet the recommendations outlined in the Department's Tax Investment Strategy.
GOAL 7: Public Engagement
Explore opportunities for public engagement through park program offerings that align with community needs and improve resident well-being.

YOUR VOICE MATTERS

This Master Plan sought community input to identify their visions and expectations for the future of the park and recreation system. Community input was received via pop-up community engagement events, key stakeholder interviews, an online survey with an interactive mapping component and a statistically valid survey. The information gathered from the community engagement process was combined with technical research to produce the final Master Plan.

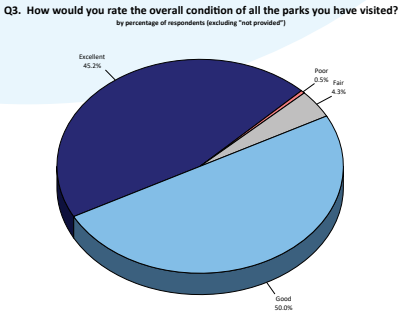

PUBLIC PRESENTATION | JANUARY 2026

VALUES AND CREDOS

Inclusion

We embrace different ways of thinking to ensure we help build a community for everyone.

"We actively listen to others."

Growth

We challenge ourselves to have a bigger impact on the community.

"We grow to meet the community's needs."

Integrity

We strive to build the respect and trust of the community.

"We choose to do the right thing."

Relationships

We build relationships to connect with our community.

"We care for, connect with, and support one another."

Wellness

We create opportunities for community members to live healthy lifestyles.

"We take care of ourselves so that we can take care of others."

PARK MAP WITH SERVICE RADIUS

PUBLIC PRESENTATION | JANUARY 2026

Basic Level of Service Definitions

Neighborhood Park:

- Has a service area between a quarter-mile and half-mile radius, with population up to 5,000
- Has 15-plus acres, equaling 1.0 to 2.0 acres per 1,000 people.

Community Park:

- Has a service area with a 1- to 2-mile radius
- Is 25-plus acres, which equals 5.0 to 8.0 acres per 1,000 people.

GOALS AND STRATEGIES

GOAL 1: Safety

Foster a culture of safety by establishing a system-wide approach to park security to ensure that parks are safe, enjoyable and accessible by all.

STRATEGIES

STRATEGY 1.1
Evaluate existing park safety policies and procedures to ensure they meet community needs.

STRATEGY 1.2
Enhance visibilility and maintain clear sight lines in and around park facilities.

STRATEGY 1.3
Evaluate existing park properties for inclusive design features that accomodate users of all ages, abilities, and backgrounds.

STRATEGY 1.4
Expand formal park surveillance through technological enhancements such as video surveillance, improved lighting, and access control to reduce community risk.

STRATEGY 1.5
Facilitate department-wide safety training in situational awareness to help staff recognize and mitigate potential conflicts before they arise and better ensure visitors have a positive park experience.

GOAL 2: Natural Resources

Manage our natural resources through ecologically sensitive practices that promote environmental stewardship and balance environmental health with human needs.

STRATEGIES

STRATEGY 2.1
Identify and evaluate the biological diversity of naturalized areas within our existing park properties as a measure of resilience to pests, disease, and ecosystem change.

STRATEGY 2.2
Annually update existing park properties assessments for the presence of invasive species. Develop mitigation plans based on these assessments.

STRATEGY 2.3
Identify opportunities to connect fragmented areas of habitat between parks and open space through multi-use trails, utility easements, and cooperation with landowners.

STRATEGY 2.4
Engage the community in natural resource management through citizen science opportunities, where volunteers donate their time to measuring, sharing, and communicating valuable data with the parks system to improve the environment.

GOAL 3: Accessibility

Ensure that all parks, open spaces, and recreation programs are accessible, welcoming, and inclusive for people of all ages, abilities, and backgrounds.

STRATEGIES

STRATEGY 3.1
Identify and eliminate physical and percevied barriers to participation to ensure that all users have an equal opportunity to enjoy parks, open spaces, and recreation programs.

STRATEGY 3.2
Promote inclusion through program offering that broaden participation for all community members with diverse needs.

STRATEGY 3.3
Provide accessibility training for department staff to increase disability and accessibility awareness and help them recognize potential barriers to accessibility.

STRATEGY 3.5
Use universal design practices to provide barrier-free facilities.

GOAL 4: Facilities & Amenities

Improve existing facilities and amenities based on needs identified through public engagement within the current and projected operational means of the Department.

STRATEGIES

STRATEGY 4.1
Replace ageing infrastructure as funding allows and conduct regular maintenance to extend the life of park facilities and amenities.

STRATEGY 4.2
Evaluate and adjust park resources, including parklands, facilities, and amenities, to better align with current and future needs.

STRATEGY 4.3
Focus investment on park facilities and amenities with the highest-visitor volume to optimize department resources and boost economic vitality.

STRATEGY 4.4
Expand the Brownsburg trail system to improve connectivity to parks, open space, and community destinations.

PUBLIC PRESENTATION | JANUARY 2026

GOALS AND STRATEGIES

GOAL 5: Maintenance

Streamline park maintenance operations through a model of "smart growth" to provide parks that are clean, safe, and enjoyable for the community.

STRATEGIES

STRATEGY 5.1
Continue collaboration with maintenance staff to improve day-to-day operations.

STRATEGY 5.2
Optimize the use of the existing work order and asset management systems to ensure planned maintenance schedules are followed and continuously evaluated to maintain a high standard of care and reduce risk.

STRATEGY 5.3
Utilize sustainable design practices, including native plantings and durable, eco-friendly materials, to reduce maintenance needs.

STRATEGY 5.4
Formally develop park stewardship program to engage dedicated volunteer to lead programs such as clean-up days, trail maintenance, and tree events.

GOAL 6: Funding

Explore opportunities to address the fiscal challenges facing park operations, maintenance, and improvements that meet the recommendations outlined in the Department's Tax Investment Strategy.

STRATEGIES

STRATEGY 6.1
Plan for long-term financial success by leveraging asset management data and Life Cycle Cost Analysis (LCCA) to guide funding priorities for park facilities and amenities.

STRATEGY 6.2
Establish dedicated funding sources for park operations and maintenance through measures such as development impact fees and increased municipal expenditures.

STRATEGY 6.3
Engage in government grant opportunities at the national, state, and local levels to support future park improvements.

STRATEGY 6.4
Explore shared-responsibility investment opportunities through public-private partnerships, community-based organizations, nonprofit foundations, and regional collaborations.

STRATEGY 6.5
Capitalize on rental fees at park facilities and update program cost recovery goals.

GOAL 7: Public Engagement

Explore opportunities for public engagement through park program offerings that align with community needs and improve resident well-being.

STRATEGIES

STRATEGY 7.1
Identify opportunities for partnerships with private organizations, schools, healthcare providers, and other community stakeholders to expand program offerings.

STRATEGY 7.2
Build on existing core programs, including special events, out-of-school programs, nature education, outdoor adventure, and active adults, to ensure they align with industry trends.

STRATEGY 7.3
Establish regular opportunities for public engagement to assess and proactively plan for community needs and priorities.

Basic Level of Service Definitions

Neighborhood Park:
- Has a service area between a quarter-mile and half-mile radius, with population up to 5,000
- Has 15-plus acres, equaling 1.0 to 2.0 acres per 1,000 people.

Community Park:
- Has a service area with a 1- to 2-mile radius
- Is 25-plus acres, which equals 5.0 to 8.0 acres per 1,000 people.

Master Plan Overview

Purpose

The purpose of the Town of Brownsburg Parks and Recreation Strategic Master Plan is to guide the department for the next 5 years and provide strategic direction and vision to meet current and emerging public needs, as well as remain the primary steward of the significant natural, cultural and historic resources.

The Town of Brownsburg Parks and Recreation Department Strategic Master Plan provides the Department a road map for addressing community needs for the next five years. This plan details the current state of the system while identifying focus areas based on a comprehensive assessment of community priorities. Brownsburg Parks has done an excellent job of addressing community needs since its last master plan in 2019.

This Master Plan sought community input to identify their visions and expectations for the future of the park and recreation system. Community input was received via pop-up community engagement events, key stakeholder interviews, an online survey with an interactive mapping component and a statistically valid survey. The information gathered from the community engagement process was combined with technical research to produce the final Master Plan.

This Plan establishes recommendations for the Department to achieve the vision the community has for the park and recreation system as well as to achieve greater financial sustainability without sacrificing the value of the park assets and amenities or reducing the level of experiences and services available to users.

Master Plan Goals

GOAL 1: Safety
Foster a culture of safety by establishing a system-wide approach to park security to ensure that parks are safe, enjoyable and accessible by all.

GOAL 2: Natural Resources
Manage our natural resources through ecologically sensitive practices that promote environmental stewardship and balance environmental health with human needs.

GOAL 3: Accessibility
Ensure that all parks, open spaces, and recreation programs are accessible, welcoming, and inclusive for people of all ages, abilities, and backgrounds.

GOAL 4: Facilities & Amenities
Improve existing facilities and amenities based on needs identified through public engagement within the current and projected operational means of the Department.

GOAL 5: Maintenance
Streamline park maintenance operations through a model of "smart growth" to provide parks that are clean, safe, and enjoyable for the community.

GOAL 6: Funding
Explore opportunities to address the fiscal challenges facing park operations, maintenance, and improvements that meet the recommendations outlined in the Department's Tax Investment Strategy.

GOAL 7: Public Engagement
Explore opportunities for public engagement through park program offerings that align with community needs and improve resident well-being.

Project Process

The Master Plan update followed a process of data collection, public input, ground truthing, assessment of existing conditions, market research, and open dialogue with local leadership and key stakeholders.

Organization Structure

The Brownsburg Park Authority is currently organized as follows:

TOWN OF Brownsburg PARKS

Grab a post-it and share your ideas with us!

Master Plan Goals & Strategies

GOAL 1: Safety

Foster a culture of safety by establishing a system-wide approach to park security to ensure that parks are safe, enjoyable and accessible by all.

STRATEGIES

STRATEGY 1.1
Evaluate existing park safety policies and procedures to ensure they meet community needs.

STRATEGY 1.2
Enhance visibility and maintain clear sight lines in and around park facilities.

STRATEGY 1.3
Evaluate existing park properties for inclusive design features that accomodate users of all ages, abilities, and backgrounds.

STRATEGY 1.4
Expand formal park surveillance through technological enhancements such as video surveillance, improved lighting, and access control to reduce community risk.

STRATEGY 1.5
Facilitate department-wide safety training in situational awareness to help staff recognize and mitigate potential conflicts before they arise and better ensure visitors have a positive park experience.

GOAL 2: Natural Resources

Manage our natural resources through ecologically sensitive practices that promote environmental stewardship and balance environmental health with human needs.

STRATEGIES

STRATEGY 2.1
Identify and evaluate the biological diversity of naturalized areas within our existing park properties as a measure of resilience to pests, disease, and ecosystem change.

STRATEGY 2.2
Annually update existing park properties assessments for the presence of invasive species. Develop mitigation plans based on these assessments.

STRATEGY 2.3
Identify opportunities to connect fragmented areas of habitat between parks and open space through multi-use trails, utility easements, and cooperation with landowners.

STRATEGY 2.4
Engage the community in natural resource management through citizen science opportunities, where volunteers donate their time to measuring, sharing, and communicating valuable data with the parks system to improve the environment.

GOAL 3: Accessibility

Ensure that all parks, open spaces, and recreation programs are accessible, welcoming, and inclusive for people of all ages, abilities, and backgrounds.

STRATEGIES

STRATEGY 3.1
Identify and eliminate physical and perceived barriers to participation to ensure that all users have an equal opportunity to enjoy parks, open spaces, and recreation programs.

STRATEGY 3.2
Promote inclusion through program offering that broaden participation for all community members with diverse needs.

STRATEGY 3.3
Provide accessibility training for department staff to increase disability and accessibility awareness and help them recognize potential barriers to accessibility.

STRATEGY 3.4
Use universal design practices to provide barrier-free facilities.

GOAL 4: Facilities & Amenities

Improve existing facilities and amenities based on needs identified through public engagement within the current and projected operational means of the Department.

STRATEGIES

STRATEGY 4.1
Replace ageing infrastructure as funding allows and conduct regular maintenance to extend the life of park facilities and amenities.

STRATEGY 4.2
Evaluate and adjust park resources, including parklands, facilities, and amenities, to better align with current and future needs.

STRATEGY 4.3
Focus investment on park facilities and amenities with the highest-visitor volume to optimize department resources and boost economic vitality.

STRATEGY 4.4
Expand the Brownsburg trail system to improve connectivity to parks, open space, and community destinations.

TOWN OF Brownsburg PARKS

context DESIGN

Grab a post-it and share your ideas with us!

Master Plan Goals & Strategies

GOAL 5: Maintenance

Streamline park maintenance operations through a model of "smart growth" to provide parks that are clean, safe, and enjoyable for the community.

STRATEGIES

STRATEGY 5.1
Continue collaboration with maintenance staff to improve day-to-day operations.

STRATEGY 5.2
Optimize the use of the existing work order and asset management systems to ensure planned maintenance schedules are followed and continuously evaluated to maintain a high standard of care and reduce risk.

STRATEGY 5.3
Utilize sustainable design practices, including native plantings and durable, eco-friendly materials, to reduce maintenance needs.

STRATEGY 5.4
Formally develop park stewardship program to engage dedicated volunteer to lead programs such as clean-up days, trail maintenance, and tree events.

GOAL 6: Funding

Explore opportunities to address the fiscal challenges facing park operations, maintenance, and improvements that meet the recommendations outlined in the Department's Tax Investment Strategy.

STRATEGIES

STRATEGY 6.1
Plan for long-term financial success by leveraging asset management data and Life Cycle Cost Analysis (LCCA) to guide funding priorities for park facilities and amenities.

STRATEGY 6.2
Establish dedicated funding sources for park operations and maintenance through measures such as development impact fees and increased municipal expenditures.

STRATEGY 6.3
Engage in government grant opportunities at the national, state, and local levels to support future park improvements.

STRATEGY 6.4
Explore shared-responsibility investment opportunities through public-private partnerships, community-based organizations, nonprofit foundations, and regional collaborations.

STRATEGY 6.5
Capitalize on rental fees at park facilities and update program cost recovery goals.

GOAL 7: Public Engagement

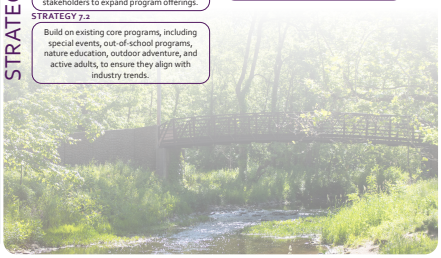

Explore opportunities for public engagement through park program offerings that align with community needs and improve resident well-being.

STRATEGIES

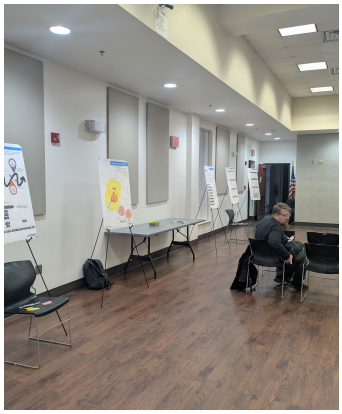

STRATEGY 7.1
Identify opportunities for partnerships with private organizations, schools, healthcare providers, and other community stakeholders to expand program offerings.

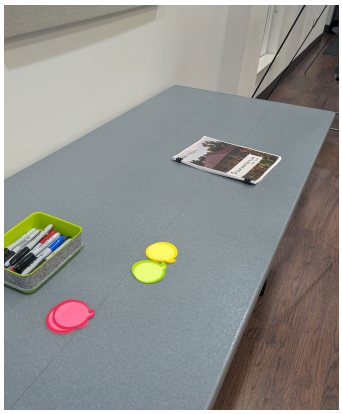

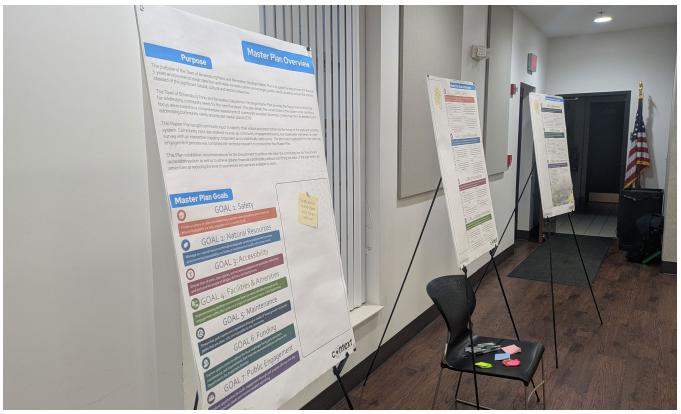

STRATEGY 7.2
Build on existing core programs, including special events, out-of-school programs, nature education, outdoor adventure, and active adults, to ensure they align with industry trends.

STRATEGY 7.3
Establish regular opportunities for public engagement to assess and proactively plan for community xneeds and priorities.

TOWN LEADERSHIP AND STAKEHOLDER INTERVIEW RESULTS

As a fundamental component of the planning process, the team conducted a series of stakeholder interviews and a town leadership survey to develop a thorough understanding of the parks system in Brownsburg through the lens of the constituents served.

Questions asked of participants pertain to perceived strengths, potential opportunities, and top priorities for the Department.

The feedback received from community stakeholders is critical to the discovery phase of the process and many of the themes that emerge in these meetings help influence later recommendations of the Plan.

The following survey was conducted and results analyzed on Survey Monkey.

TOWN COUNCIL & TOWN LEADERSHIP SURVEY

The Town of Brownsburg Parks Department requests your feedback to determine the priorities for park and recreation facilities in our community. After completing the survey, please return it via email to Liz Mooney at lmooney@context-design.com We appreciate your assistance in creating thrilling experiences for our community!

2024 – 2028 Draft Strategic Master Plan Goals (See Below and Attachment)

Goal 1: Improve park infrastructure to ensure safe and enjoyable parks and open spaces for residents. Use **Crime Prevention through Environmental Design** (CPTED) principles to assess parks and facilities.

Goal 2: Develop a comprehensive and innovative community engagement strategy tailored to the Brownsburg community that **identifies needs and priorities for the master plan** and increases advocacy.

Goal 3: Formalize the Department's **natural resource management** through a **detailed action plan to restore and conserve critical natural spaces** throughout the park system. Develop an Invasive Management Plan - Document and provide techniques and priorities for invasive plant removal.

Goal 4: Use **Universal Design principles** to recommend improvements to recreation programs and amenity accessibility to support various users and recreational experiences in the Town.

Goal 5: Update and improve amenities within the park system using recommended design standards that consciously work **to minimize maintenance and efficiently manage the Department's operational budget**.

Goal 6: Recommend improvements to the **efficiency of park maintenance operations** to allow the park system to continue with a model of "**smart growth**."

Goal 7: Identify **alternative funding** sources to help address unmet needs along with an adequate level of tax dollar support. Align recommendations with the Department's Tax Investment Strategy.

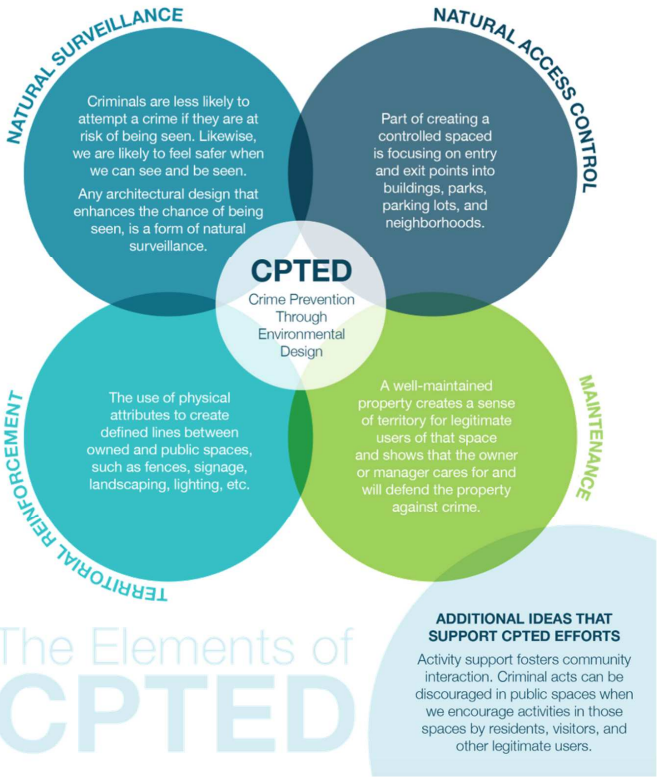

Goal 8: Recommend core essential services that align with **industry trends** and **overall Town of Brownsburg goals** and improve the well-being of residents. Identify **partnership opportunities** to maximize resources within the community.

Goal 9: Improve the planning for long-term financial success by incorporating a **comprehensive asset management plan and Life Cycle Cost Analysis** (LCCA) for equipment, infrastructure, and facilities.

1. **Is anything missing from this current list of goals?**

_____
_____
_____
_____
_____
_____
_____

2. **Crime Prevention through Environmental Design principles include the following:**
    a. **Natural Surveillance** – Design of project to allow for bi-directional visibility.
    b. **Natural Access Controls** – Design of built environment which directs people and vehicles for access and circulation.
    c. **Territorial Reinforcement** – Design of the built environment that clearly shows ownership of an area.
    d. **Social Management** – The activation of public spaces to build community ownership.
    e. **Maintenance** – The long-term upkeep and repair of buildings and surrounding property.

Please rank these principles in order of importance:

_____ Natural Surveillance

_____ Natural Access Controls

_____ Territorial Reinforcement

_____ Social Management

_____ Maintenance

_____ The are all equally important in the design of new spaces and assessment of existing spaces

3. **Are there alternative funding sources that you would like the team to look into?**

_____

_____

_____

4. **The following is a list of core essential services currently offered (or may be offered) by the Town of Brownsburg Parks:**
    a. Before & After School Enrichment (B.A.S.E & PEAK (Middle School))
    b. Fitness, Wellness, & Sports
    c. Outdoor Adventure/Nature Programs
    d. Community and Special Events
    e. Camps
    f. Active Adults (Senior Programming)
    g. Aquatics

    Are there any core essential services that you would like to see added to this list?

5. **What changes would you make to the Town of Brownsburg Parks?**

6. **What facility/amenity updates or additions do you feel are most important for the Town of Brownsburg Parks?**

	Type of Facility/Amenity	Important	Not Important
01.	Community Art		
02.	Community gardens		
03.	Multi-use sports fields		
04.	Disc golf		
05.	Dog park (fenced, off-leash)		
06.	Downhill winter recreation facility (ex: sledding hill)		
07.	Indoor aquatic center		
08.	Indoor multi-purpose activity courts		
09.	Community and neighborhood parks		
10.	Multi-use paved trails (hiking, biking, walking)		
11.	Multi-use unpaved trails (hiking, biking, walking)		
12.	Open space and conservation areas		
13.	Outdoor adventure park (e.g., climbing walls, ropes, swings, ziplines)		
14.	Outdoor amphitheater/outdoor performing arts venue		
15.	Outdoor aquatic center		
16.	Outdoor exercise/fitness equipment		
17.	Outdoor multi-use courts		
18.	Park equipment for all abilities/all ages		
19.	Picnic areas and shelters		
20.	Social spaces (i.e., fire pit social area or teenage socializing areas)		
21.	Splash pads		
22.	Playgrounds		
23.	Other (please specify):		

7. **Do you know about maintenance management standards and true costs for routine maintenance and upkeep of park and facilities for efficient planning in the future?**

_____Yes _____No

7a. What is the best way for you to receive this information?

_____
_____
_____

8. **Is there additional park land that you would like to see acquired or developed in or around the Town of Brownsburg?**

_____
_____
_____
_____
_____
_____

9. **Has your household participated in any of the following recreation programs offered or co-sponsored by Brownsburg Parks during the past 12 months?** [Check ALL that apply.]

____ (1) Before and After school Enrichment (B.A.S.E & P.E.A.K.)
____ (2) Fitness, Wellness, & Sports
____ (3) Outdoor Adventure/Nature Programs
____ (4) Community and Special Events (Blues in the 'Burg, July 4 Fireworks, Christmas Under the Stars)
____ (5) Camps
____ (6) Brownsburg Farmers Market
____ (7) Youth Programs
____ (8) None, my household does not participate in any programs
____ (9) Other_____

10. Please indicate how well your needs are being met for each of the programs listed below on a scale of 4 to 1, where 4 means your needs are "Fully Met," and 1 means your needs are "Not Met" at all. If you do not have a need for an item listed, please circle "9" for "No Need."

	Type of Program	Fully Met	Mostly Met	Partly Met	Not Met	No Need
01.	Adult fitness and wellness programs	4	3	2	1	9
02.	Adult sports leagues	4	3	2	1	9
03.	After school programs for youth	4	3	2	1	9
04.	Cultural enrichment programs/events	4	3	2	1	9
05.	Community special events	4	3	2	1	9
06.	Farmer's market	4	3	2	1	9
07.	Homeschool enrichment programming	4	3	2	1	9
08.	Outdoor education, nature camps, and programs	4	3	2	1	9
09.	Preschool programs/early childhood education	4	3	2	1	9
10.	Programs for adults with special needs	4	3	2	1	9
11.	Programs for youth with special needs	4	3	2	1	9
12.	Open Recreation Swimming	4	3	2	1	9
13.	Senior educational programs	4	3	2	1	9
14.	Senior fitness and wellness programs	4	3	2	1	9
15.	Senior trips	4	3	2	1	9
16.	STEAM (science, technology, engineering, arts, and mathematics)/tech classes	4	3	2	1	9
17.	Swim lessons	4	3	2	1	9
18.	Teen/tween programs and mentorship	4	3	2	1	9
19.	Water fitness programs/lap swimming	4	3	2	1	9
20.	Youth fitness and wellness programs	4	3	2	1	9
21.	Youth performing arts programs (e.g., dance, music, and theater)	4	3	2	1	9
22.	Youth sports programs and camps	4	3	2	1	9
23.	Youth visual arts and crafts programs	4	3	2	1	9
24	Other (please specify):	4	3	2	1	9

11. Which FOUR programs from the list in Question 10 are MOST IMPORTANT to your household?
[Write in your answers below using the numbers from the list in Question 10, or circle "NONE."]

1st: ____ 2nd: ____ 3rd: ____ 4th: ____ NONE

12. The following are major actions that the Town of Brownsburg could take to improve the Parks and Recreation system. Please indicate whether you would be very supportive, somewhat supportive, or not supportive of each action by circling the number next to the action.

	How supportive are you of having the Town of Brownsburg:	Very Supportive	Somewhat Supportive	Not Sure	Not Supportive
01.	Acquire open space for passive activities, i.e. trails, picnicking, etc.	4	3	2	1
02.	Acquire open space for trailhead parking, youth sport practice, playground equipment, etc.	4	3	2	1
03.	Upgrade existing parks (Arbuckle Acres Park, Williams Park)	4	3	2	1
04.	Upgrade existing trails	4	3	2	1
05.	Develop existing park properties (Lincolnwood Park)	4	3	2	1
06.	Develop additional splash pads	4	3	2	1
07.	Develop new walking/biking trails and connect existing trails	4	3	2	1
08.	Develop an indoor/outdoor swimming pool	4	3	2	1
09.	Other: _____	4	3	2	1

13. **Which THREE of these items are MOST IMPORTANT to your household to develop?** *[Write in your answers below using the numbers from the list in Question 12, or circle "NONE."]*

1st: ____ 2nd: ____ 3rd: ____ NONE

14. **Please share any additional comments that could assist Town of Brownsburg Parks with improving parks, trails, amenities, or recreation programs and services:**

Q2

Crime Prevention through Environmental Design principles include the following:a. Natural Surveillance – Design of project to allow for bi-directional visibility.b. Natural Access Controls – Design of built environment which directs people and vehicles for access and circulation.c. Territorial Reinforcement – Design of the built environment that clearly shows ownership of an area.d. Social Management – The activation of public spaces to build community ownership.e. Maintenance – The long-term upkeep and repair of buildings and surrounding property.Please rank these principles in order of importance:

Natural Surveillance	**1**
Natural Access Controls	**3**
Territorial Reinforcement	**5**
Social Management	**6**
Maintenance	**4**
The are all equally important in the design of new spaces and assessment of existing spaces	**2**

Q3

Are there alternative funding sources that you would like the team to look into?

Grants (matching or other)

Q4

The following is a list of core essential services currently offered (or may be offered) by the Town of Brownsburg Parks:a. Before & After School Enrichment (B.A.S.E & PEAK (Middle School))b. Fitness, Wellness, & Sportsc. Outdoor Adventure/Nature Programsd. Community and Special Eventse. Campsf. Active Adults (Senior Programming)g. AquaticsAre there any core essential services that you would like to see added to this list?

BASE needs to be managed / funded by BCSC.

Q5

What changes would you make to the Town of Brownsburg Parks?

BASE needs to be managed / funded by BCSC.

Q6

What facility/amenity updates or additions do you feel are most important for the Town of Brownsburg Parks?

Type of Facility/Amenity Important Not Important	**Not Important**
Community Art	**Important**
Community gardens	**Important**
Multi-use sports fields	**Important**
Disc golf	**Not Important**
Dog park (fenced, off-leash)	**Not Important**
Downhill winter recreation facility (ex: sledding hill)	**Important**
Indoor aquatic center	**Not Important**
Indoor multi-purpose activity courts	**Important**
Community and neighborhood parks	**Important**
Multi-use paved trails (hiking, biking, walking)	**Important**
Multi-use unpaved trails (hiking, biking, walking)	**Important**
Open space and conservation areas	**Important**
Outdoor adventure park (e.g., climbing walls, ropes, swings, ziplines)	**Important**
Outdoor amphitheater/outdoor performing arts venue	**Important**
Outdoor aquatic center	**Not Important**
Outdoor exercise/fitness equipment	**Important**
Outdoor multi-use courts	**Important**
Park equipment for all abilities/all ages	**Important**
Picnic areas and shelters	**Important**
Social spaces (i.e., fire pit social area or teenage socializing areas)	**Important**
Splash pads	**Not Important**
Playgrounds	**Important**

Q7 **Yes**

Do you know about maintenance management standards and true costs for routine maintenance and upkeep of park and facilities for efficient planning in the future?

Q8

What is the best way for you to receive this information?

Email

Q9

Is there additional park land that you would like to see acquired or developed in or around the Town of Brownsburg?

Tague Property/ Lincolnwood

Q10

Has your household participated in any of the following recreation programs offered or co-sponsored by Brownsburg Parks during the past 12 months? [Check ALL that apply.]

Before and After school Enrichment (B.A.S.E & P.E.A.K.)

,

Fitness, Wellness, & Sports,

Outdoor Adventure/Nature Programs,

Community and Special Events (Blues in the 'Burg, July 4 Fireworks, Christmas Under the Stars)

,

Brownsburg Farmers Market,

Youth Programs

Q11

Please indicate how well your needs are being met for each of the programs listed below on a scale of your needs are "Fully Met," and your needs are "Not Met" at all. If you do not have a need for an item listed, please select "No Need."

Adult fitness and wellness programs	**No Need**
After school programs for youth	**Mostly Met**
Community special events	**Fully Met**

Q12

Which FOUR programs from the list in Question 11 are MOST IMPORTANT to your household? [Write in your answers below using the numbers from the list in Question 11, or "NONE."]

Respondent skipped this question

Q13

The following are major actions that the Town of Brownsburg could take to improve the Parks and Recreation system. Please indicate whether you would be very supportive, somewhat supportive, or not supportive of each action by selecting next to the action.

Acquire open space for passive activities, i.e. trails, picnicking, etc.	**Not Supportive**
Acquire open space for trailhead parking, youth sport practice, playground equipment, etc.	**Not Supportive**
Upgrade existing parks (Arbuckle Acres Park, Williams Park)	**Somewhat Supportive**
Upgrade existing trails	**Somewhat Supportive**
Develop existing park properties (Lincolnwood Park)	**Very Supportive**
Develop additional splash pads	**Not Supportive**
Develop new walking/biking trails and connect existing trails	**Somewhat Supportive**
Develop an indoor/outdoor swimming pool	**Not Supportive**

Q14

Respondent skipped this question

Which THREE of these items are MOST IMPORTANT to your household to develop? [Write in your answers below using the numbers from the list in Question 13, or "NONE."]

Q15

Do you know about maintenance management standards and true costs for routine maintenance and upkeep of park and facilities for efficient planning in the future?

Q8

What is the best way for you to receive this information?

updates in meetings or emails

Q9

Is there additional park land that you would like to see acquired or developed in or around the Town of Brownsburg?

possibly, but no specific property in mind

Q10

Has your household participated in any of the following recreation programs offered or co-sponsored by Brownsburg Parks during the past 12 months? [Check ALL that apply.]

Community and Special Events (Blues in the 'Burg, July 4 Fireworks, Christmas Under the Stars)

,

Brownsburg Farmers Market

Q11

Please indicate how well your needs are being met for each of the programs listed below on a scale of your needs are "Fully Met," and your needs are "Not Met" at all. If you do not have a need for an item listed, please select "No Need."

Adult fitness and wellness programs	**Not Met**
Farmer's market	**Fully Met**
Outdoor education, nature camps, and programs	**Partly Met**
Youth fitness and wellness programs	**No Need**
Other (please specify):	this question has error in selecting items, does not save

Q12

Which FOUR programs from the list in Question 11 are MOST IMPORTANT to your household? [Write in your answers below using the numbers from the list in Question 11, or "NONE."]

1st	**5**
2nd	**4**
3rd	**1**
4th	**8**

Q13

The following are major actions that the Town of Brownsburg could take to improve the Parks and Recreation system. Please indicate whether you would be very supportive, somewhat supportive, or not supportive of each action by selecting next to the action.

Acquire open space for passive activities, i.e. trails, picnicking, etc.	**Somewhat Supportive**
Acquire open space for trailhead parking, youth sport practice, playground equipment, etc.	**Somewhat Supportive**
Upgrade existing parks (Arbuckle Acres Park, Williams Park)	**Somewhat Supportive**
Upgrade existing trails	**Somewhat Supportive**
Develop existing park properties (Lincolnwood Park)	**Very Supportive**
Develop additional splash pads	**Not Supportive**
Develop new walking/biking trails and connect existing trails	**Somewhat Supportive**
Develop an indoor/outdoor swimming pool	**Very Supportive**

Q14

Which THREE of these items are MOST IMPORTANT to your household to develop? [Write in your answers below using the numbers from the list in Question 13, or "NONE."]

1st	**2**
2nd	**5**
3rd	**8**

Q15 **Respondent skipped this question**

Please share any additional comments that could assist Town of Brownsburg Parks with improving parks, trails, amenities, or recreation programs and services:

STAKEHOLDER INTERVIEWS

The following results from stakeholder interviews are crucial for parks master planning. These insights capture diverse community needs and preferences, fostering inclusivity and ensuring the plan aligns effectively with community priorities.

1. **What are the greatest strengths of the Town of Brownsburg Parks?**

- Previously I would have said the vision. There was noticeable progress with the previous park's director—the commitment was evident. It is too early in the transition to the new leadership structure with the Town Council to share if this will continue to be a strength. My hope is the transition will be a smooth one.
- The Parks employees themselves are one of the great strengths. Everyone I have worked with seems to care greatly about the quality of our town parks, and has their eyes on ways to improve and expand our parks.
- The parks department in Brownsburg has had strong leadership for many years. Of the 8 park departments in Hendricks County 2 of them have park directors who previously worked for Brownsburg parks (not including Amber). Because of this strong leadership they've been able to recruit lots of volunteers to do work in the parks and on the trials.
- The greatest strengths are the dedicated personnel who work in the office day to day and Amber's promotion will lend strong focused leadership. Another great strength is the personnel who care for the landscape in the parks. The planting of native flowers and the general maintenance of the park grounds has improved with the rehire of the supervisor last year. I know there has been a focus on increasing trails and adding park spaces and dog parks but my experience mostly with Williams and Arbuckle and flower pots maintenance t the Lions building and the office.
- Community engagement, variety of programming.

2. **How would you rate the maintenance within Town of Brownsburg Parks?**

- I would rate it as GOOD. There is community engagement on big projects to optimize available budget funds. I think the team does the best it can with the budget. To receive an EXCELLENT, more funds would need to be allocated and/or raised.
- Good. Generally, parks are clean and the facilities are in good shape. I have observed that the splash pad at Williams Park is often not operating; not sure if this is a maintenance issue, but it is a definite negative in this category.
- The parks appear to be well maintained.
- As pointed out it has been outstanding. Might need more personnel to handle all the additional spaces.
- Sorry, I can't speak to that.
- Safe Family Environment to conduct outdoor activities to promote mental and physical health, while promoting core family values.

3. **Is the parks department engaged in partnerships that add great value to the system? In what ways do you believe this can grow?**

- Unfortunately there have been limited partnerships with the school corporation, which I believe has more potential.
- I really don't know too much about this. There seems to be good synergy between the parks department and the B&O trail association. And I know that they interact with the Hendricks County Parks Foundation.
- I can only speak to how they partner with the Parks Foundation of Hendricks County. We have had a great partnership. They've been great to work with on the Summer Fun Run Series and they submit quality grant applications. I can't speak to other partnerships.

- Only engagement that I have marginal knowledge of the engagement with the Lions building as my husband is a member. I would leave someone from the Lions club to address any issues.
- I see that the Parks are involved in many different partnership and are growing regularly.
- My knowledge may be limited to all their partnerships, but would say yes, based upon my knowledge of their partnership with the School Corporation with the Base Program, and with our agency in the annual Youth Police and Fire Summer Camp.

4. How would you rate the trail connectivity between park amenities in Brownsburg?

- Good and getting better.
- It's lacking. We need trails to connect the B&O trail, Williams Park, Arbuckle Park, and the new Lincoln Park.
- The B&O Trail is a huge amenity and appears to be well maintained. I think everyone would like to see the expansion of the White Lick Creek Trail. Other towns have tried to connect their part of the trail to the next town over…would like to see Brownsburg try and connect it to another town. Would also like to see Brownsburg build a park that is north of 74.
- I am not sure of the park connections as I haven't used them this year. I know they have been expanded.
- I can't speak to this.
- While the parks has the B and O Trail system in our community, I would rate the overall parks connectivity low, as several locations do not have connectivity such as Arbuckle Park, Williams Park, and Lincolnwood Park.

5. How would you rate the Brownsburg Parks Programs and Events? Are there improvements needed?

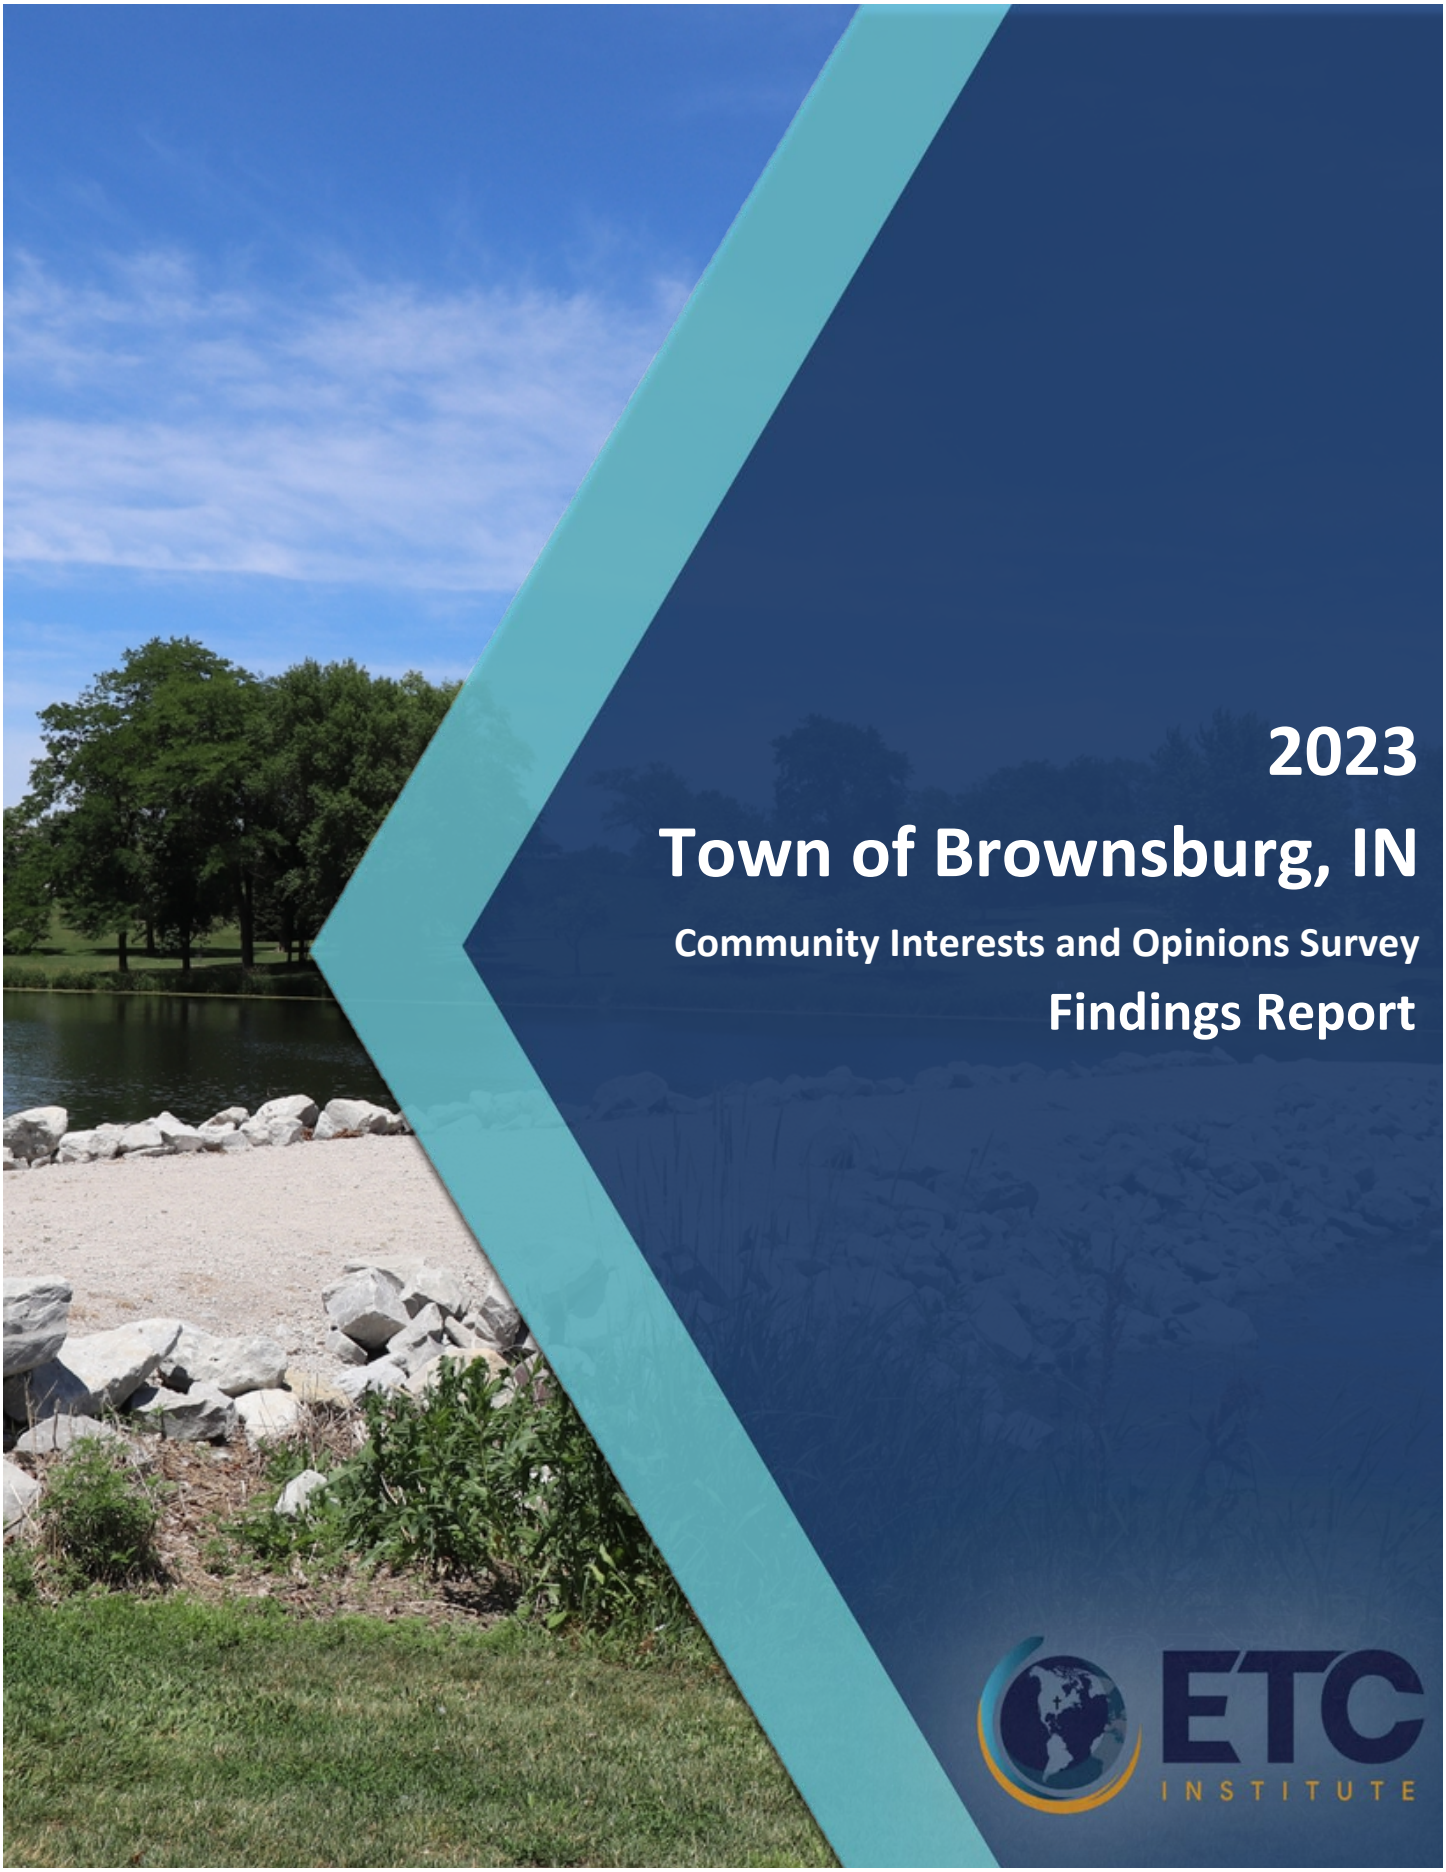

- I appreciate the different concerts and events. Clearly the PD listens and responds to those who participate in the various programs.
- I have not participated in many of the Programs and Events. They seem to be numerous and well-attended, so I would give them a high rating.
- The programs they offer are solid. The staff clearly work hard to make the events happen.
- Seems like the park has many activities and I a do not attend many of them but they seem to be well attended by others. Would like to see some more activities that allow local artists to display and sell their art. Perhaps an art fair or something else. The idea of a rec center has been kicked around for several years with lots of consultant money spent with no results. That has been frustrating. The water park at Williams has been great when I have my grandkids visiting but sometimes rather crowded. When we go to the pool we go to Danville, Avon or Plainfield or the YMCA. The pool at the high school has limited open hours for the community and very cold from what I hear. I used to attend the yoga and exercise classes at the parks but have not since the previous instructor left and does some on line classes where some of the previous attendees still participate. I have not been to the current classes so can not comment on them. Perhaps some focus on the more mature participants in activities. Most of the activities focus on other ages and some of the older residents do partake in them. There have been wheelchair improvements for some of the concerts I have noted which is a great forward move. Seems like the older resident seek classes elsewhere online, Connection church and other places. There may be others but the offerings in town seem rather scattered and not always known by the town residents. Not sure the parks needs to offer everything but maybe a focus on where classes etc. for the older adult exist. This might be a focused alliance that to my knowledge doesn't exist or at least I don no know about it focused in one place.
- It seems like there is a shortage of large-scale community events in Brownsburg. The Farmer's Market and Jazz event are the two that come to mind. I would like to see other community events at the Parks to encourage engagement in Brownsburg.
- Parks Department has a wide range of programs and events, which I would rate above average.

1 Executive Summary

2023 Town of Brownsburg Community Interest and Opinion Survey Executive Summary

Overview

ETC Institute administered a community interest and opinion survey for the Town of Brownsburg during the summer months of 2023. The survey will help determine priorities for park and recreation facilities for the community.

Methodology

ETC Institute mailed a survey packet to a random sample of households in Brownsburg. Each survey packet contained a cover letter, a copy of the survey, and a postage-paid return envelope. Residents who received the survey were given the option of returning the survey by mail or completing it online at *BrownsburgSurvey.org*.

After the surveys were mailed, ETC Institute followed up with residents to encourage participation. To prevent people who were not residents of Brownsburg from participating, everyone who completed the survey online was required to enter their home address prior to submitting the survey. ETC Institute then matched the addresses that were entered online with the addresses that were originally selected for the random sample. If the address from a survey completed online did not match one of the addresses selected for the sample, the online survey was not included in the final database for this report.

The goal was to collect a minimum of 375 completed surveys from residents. The goal was exceeded with 446 completed surveys collected. The overall results for the sample of 446 households have a precision of at least +/-4.5 at the 95% level of confidence.

This report contains the following:

- Charts showing the overall results of the survey (Section 2)
- Priority Investment Rating (PIR) that identifies priorities for facilities and programs (Section 3)
- Benchmarks comparing data from Brownsburg to national averages (Section 4)
- Importance-Satisfaction Analysis that helps identifies priorities for improvements and investments (Section 5)
- Tabular data showing the overall results for all questions on the survey (Section 6)
- Answers to open-ended questions (Section 7)
- A copy of the cover letter and survey instrument (Section 8)

The major findings of the survey are summarized in the following pages.

Major Findings

Facilities/Parks Use Overview. Respondents were provided with a list of 11 Brownsburg parks and facilities and asked to indicate which locations they had visited over the past year. Arbuckle Acres Park (78%), Williams Park (69%), and B&O Trail (52%) were the three parks/facilities visited most by respondents. Respondents who had visited the facilities/parks were then asked to rate their level of satisfaction. Respondents were most satisfied (rating "satisfied" or "very satisfied") with B&O Trail (95%), Stephens Park (94%), and Arbuckle Acres Park (93%). Each of the facilities/parks received mostly satisfactory ratings. Respondents were then asked to select the three facilities/parks their household had used most over the last year. Arbuckle Acres Park (71%), Williams Park (61%), and B&O Trail (41%) were selected most often. Most respondents (95%) rated the overall condition of parks as either excellent (45%) or good (50%).

Value from Brownsburg Parks. Most respondents (68%) feel either somewhat satisfied (43%) or very satisfied (25%) with the overall value their household receives from Brownsburg Parks.

Services Satisfaction. Respondents were provided with a list of 13 parks and recreation services offered by Brownsburg Parks and asked to rate their level of satisfaction. Respondents were most satisfied (rating "satisfied" or "very satisfied") with the maintenance of parks (84%), acres of parks (73%), and miles of walking/biking trails (67%). Respondents most often thought Brownsburg Parks should prioritize the maintenance of parks (43%), miles of walking/biking trails (38%), and special events (26%). An importance-satisfaction analysis was performed on these questions and can be found in Section 5 of this report.

Program Overview. Thirty-one percent (31%) of respondents report participating in recreation programs offered by Brownsburg Parks in the last year. Of those respondents who participated, over half (59%) report participating in 2-3 programs/events. The highest percentage of respondents (73%) report participating in community and special events followed by the Brownsburg Farmers Market (71%). Most respondents (93%) rated the overall quality of recreation programs/activities they have participated in as either excellent (39%) or good (54%). Most respondents (93%) also think the overall value for the cost of programs is either excellent (46%) or good (47%).

Participation Overview. Respondents say the three primary reasons they chose to participate were the location of the program facility (80%), times the program was offered (39%), and quality of the program facility and dates the programs were offered (33%). Respondents were asked to select all the reasons that prevent their household from using parks/recreation facilities more often. Lack of desired features (13%) and lack of restrooms (13%) were the most often listed barriers. Respondents were prevented from participating in recreation programs/activities more often due to not knowing what was offered (28%), lack of interest (19%), or inconvenient program times (16%).

Organizations and Parks Used. Respondents were asked to select all of the organizations their household had used for recreation and sports activities over the past year. Brownsburg Parks and Recreation (71%), Indiana state parks/lakes/reservoirs (60%), and neighboring cities (49%) were the three organizations used most. The three parks/facilities most often used over the past year by respondents were Indy Parks (48%), Hendricks County Parks (41%), and Washington Township (Avon) Parks (34%).

Communication Methods. Respondents most often report learning about Brownsburg Park's projects/programs/events via the parks and recreation department mailer (65%), social media (61%), or word of mouth (41%). Respondents would most often prefer communication via mailer to their home (76%), social media (64%), or the Brownsburg Parks website (52%).

Support for Developments/Improvements. Respondents were provided with a list of nine potential actions Brownsburg Parks could take to improve parks and facilities and asked to rate their level of support. Respondents most supported (rating "somewhat supportive" or "very supportive") upgrades to existing parks (82%), developing new walking/biking trails and connecting existing trails (79%), upgrading existing trails (76%), and acquiring open space for passive activities (76%). The three items most important to respondent households were developing an indoor/outdoor swimming pool (52%), upgrading existing parks (38%), and developing new walking/biking trails and connecting existing trails (36%).

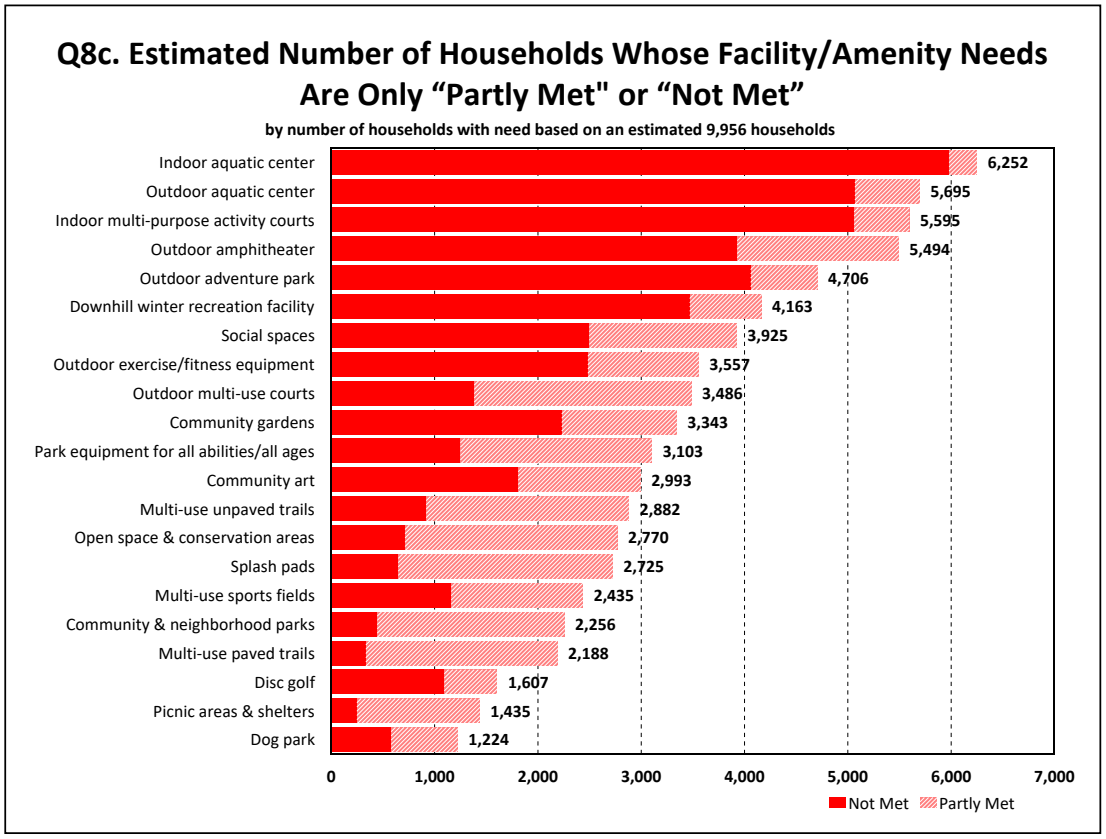

Recreation Facilities/Amenities Needs and Priorities

Amenity/Facility Needs: Respondents were asked to identify if their household had a need for 21 facilities/amenities and to rate how well their needs for each were currently being met. Based on this analysis, ETC Institute was able to estimate the number of households in the community that had the greatest "unmet" need for various facilities/amenities.

The three amenities/facilities with the highest percentage of households that have an unmet need:

1. Indoor aquatic center – 6,252 households
2. Outdoor aquatic center – 5,695 households
3. Indoor multi-purpose activity courts – 5,595 households

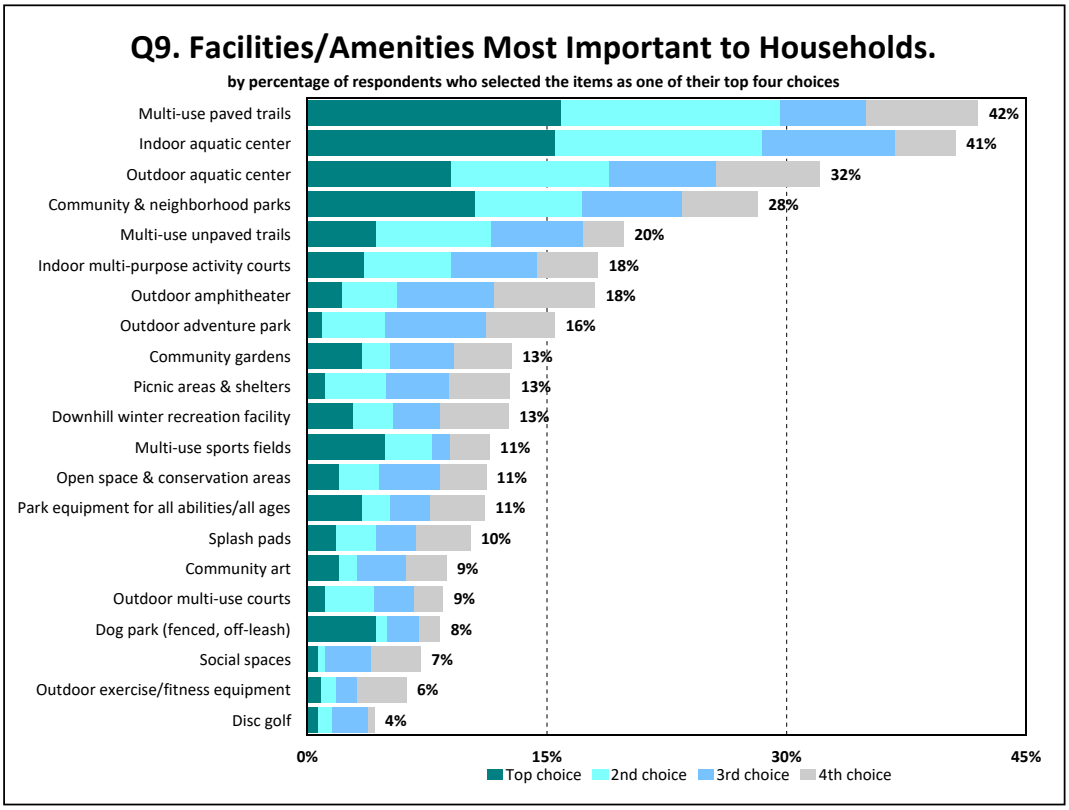

The estimated number of households that have unmet needs for each of the 21 facilities/amenities assessed is shown in the chart below.

Amenities/Facilities Importance: In addition to assessing the needs for each amenity/facility, ETC Institute also assessed the importance that residents placed on each item. Based on the sum of respondents' top four choices, these were the four amenities/facilities ranked most important to residents:

1. Multi-use paved trails (42%)
2. Indoor aquatic center (41%)
3. Outdoor aquatic center (32%)
4. Community and neighborhood parks (28%)

The percentage of residents who selected each amenity/facility as one of their top four choices is shown in the chart below.

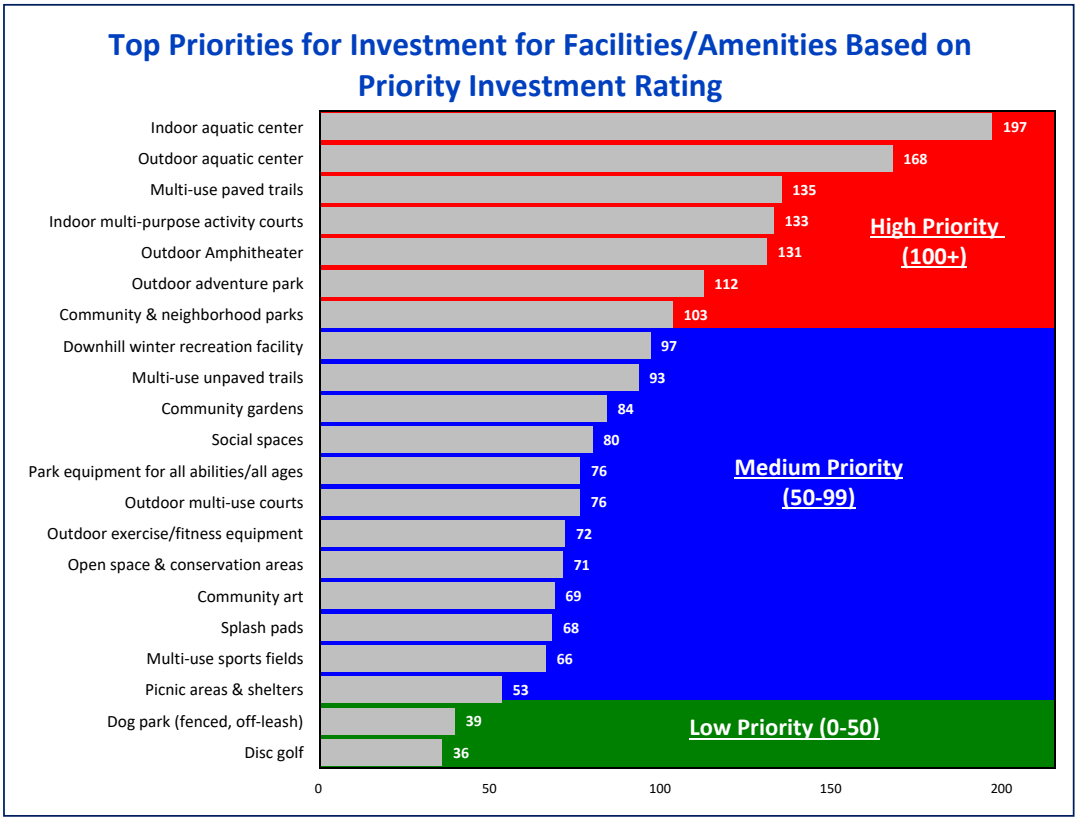

Priorities for Facility Investments: The **Priority Investment Rating (PIR)** was developed by ETC Institute to provide organizations with an objective tool for evaluating the priority that should be placed on recreation and parks investments. The Priority Investment Rating (PIR) equally weighs (1) the importance that residents place on amenities/facilities and (2) how many residents have unmet needs for the amenity/facility. [Details regarding the methodology for this analysis are provided in Section 3 of this report.]

Based the Priority Investment Rating (PIR), the following amenities/facilities were rated as high priorities for investment:

- Indoor aquatic center (PIR=197)
- Outdoor aquatic center (PIR=168)
- Multi-use paved trails (PIR=135)
- Indoor multi-purpose activity courts (PIR=133)
- Outdoor amphitheater (PIR=131)
- Outdoor adventure park (PIR=112)
- Community and neighborhood parks (PIR=103)

The chart below shows the Priority Investment Rating for each of the 21 facilities/parks assessed on the survey.

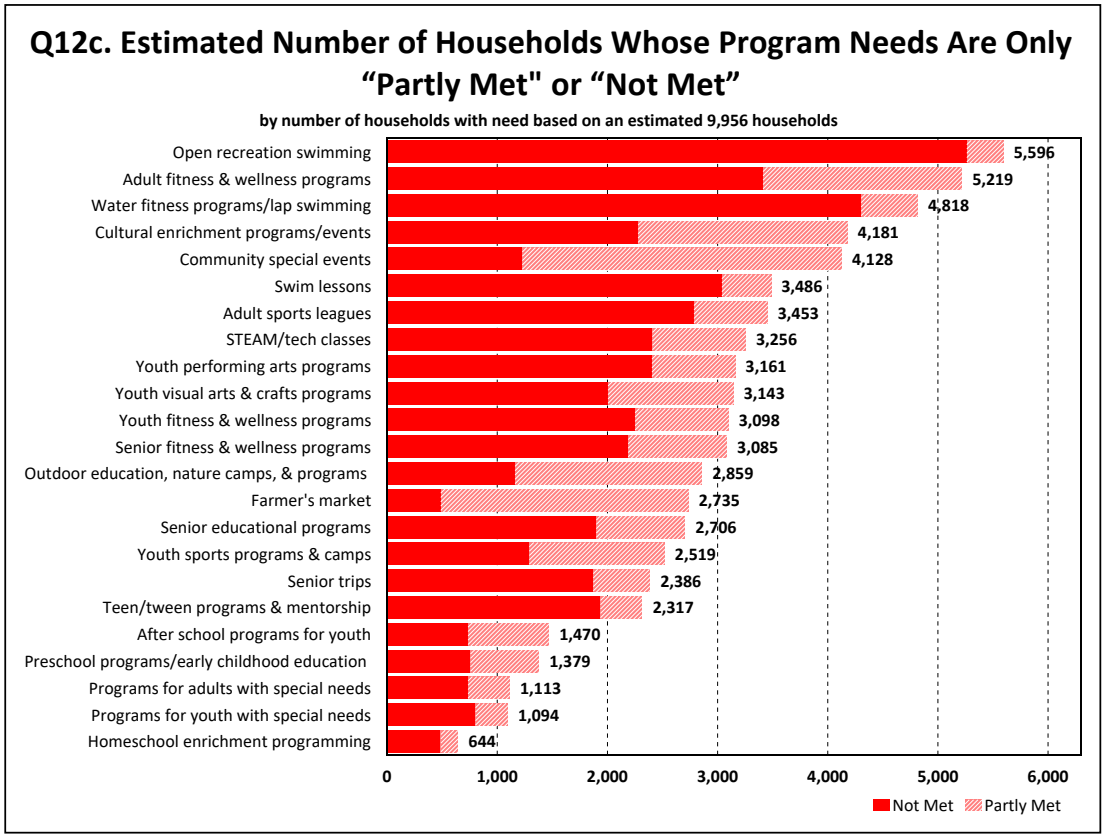

Recreation Program Needs and Priorities

Program Needs: Respondents were asked to identify if their household had a need for 23 programs and to rate how well their needs for each were currently being met. Based on this analysis, ETC Institute was able to estimate the number of households in the community that had the greatest "unmet" need for various programs.

The three programs with the highest percentage of households that have an unmet need:

1. Open recreation swimming – 5,596 households
2. Adult fitness and wellness programs – 5,219 households
3. Water fitness programs/lap swimming – 4,818 households

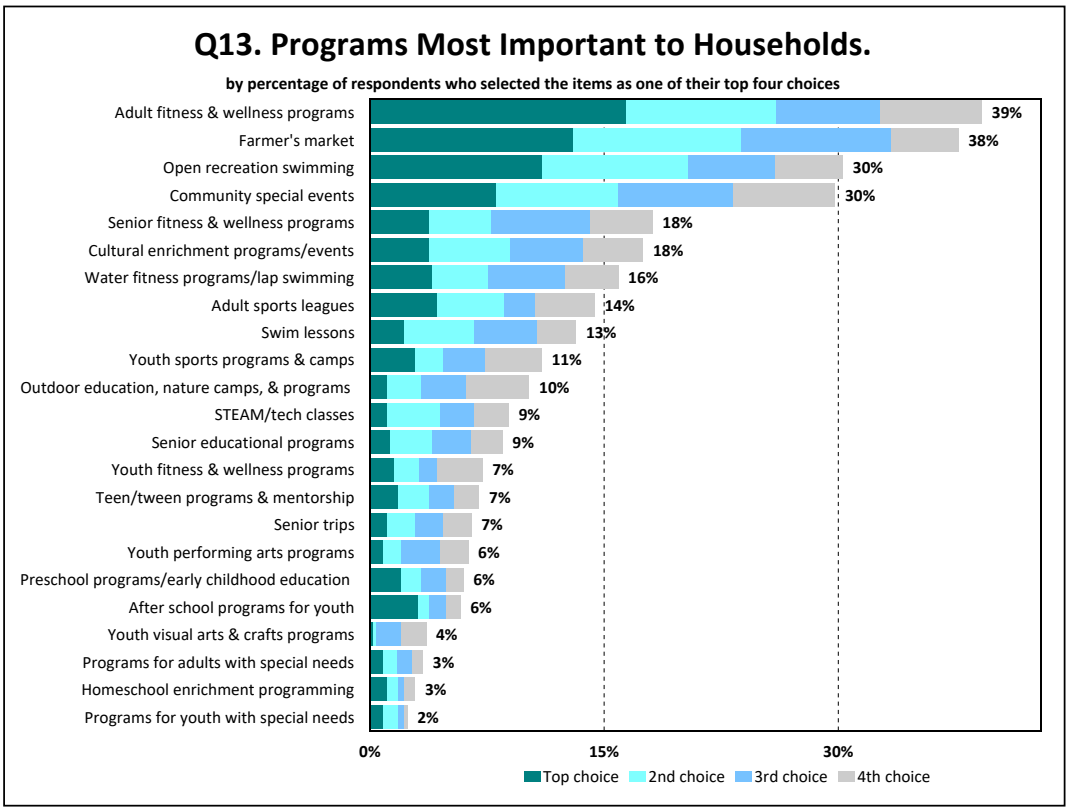

The estimated number of households that have unmet needs for each of the 23 programs assessed is shown in the chart below.

Programs Importance: In addition to assessing the needs for each program, ETC Institute also assessed the importance that residents placed on each item. Based on the sum of respondents' top four choices, these were the four programs ranked most important to residents:

1. Adult fitness and wellness programs (39%)
2. Farmers market (38%)
3. Open recreation swimming (30%)
4. Community special events (30%)

The percentage of residents who selected each program as one of their top four choices is shown in the chart below.

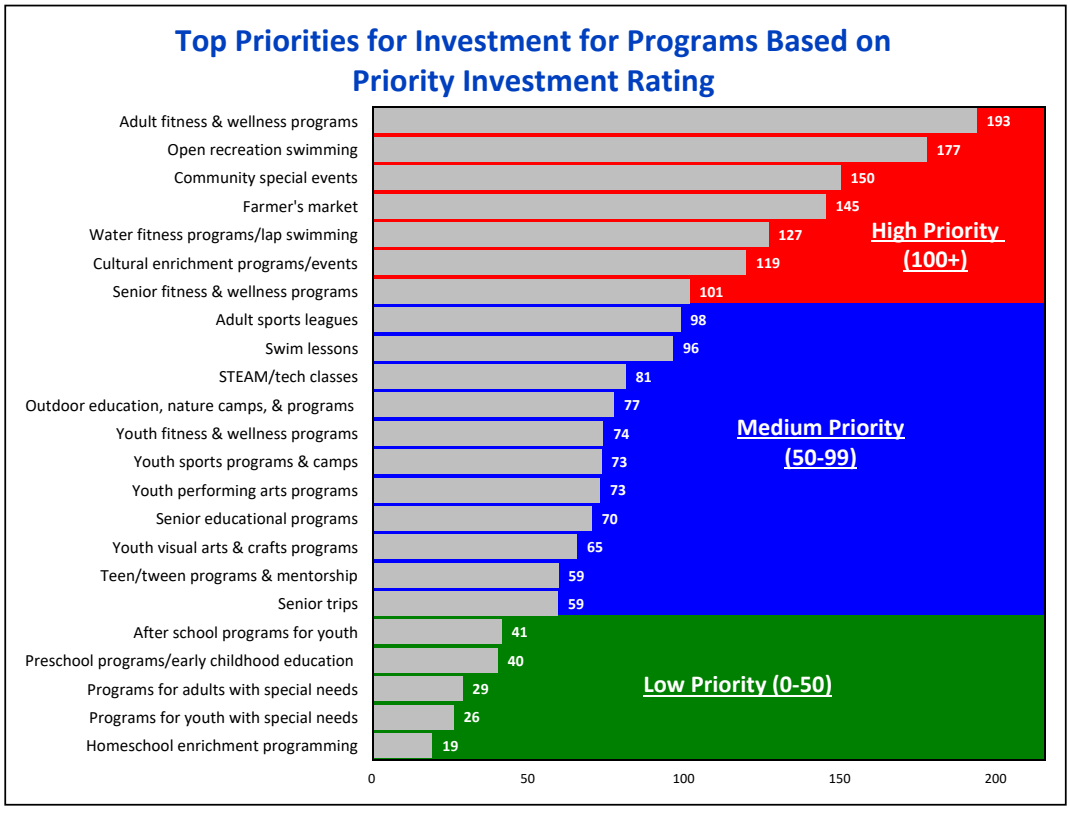

Priorities for Program Investments: The **Priority Investment Rating (PIR)** was developed by ETC Institute to provide organizations with an objective tool for evaluating the priority that should be placed on recreation and parks investments. The Priority Investment Rating (PIR) equally weighs (1) the importance that residents place on programs and (2) how many residents have unmet needs for the program. [Details regarding the methodology for this analysis are provided in Section 3 of this report.]

Based the Priority Investment Rating (PIR), the following programs were rated as high priorities for investment:

- Adult fitness & wellness programs (PIR=193)
- Open recreation swimming (PIR=177)
- Community special events (PIR=150)
- Farmer's market (PIR=145)
- Water fitness programs/lap swimming (PIR=127)
- Cultural enrichment programs/events (PIR=119)
- Senior fitness and wellness programs (PIR=101)

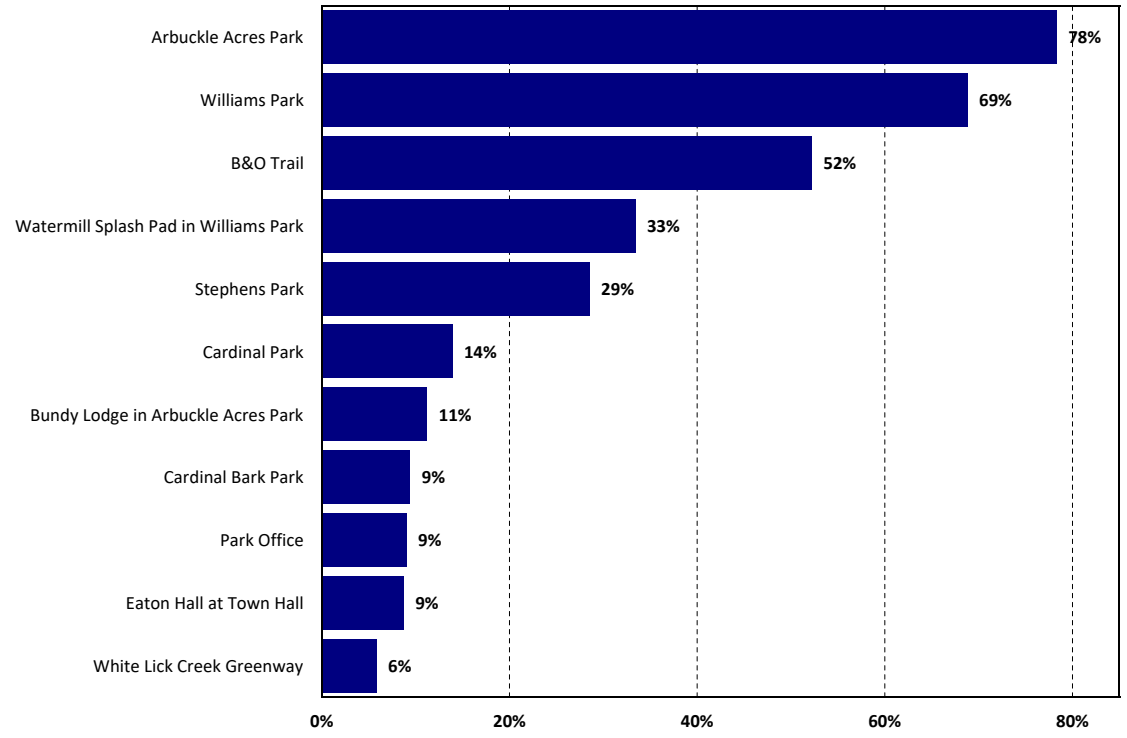

The chart below shows the Priority Investment Rating for each of the 23 programs assessed on the survey.

2 Charts & Graphs

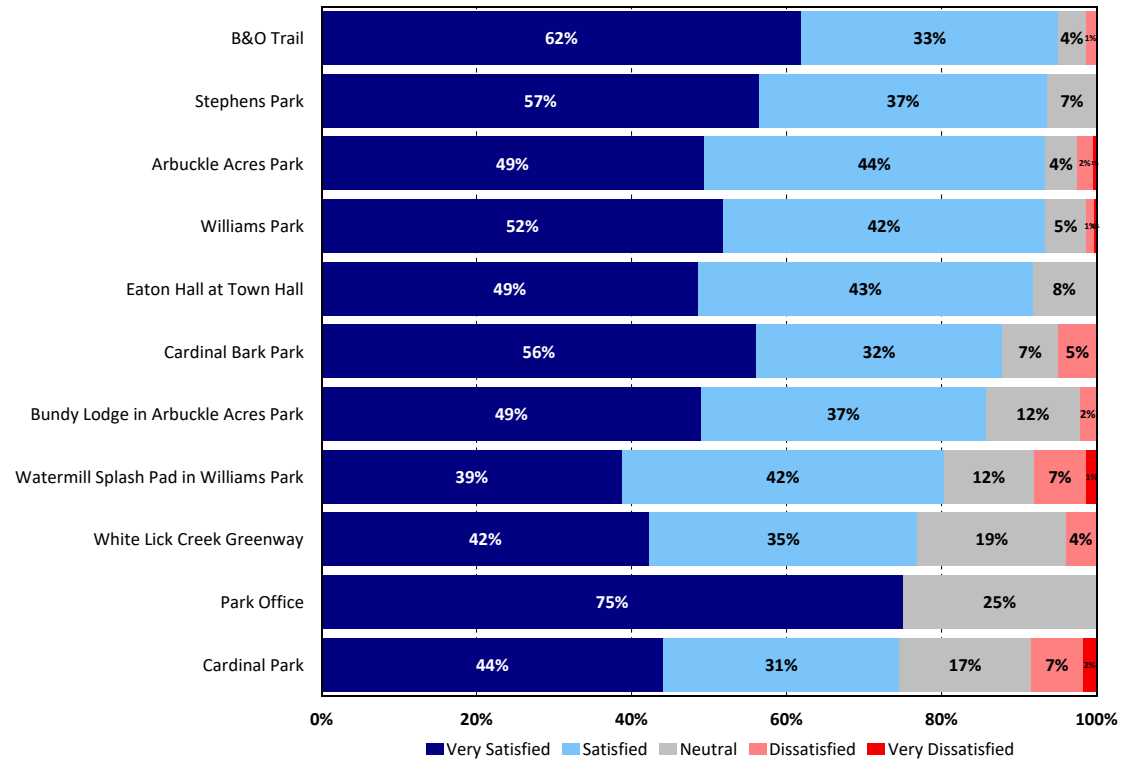

Q1. Please indicate if you/your household have used any of the following Brownsburg parks/facilities during the past 12 months.

by percentage of respondents (multiple selections could be made)

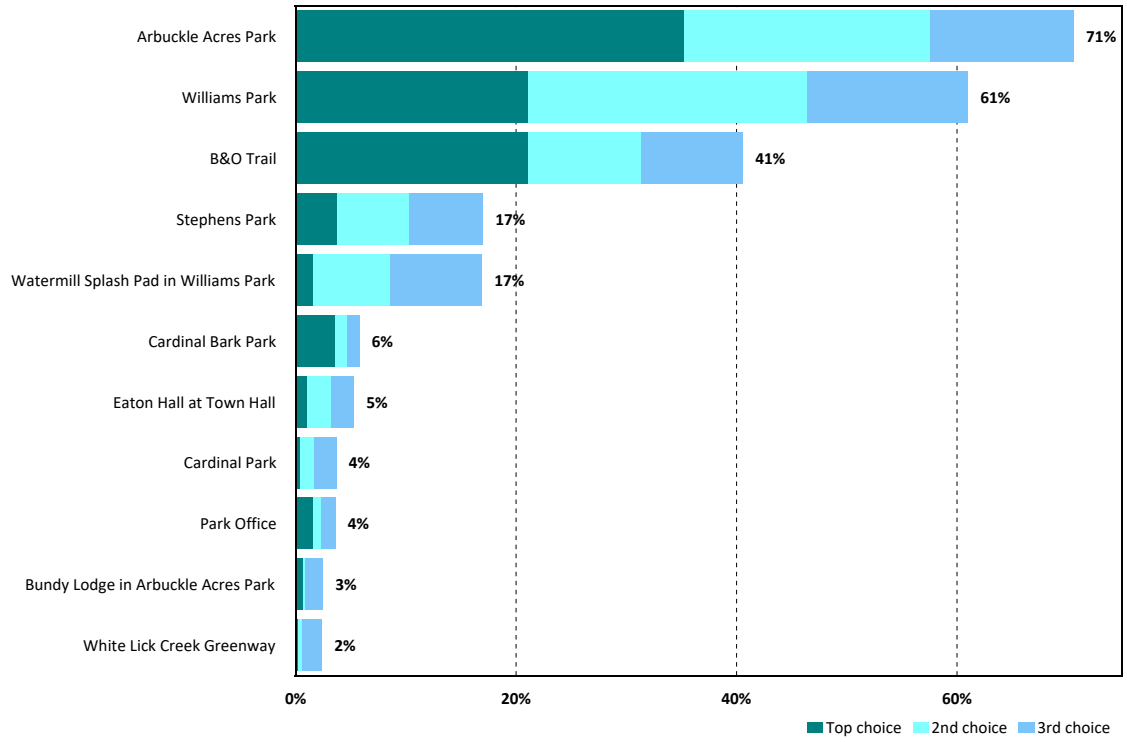

Q1. If "Yes", please rate your satisfaction.

by percentage of respondents (excluding "not provided")

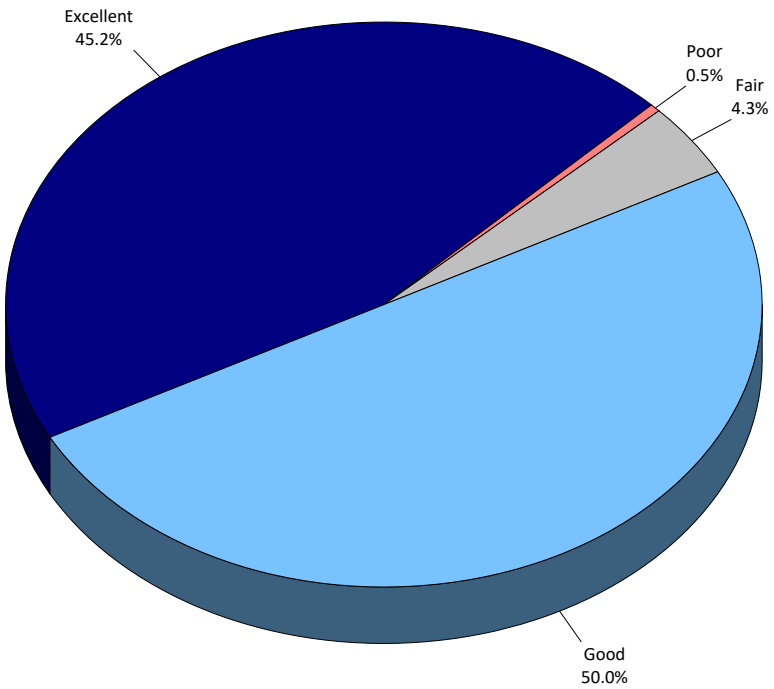

Q2. Which THREE of the parks/facilities listed in Question 1 have you/your household used the most during the past 12 months?

by percentage of respondents who selected the items as one of their top three choices

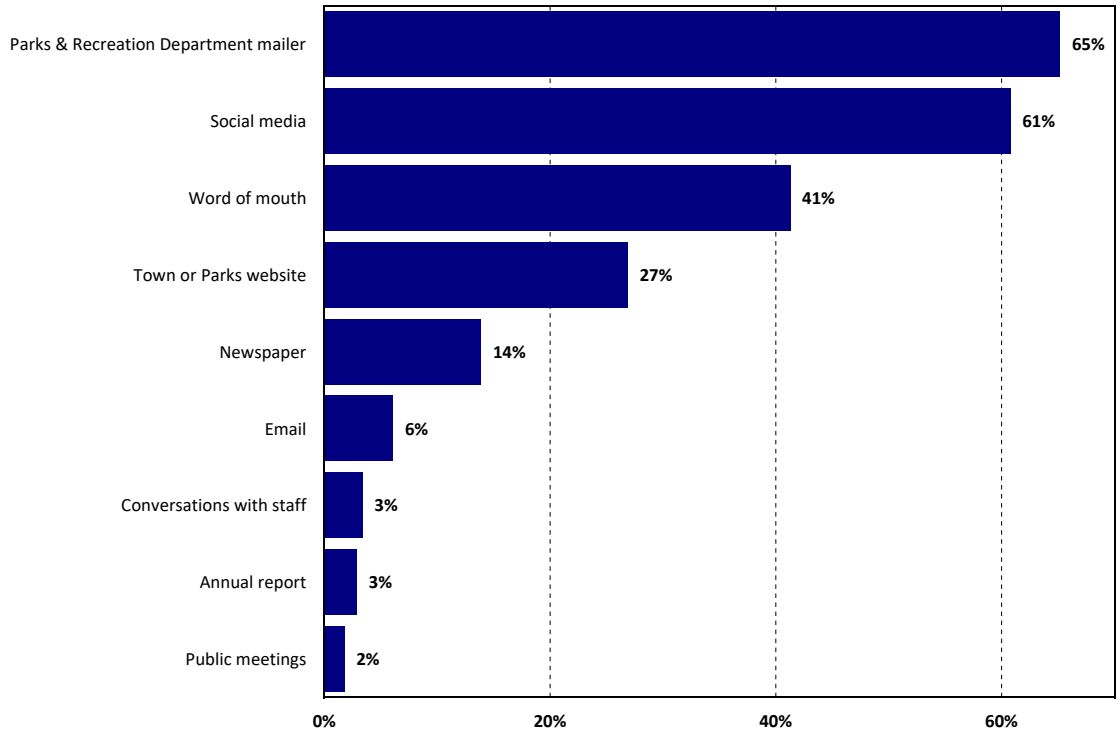

Q3. How would you rate the overall condition of all the parks you have visited?

by percentage of respondents (excluding "not provided")

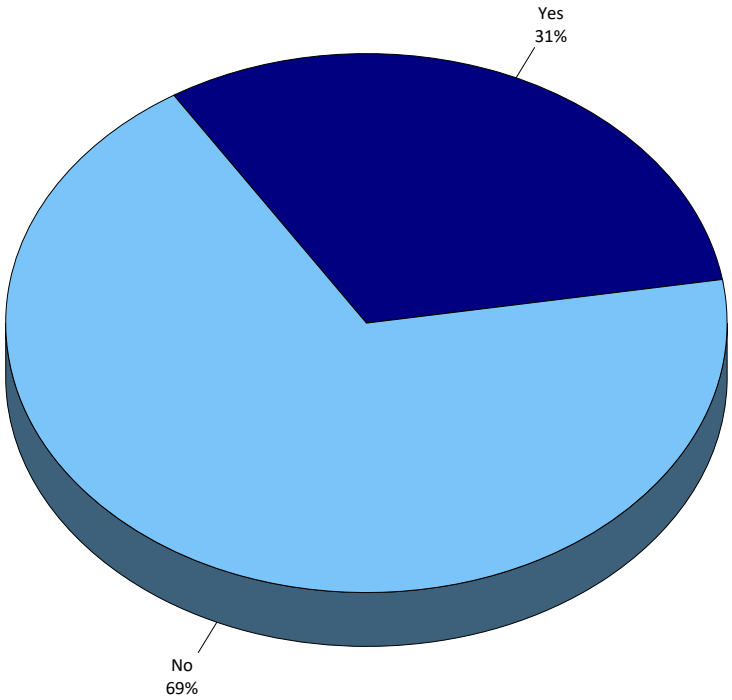

Q4. Please CHECK ALL the ways your household has learned about Brownsburg Park's projects/programs/events during the past 12 months.

by percentage of respondents (multiple selections could be made)

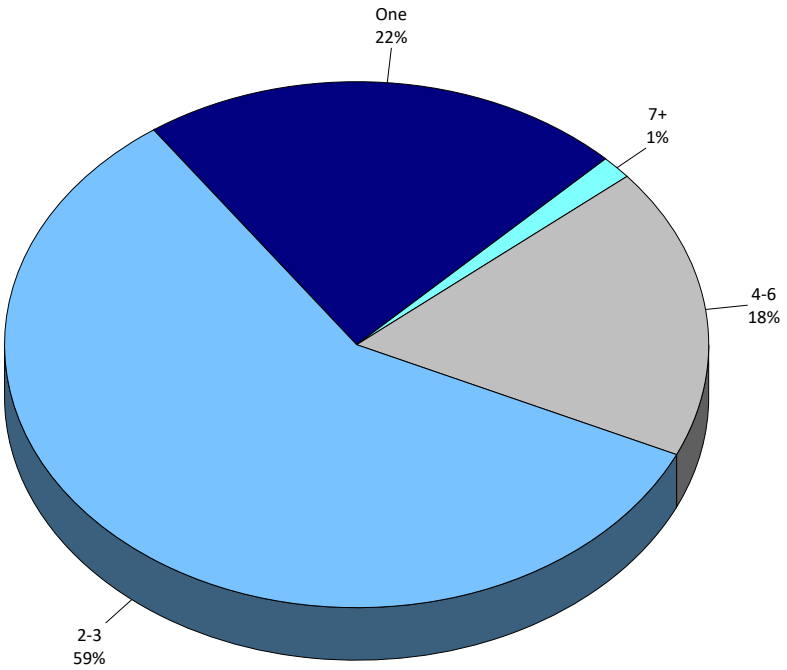

Q5. Has your household participated in any recreation programs/events offered by Brownsburg Parks during the past 12 months?

by percentage of respondents

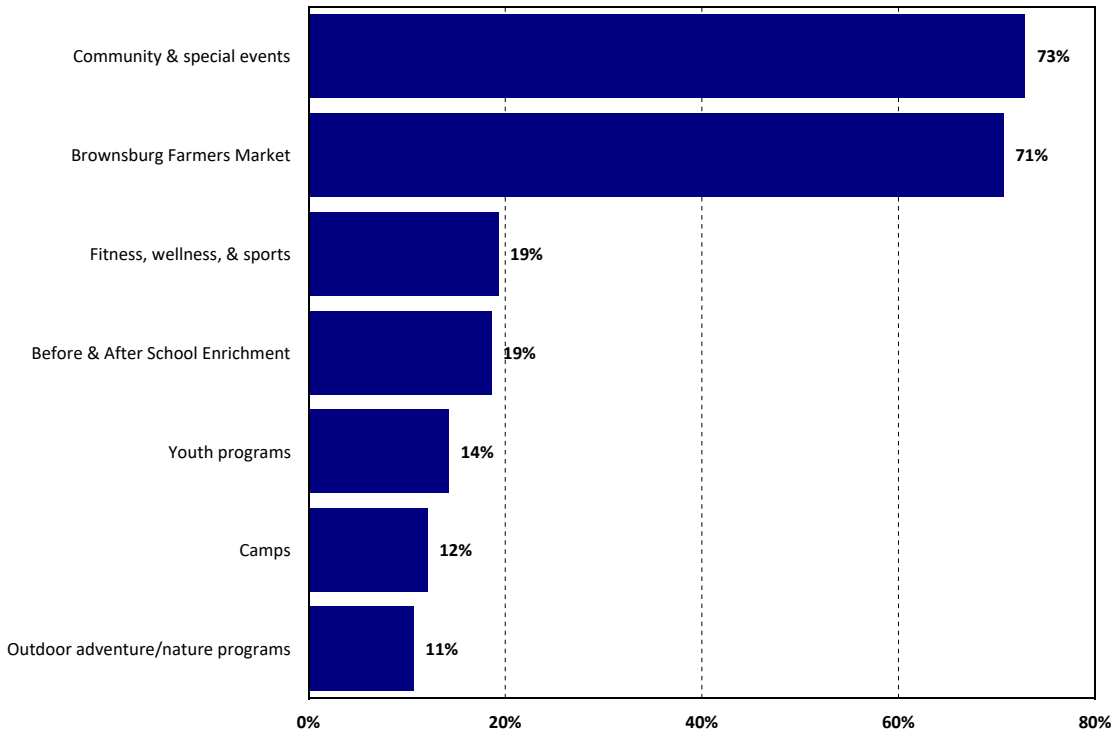

Q5a. How many recreation programs/events offered by Brownsburg Parks have you/your household participated in during the past 12 months?

by percentage of respondents (excluding "not provided")

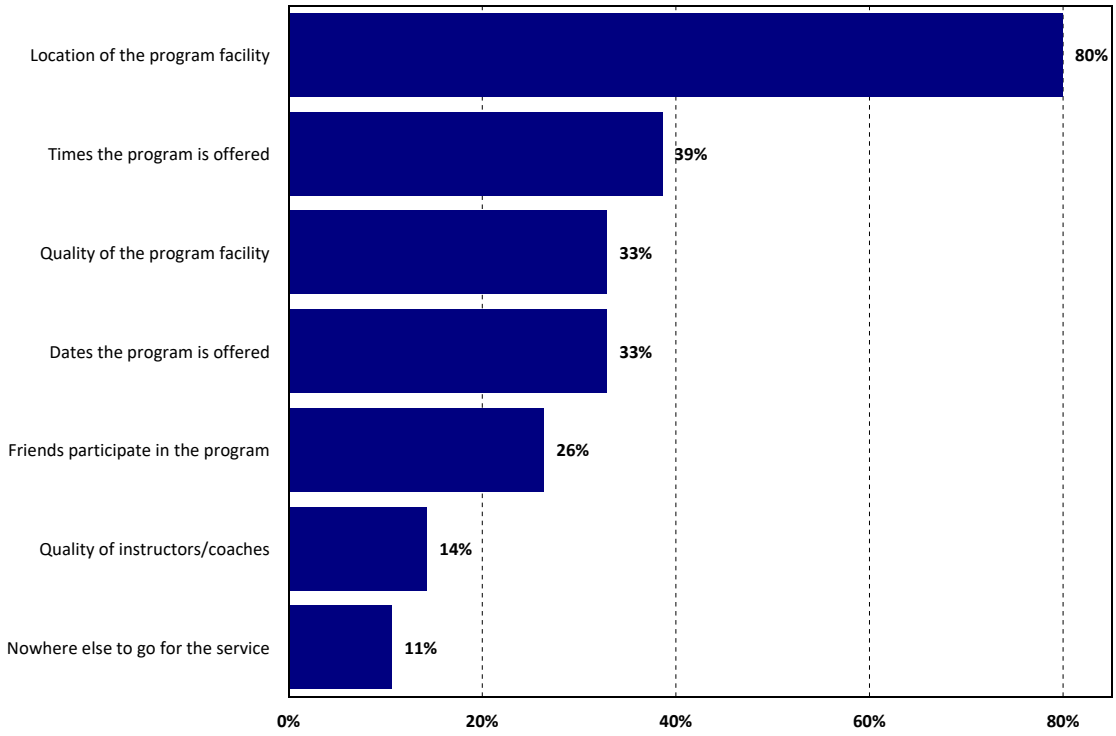

Q5b. Has your household participated in any of the following recreation programs offered or co-sponsored by Brownsburg Parks during the past 12 months?

by percentage of respondents (multiple selections could be made)

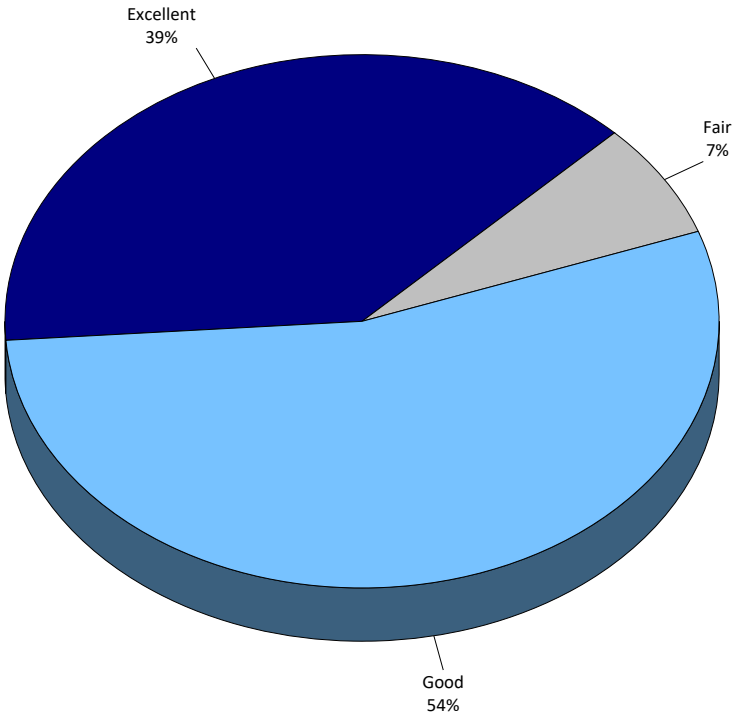

Q5c. Please check the THREE primary reasons why your household has participated in Brownsburg Parks recreational programs/activities.

by percentage of respondents (THREE selections could be made)

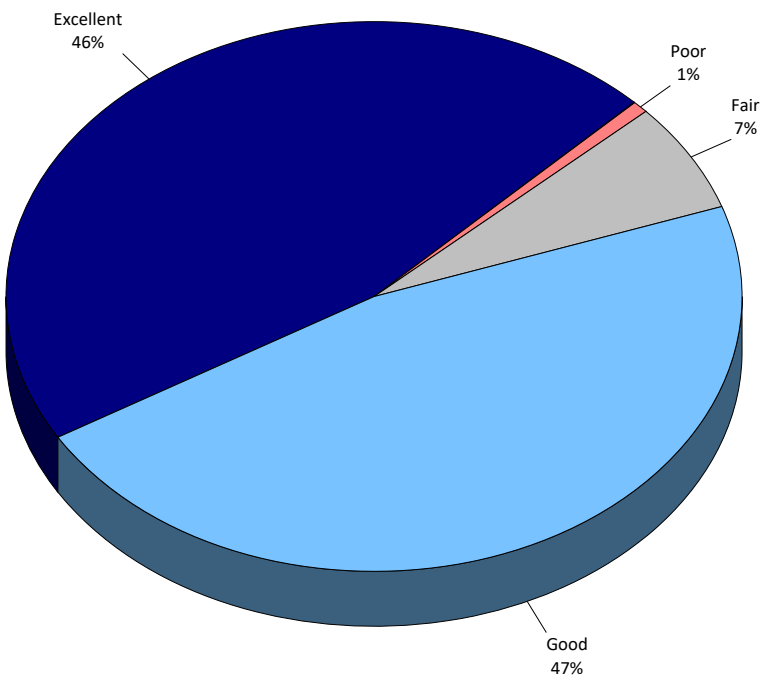

Q5d. How would you rate the overall quality of recreation programs/activities that you have participated in?

by percentage of respondents

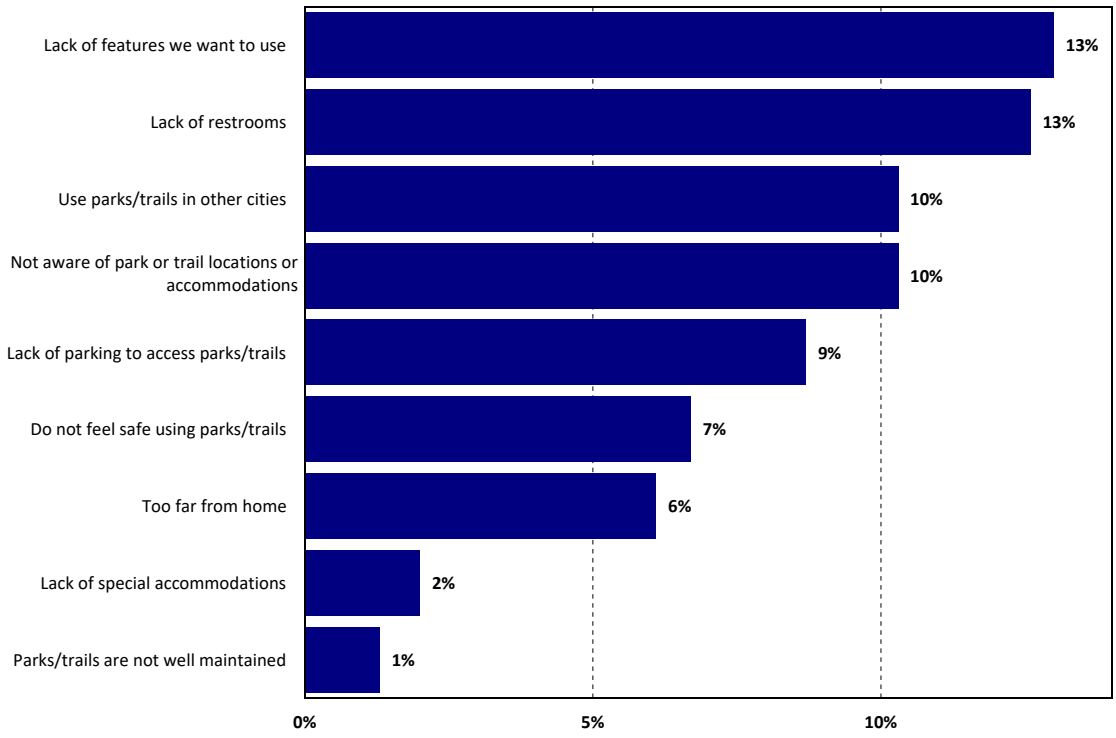

Q5e. How would you rate the overall value for the cost of programs that you have participated in?

by percentage of respondents (excluding "not provided")

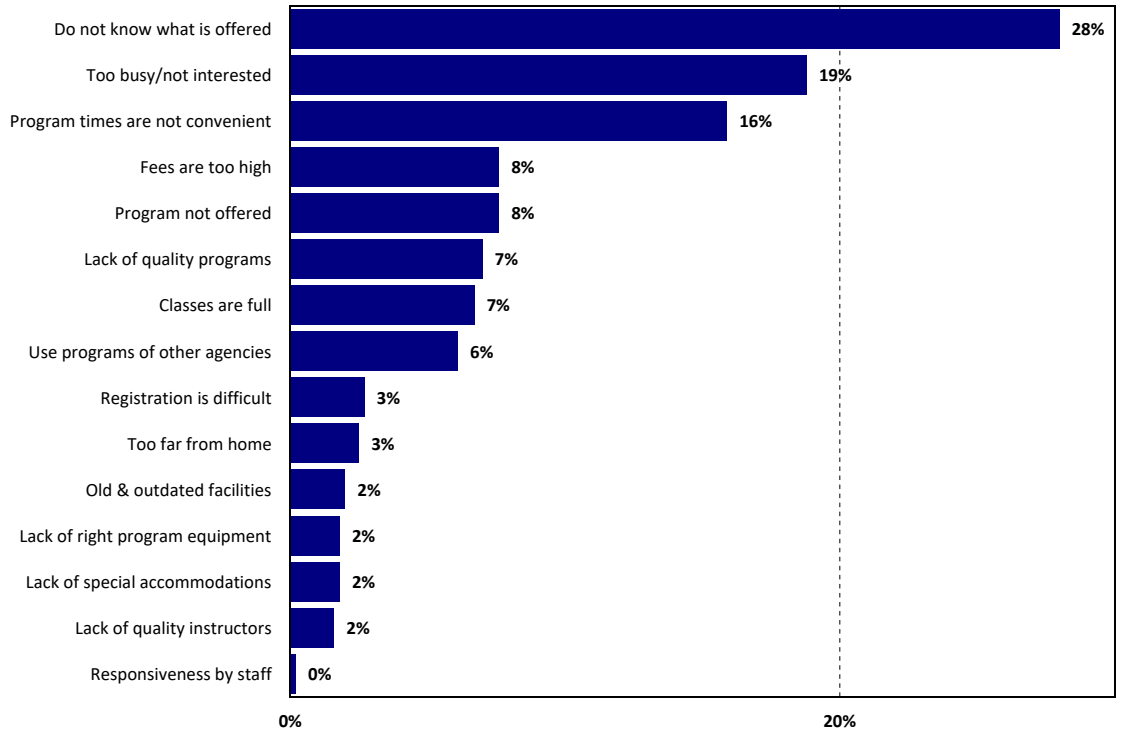

Q6. Please CHECK ALL the following reasons that have prevented you/your household from using Brownsburg parks/recreation facilities MORE OFTEN.

by percentage of respondents (multiple selections could be made)

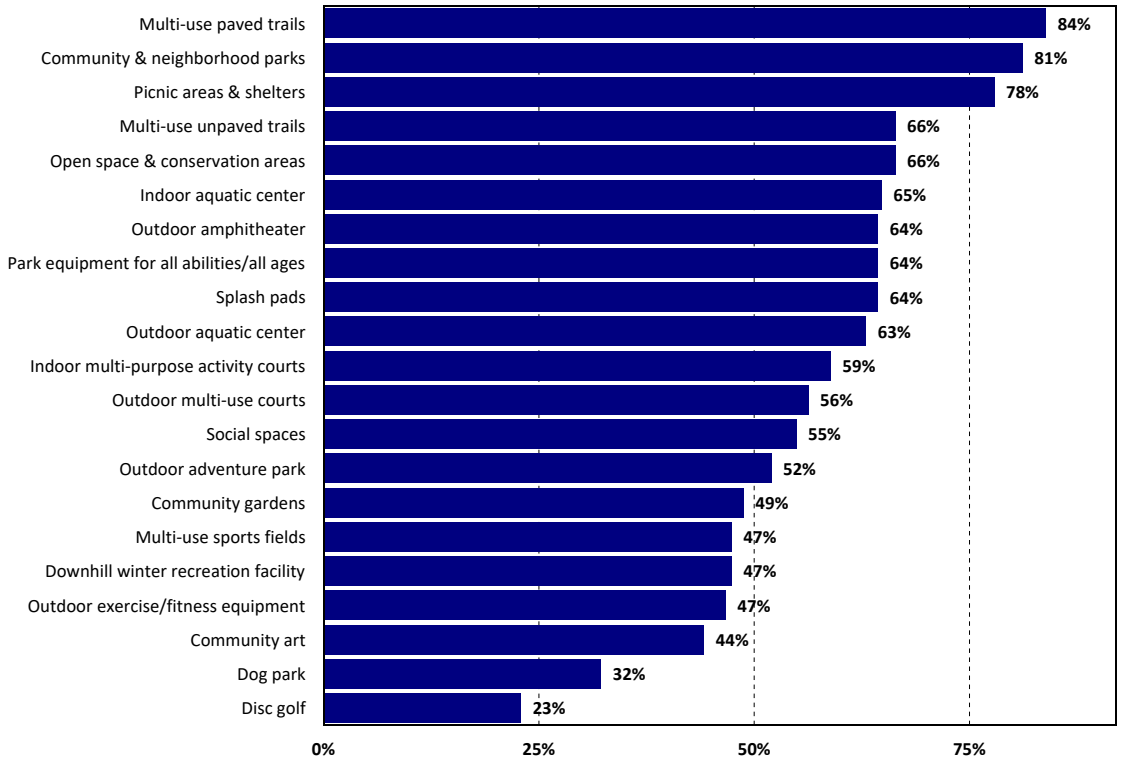

Q7. Please CHECK ALL the following reasons that prevent you/your household from using recreation programs/activities MORE OFTEN.

by percentage of respondents (multiple selections could be made)

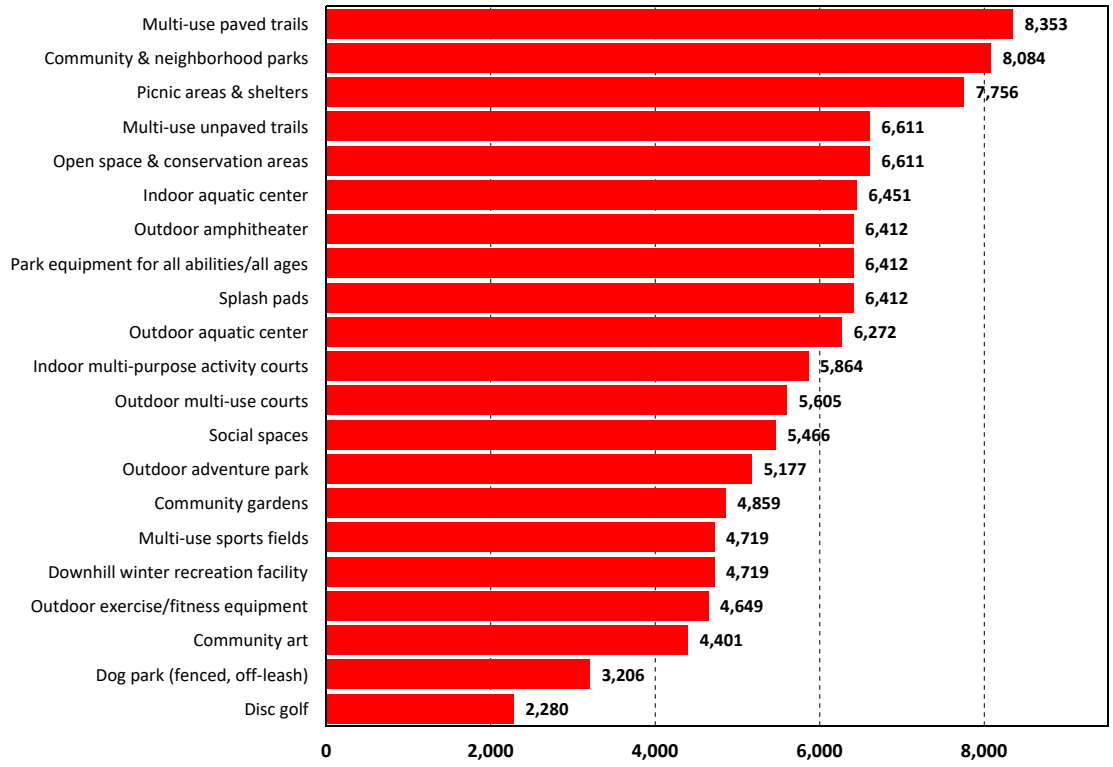

Q8. Need for Recreation Facilities or Amenities.

by percentage of respondents who indicated need

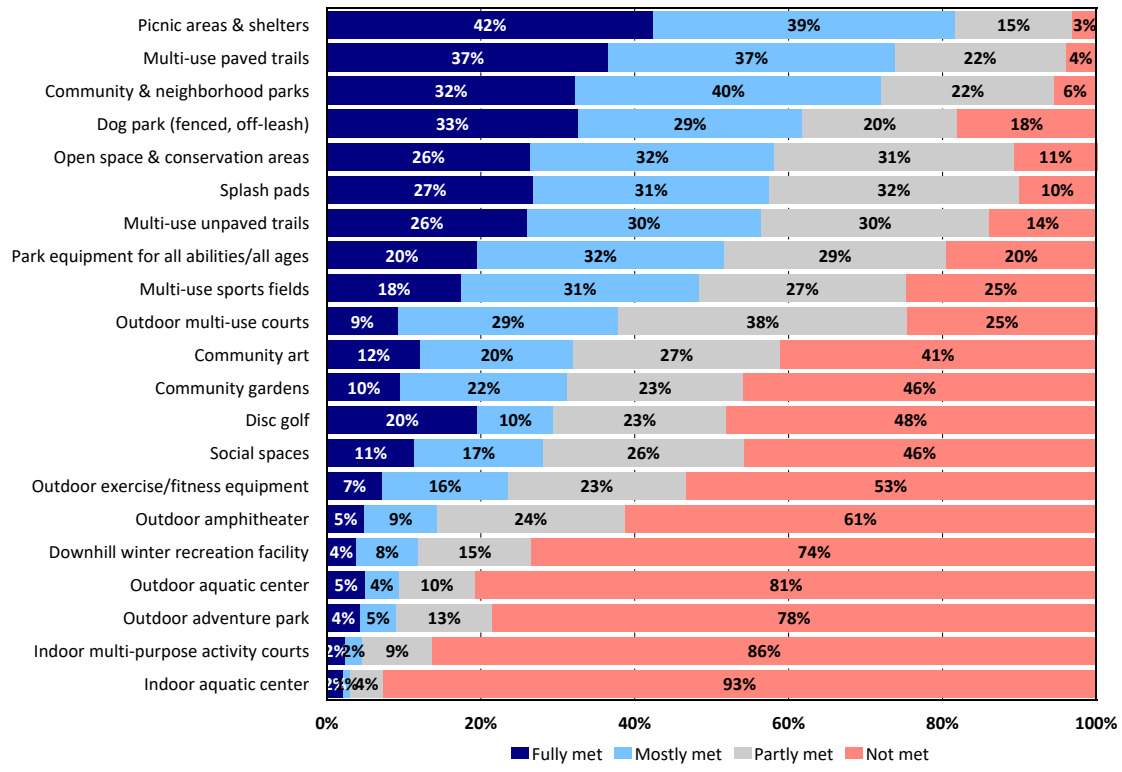

Q8. Estimated Number of Households Who Have a Need for Amenities/Facilities

by number of households based on an estimated 9,956 households

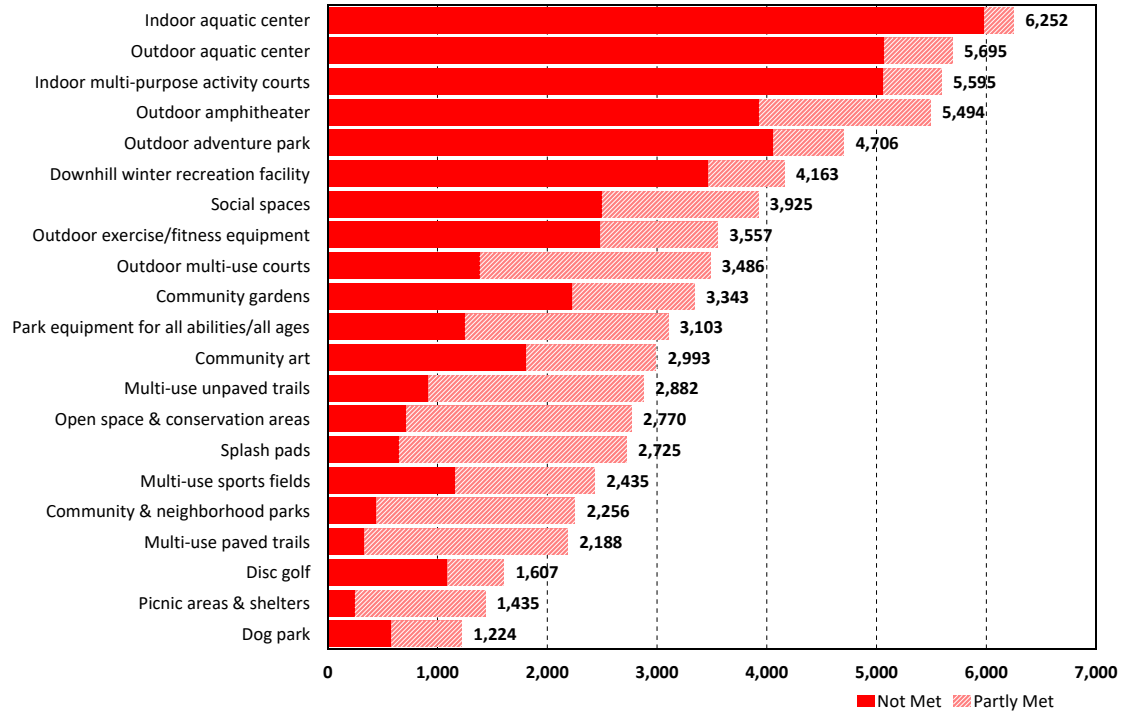

Q8b. How Well Needs Are Being Met for Recreation Facilities or Amenities

by percentage of respondents

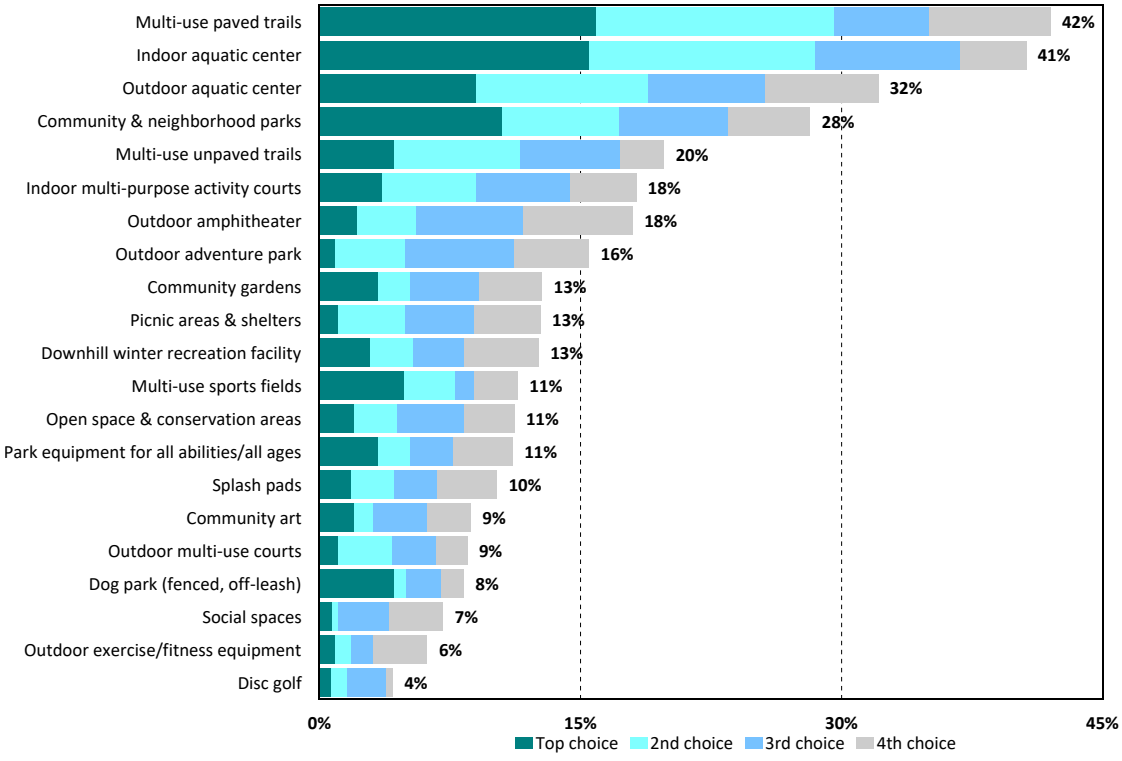

Q8c. Estimated Number of Households Whose Facility/Amenity Needs Are Only "Partly Met" or "Not Met"

by number of households with need based on an estimated 9,956 households

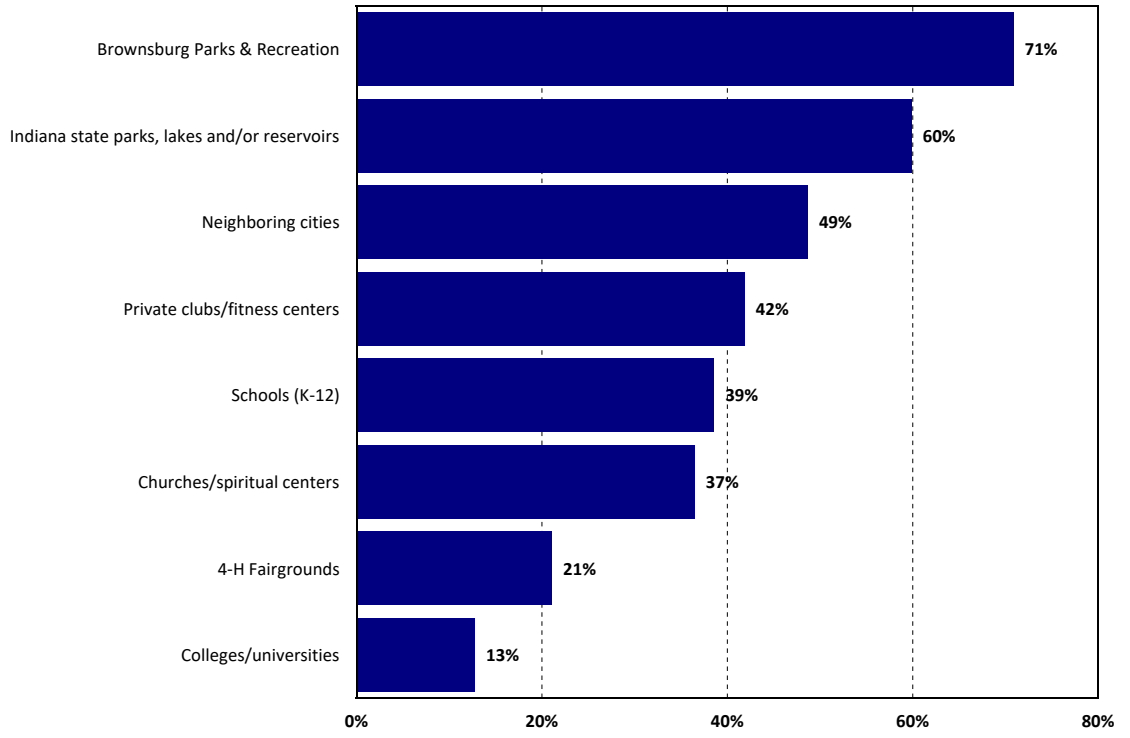

Q9. Facilities/Amenities Most Important to Households.

by percentage of respondents who selected the items as one of their top four choices

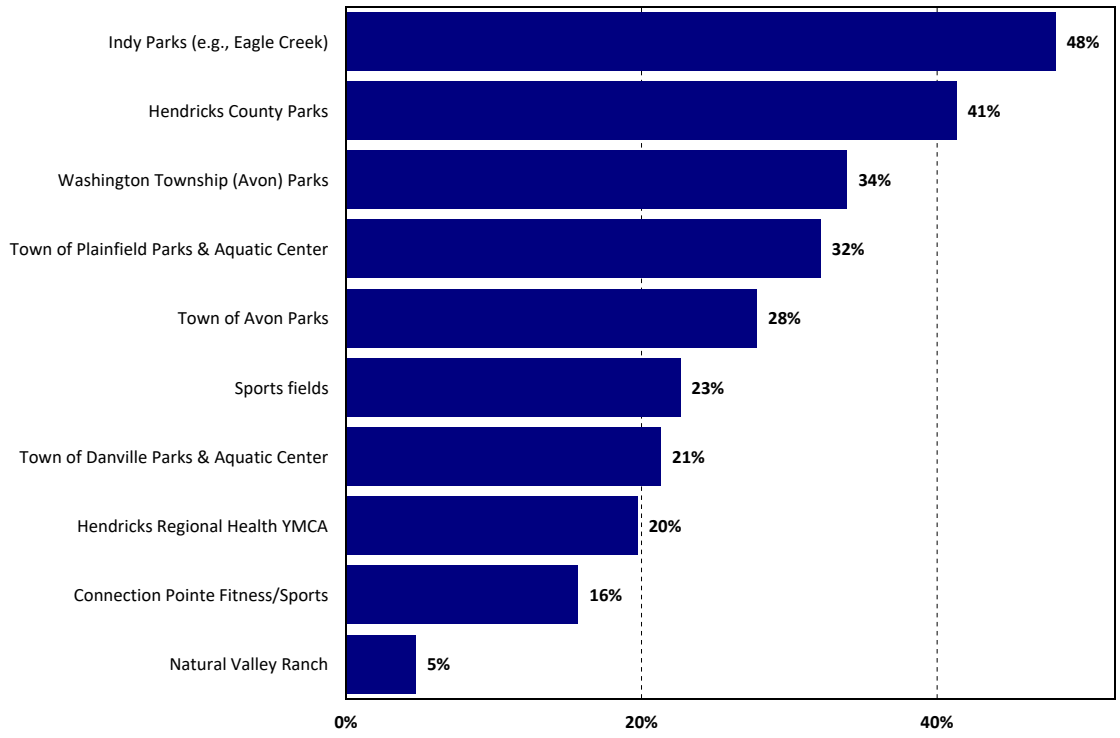

Q10. Please CHECK ALL of the organizations that you/your household have used for recreation and sports activites during the last 12 months.

by percentage of respondents (multiple selections could be made)

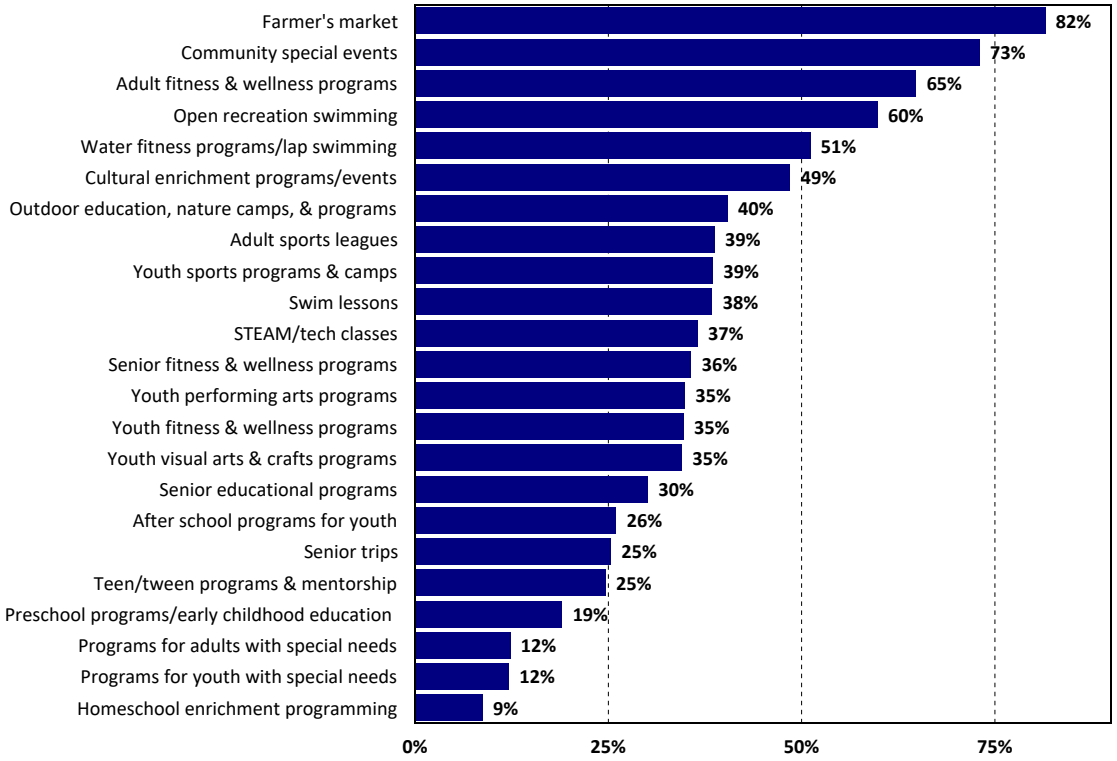

Q11. Please check ALL the parks/facilities you/your household have used for recreation activites during the past 12 months.

by percentage of respondents (multiple selections could be made)

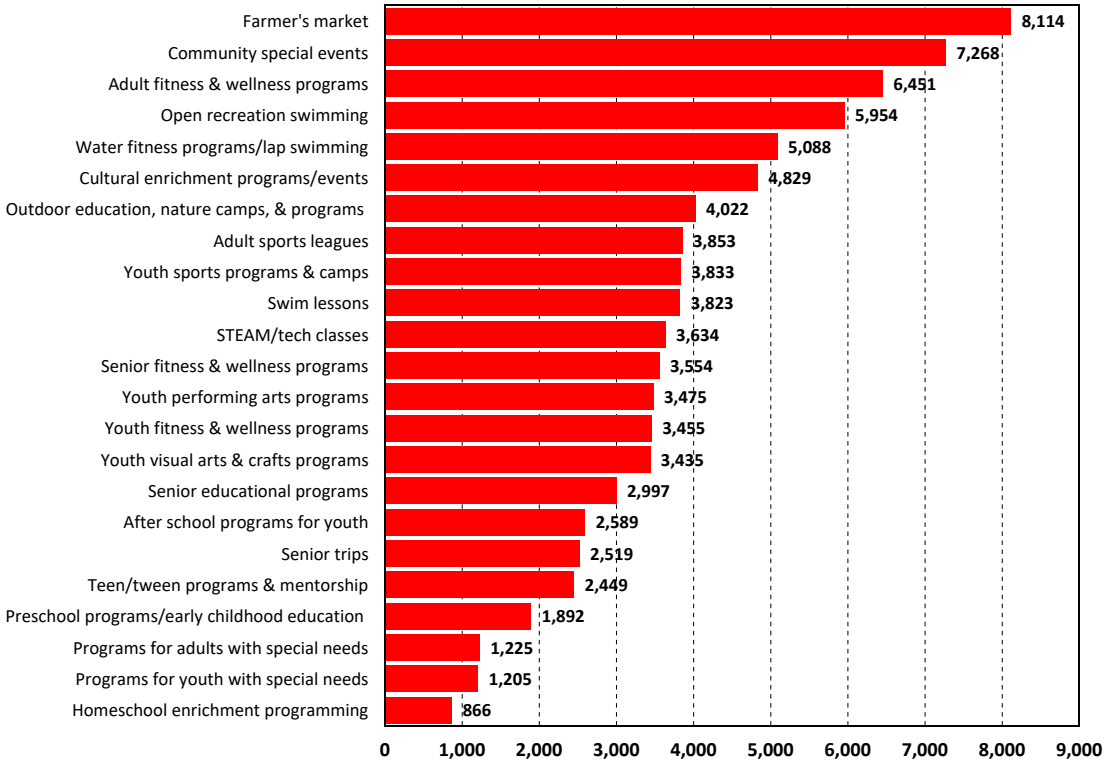

Q12. Need for Programs.

by percentage of respondents who indicated need

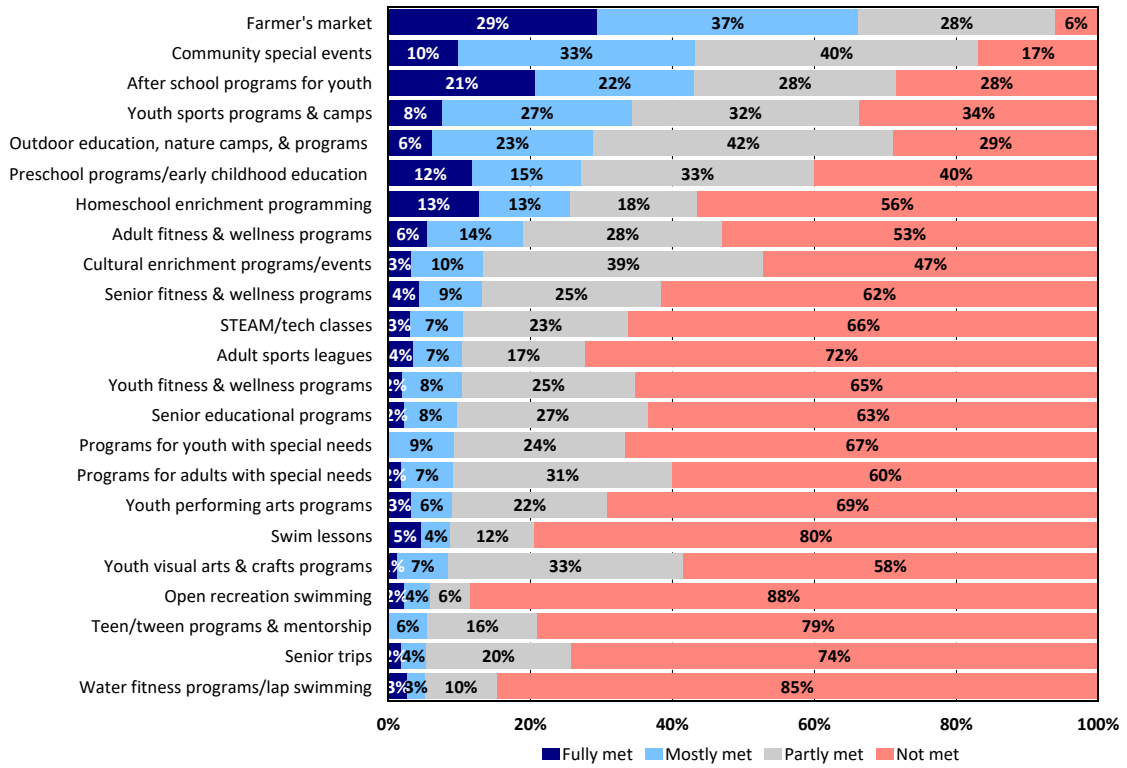

Q12. Estimated Number of Households Who Have a Need for Programs.

by number of households based on an estimated 9,956 households

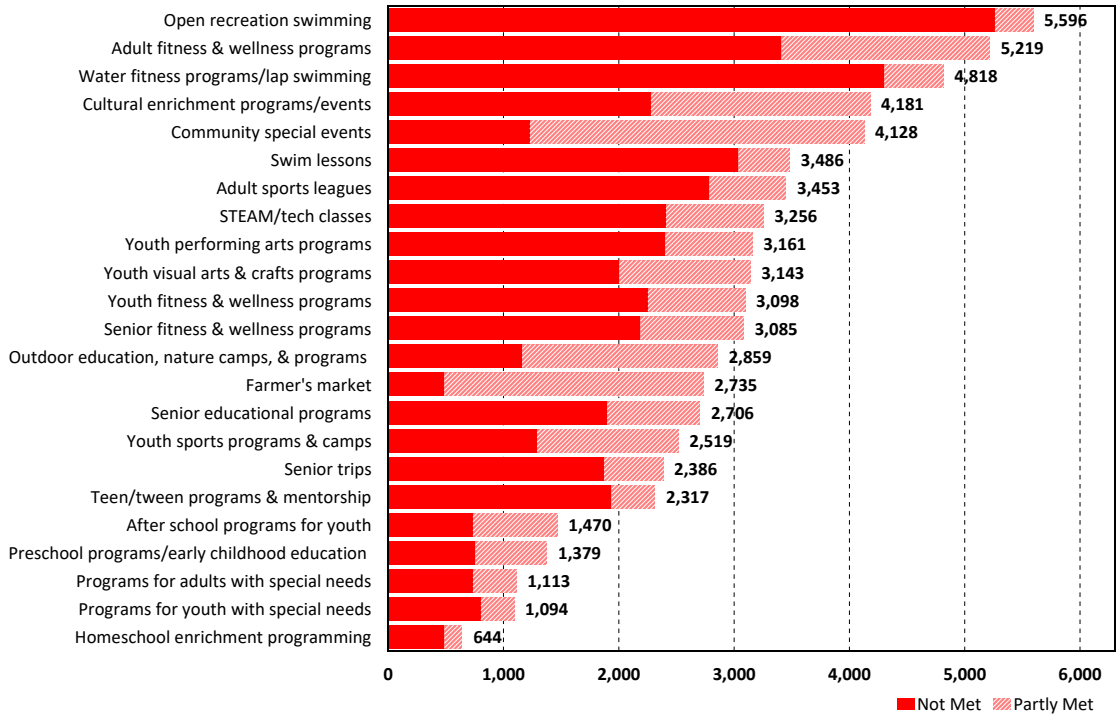

Q12b. How Well Needs Are Being Met for Programs.

by percentage of respondents

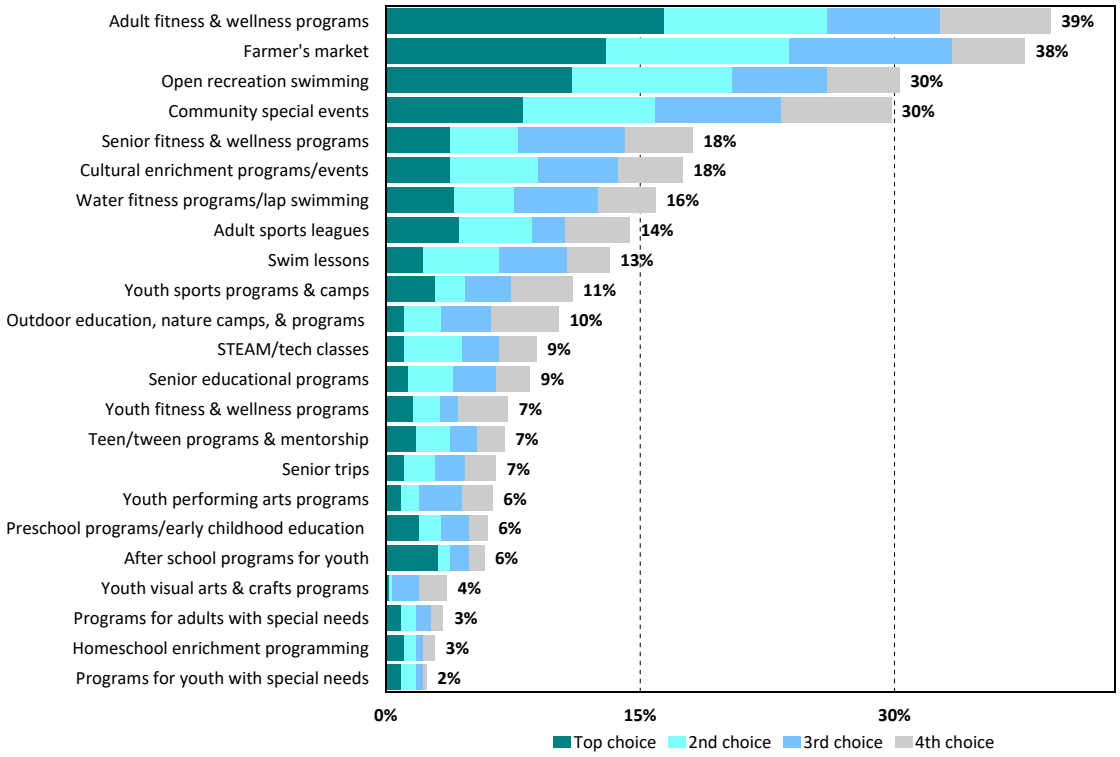

Q12c. Estimated Number of Households Whose Program Needs Are Only "Partly Met" or "Not Met"

by number of households with need based on an estimated 9,956 households

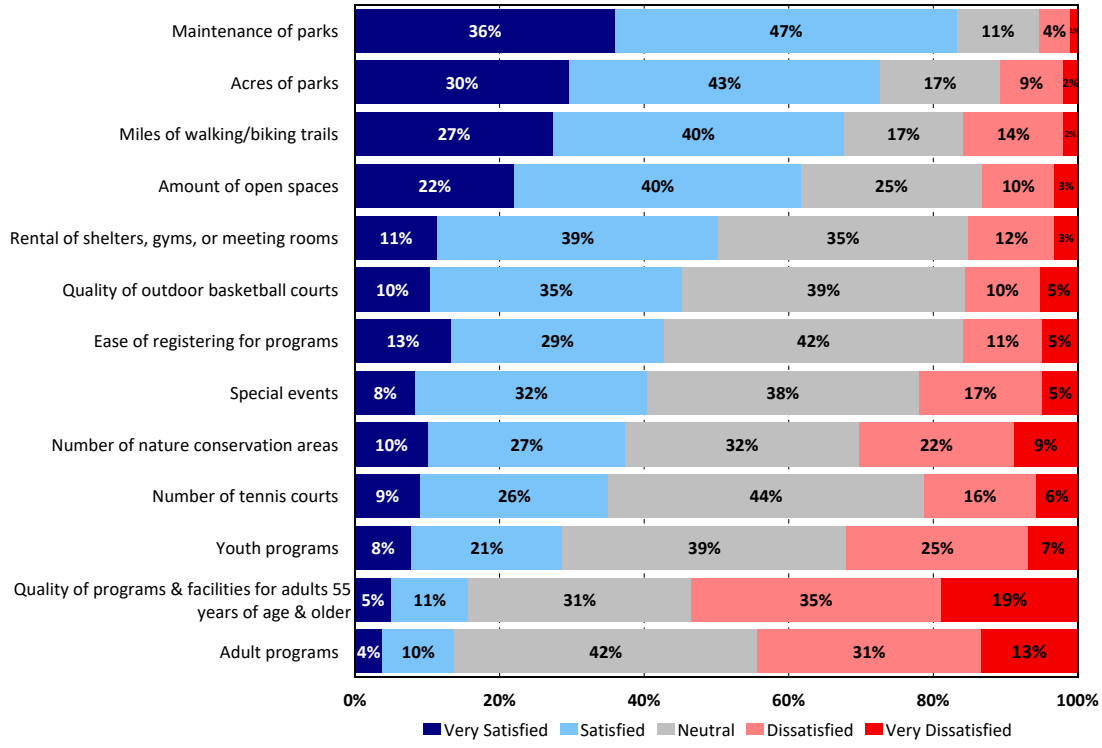

Q13. Programs Most Important to Households.

by percentage of respondents who selected the items as one of their top four choices

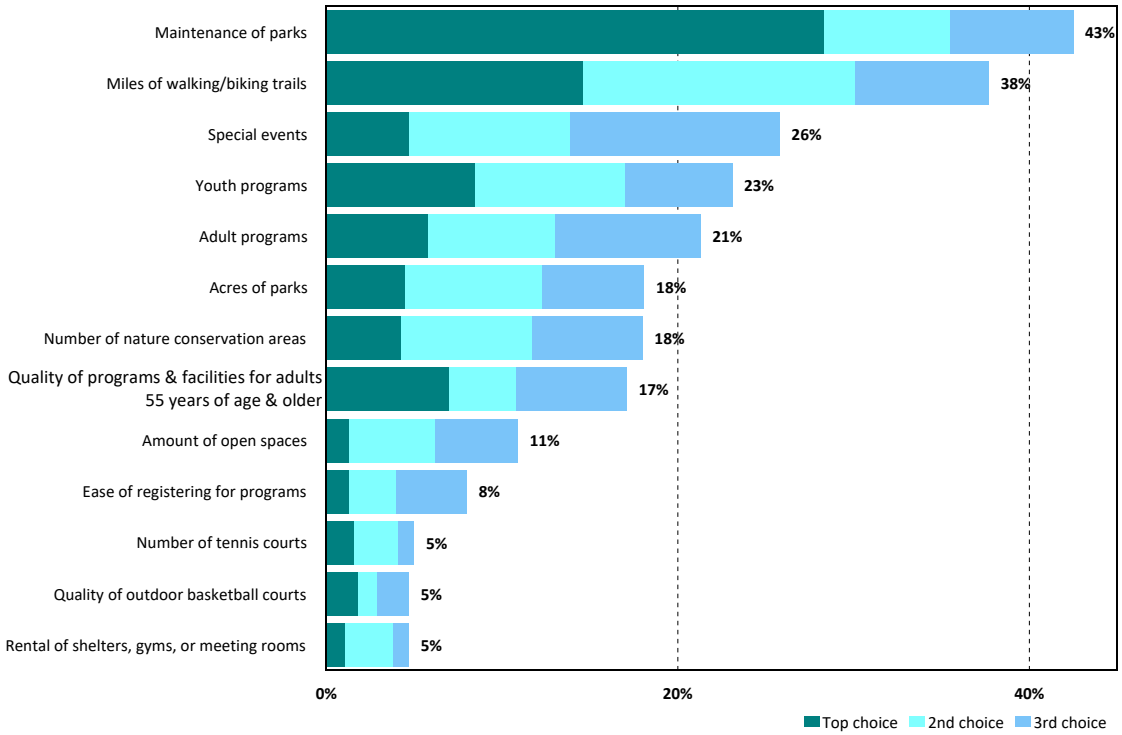

Q14. Please rate your satisfaction with the following parks and recreation services provided by Brownsburg Parks.

by percentage of respondents (excluding "don't know")

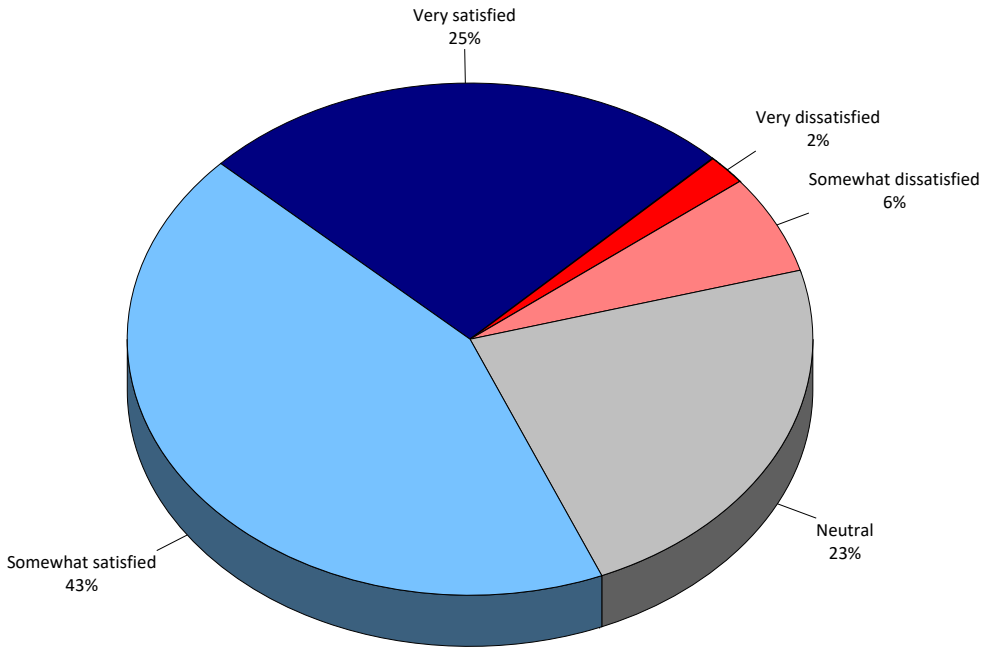

Q15. Which THREE parks and recreation services in Question 14 do you think Brownsburg Parks should prioritize?

by percentage of respondents who selected the items as one of their top three choices

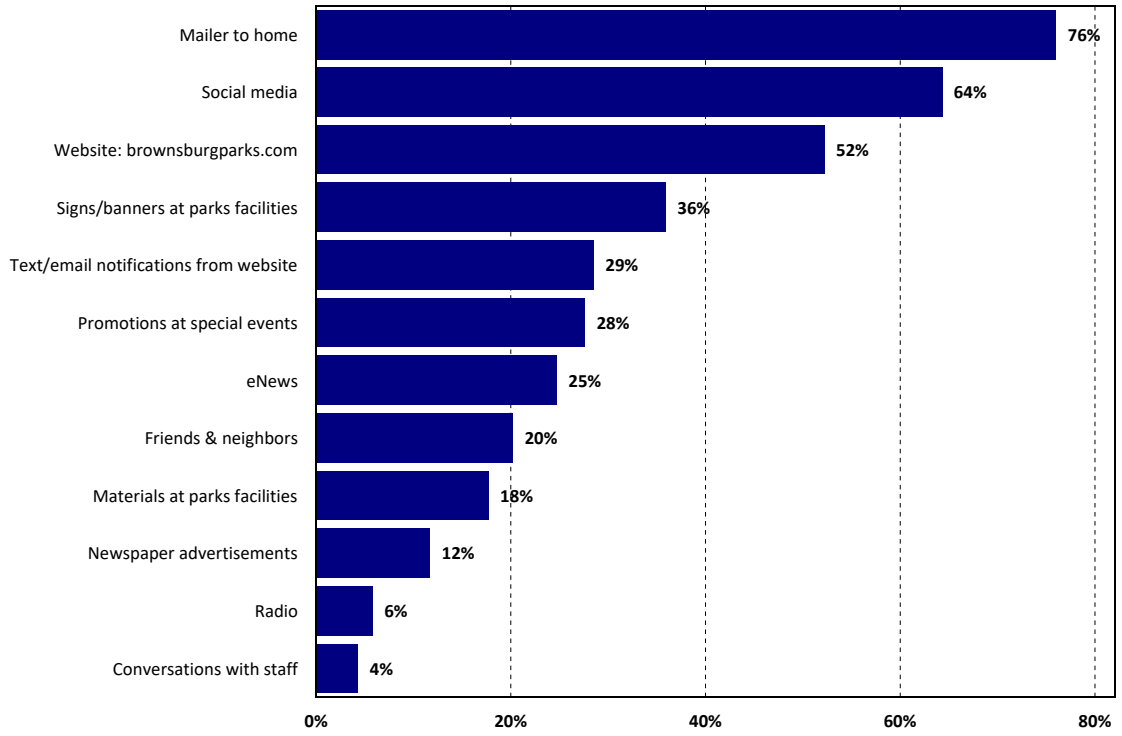

Q16. Please rate your level of satisfaction with the overall value that your household receives from Brownsburg Parks.

by percentage of respondents (excluding "don't know")

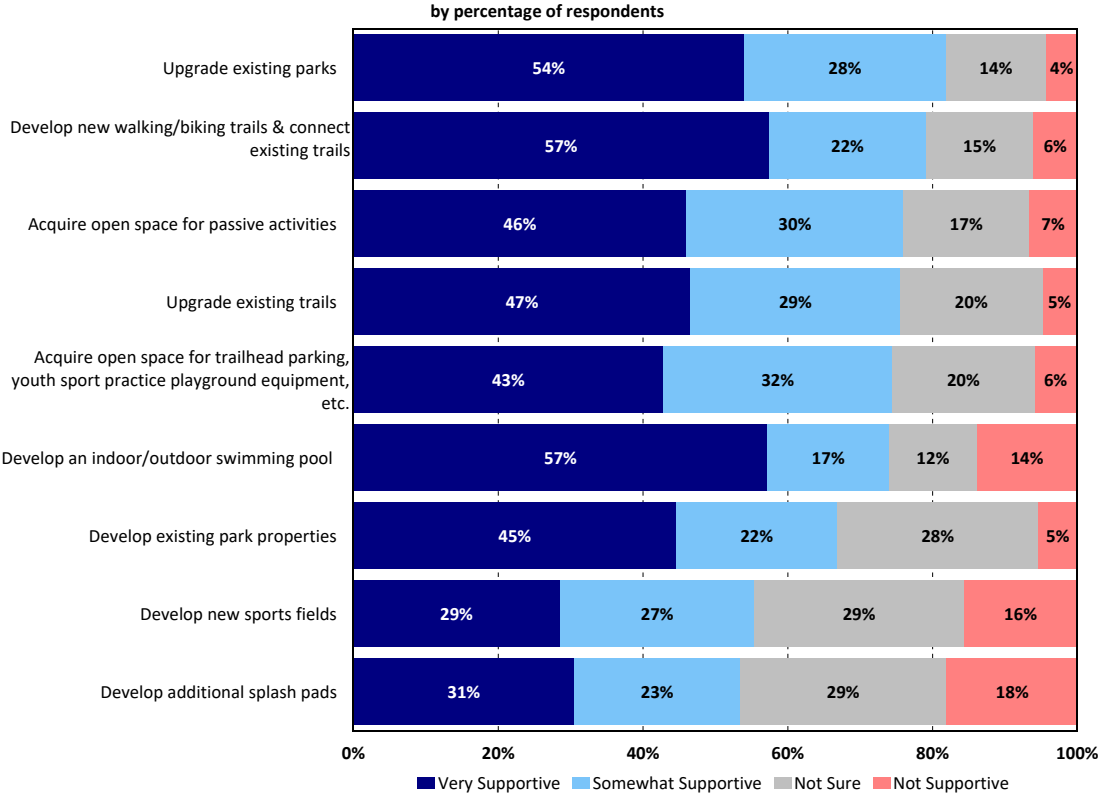

Q17. Please CHECK ALL of the ways you would prefer to learn about Brownsburg Parks and Recreation programs/events.

by percentage of respondents (multiple selections could be made)

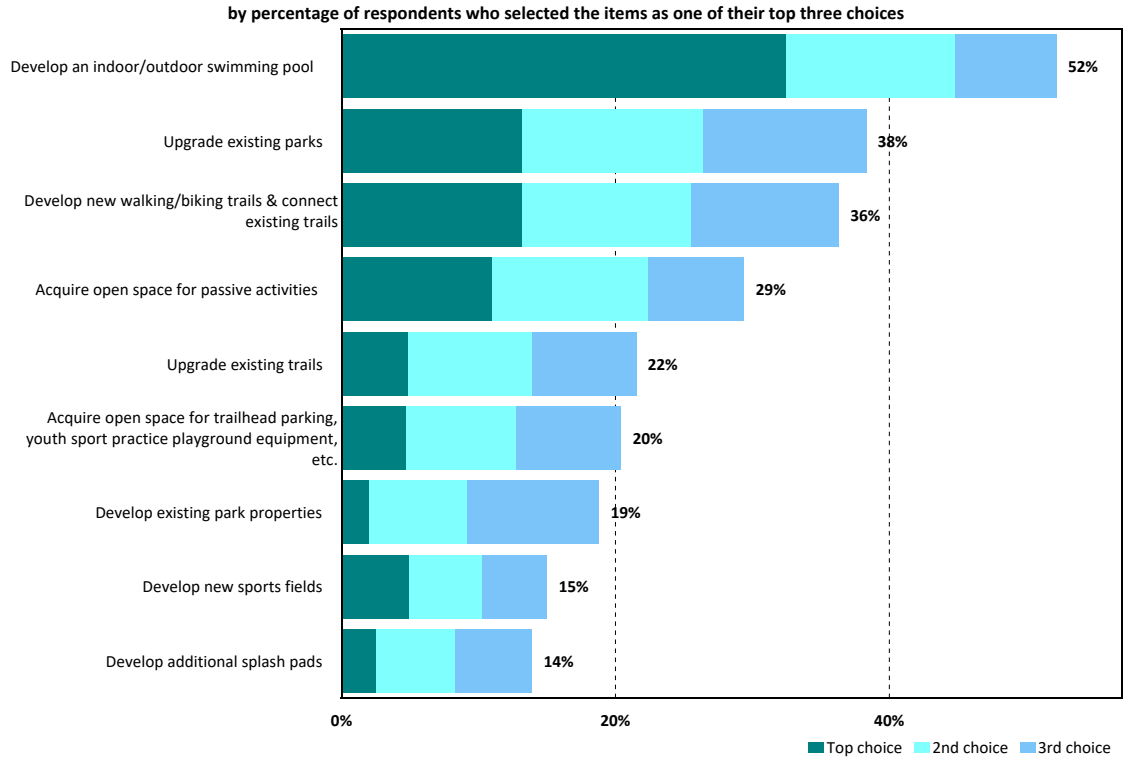

Q18. Please indicate your level of support for each of the actions listed below.

by percentage of respondents

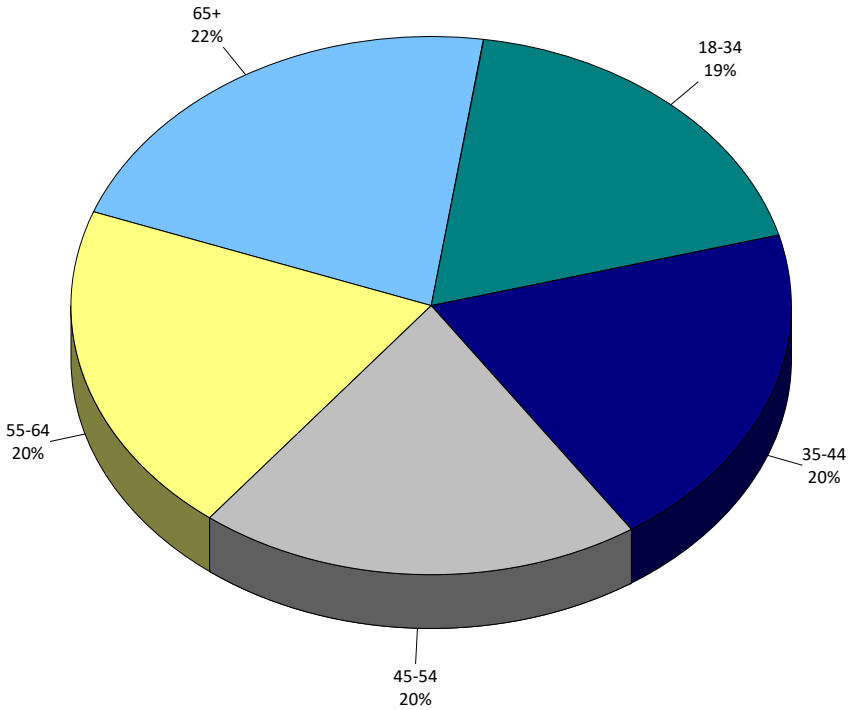

Q19. Which THREE of these items listed in Question 18 are MOST IMPORTANT to your household to develop?

by percentage of respondents who selected the items as one of their top three choices

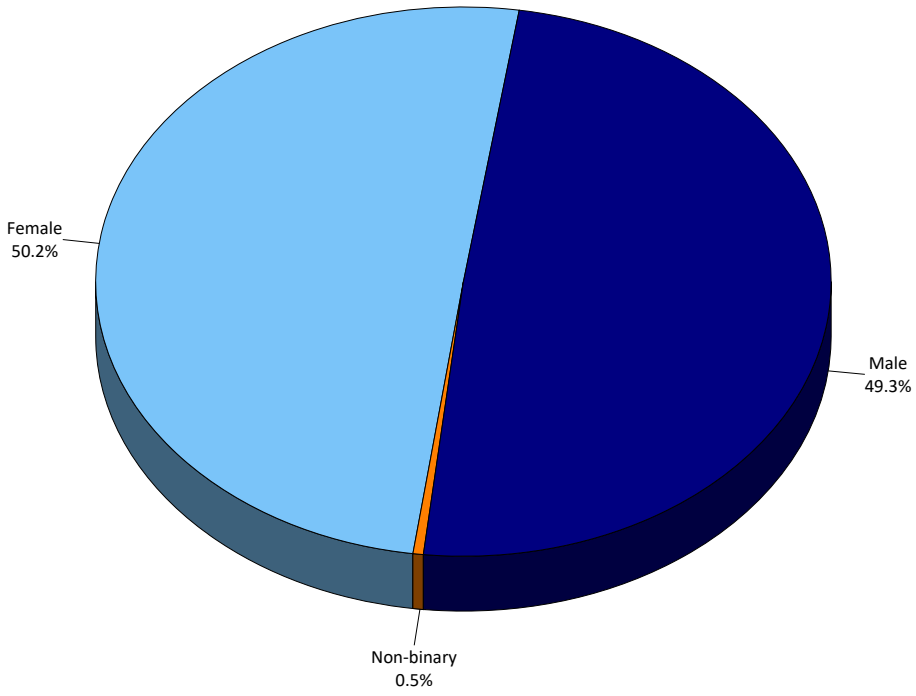

Q21. Your age:

by percentage of respondents (excluding "not provided")

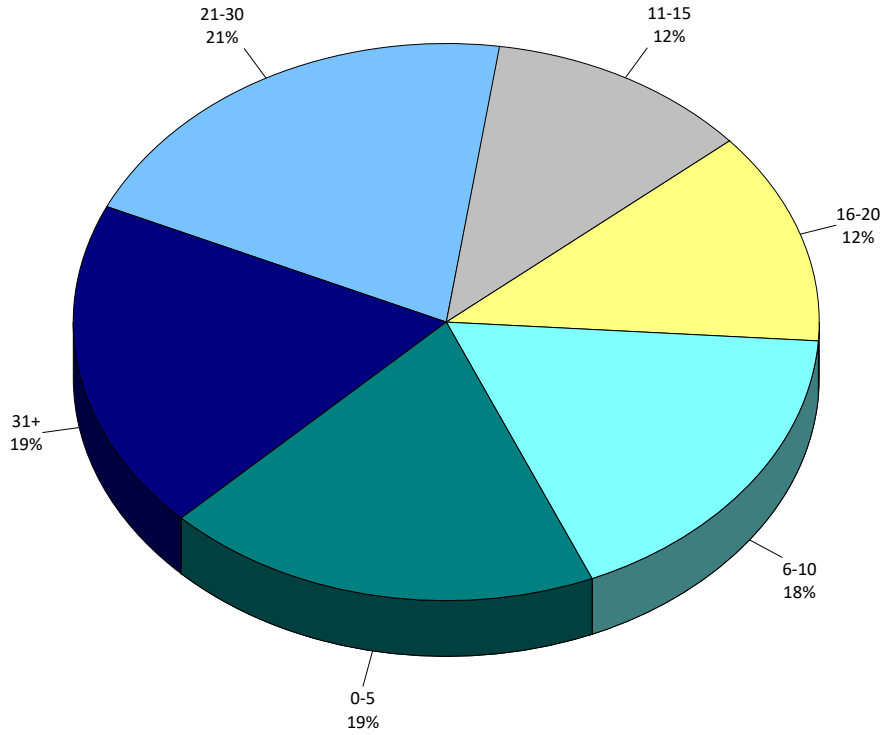

Q22. Your gender:

by percentage of respondents (excluding "prefer not to answer")

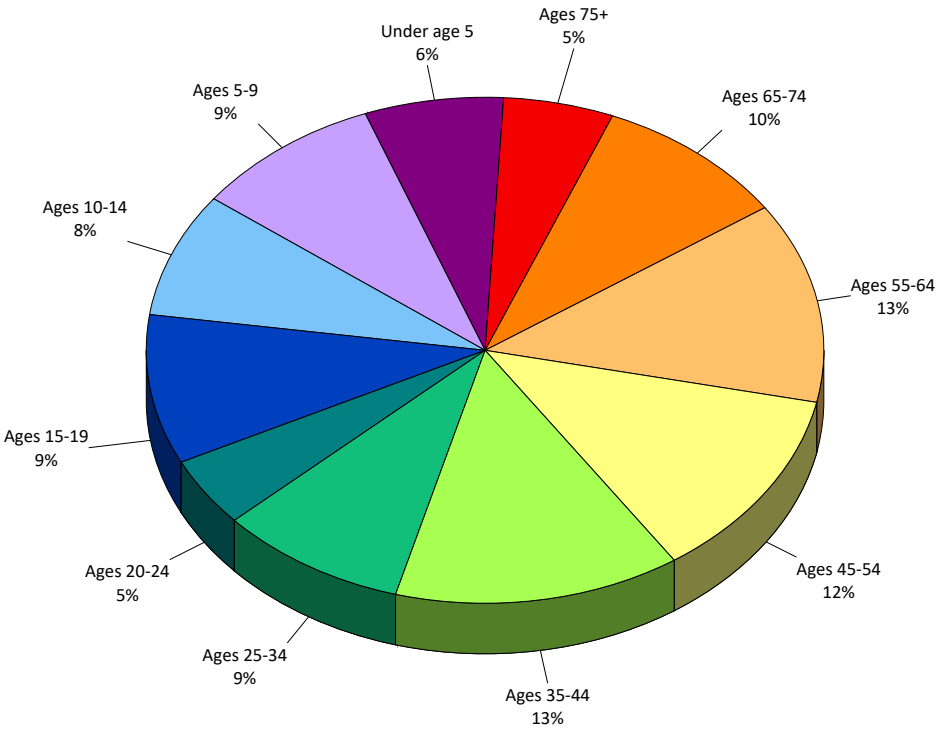

Q23. How many years have you lived in Brownsburg?

by percentage of respondents (excluding "not provided")

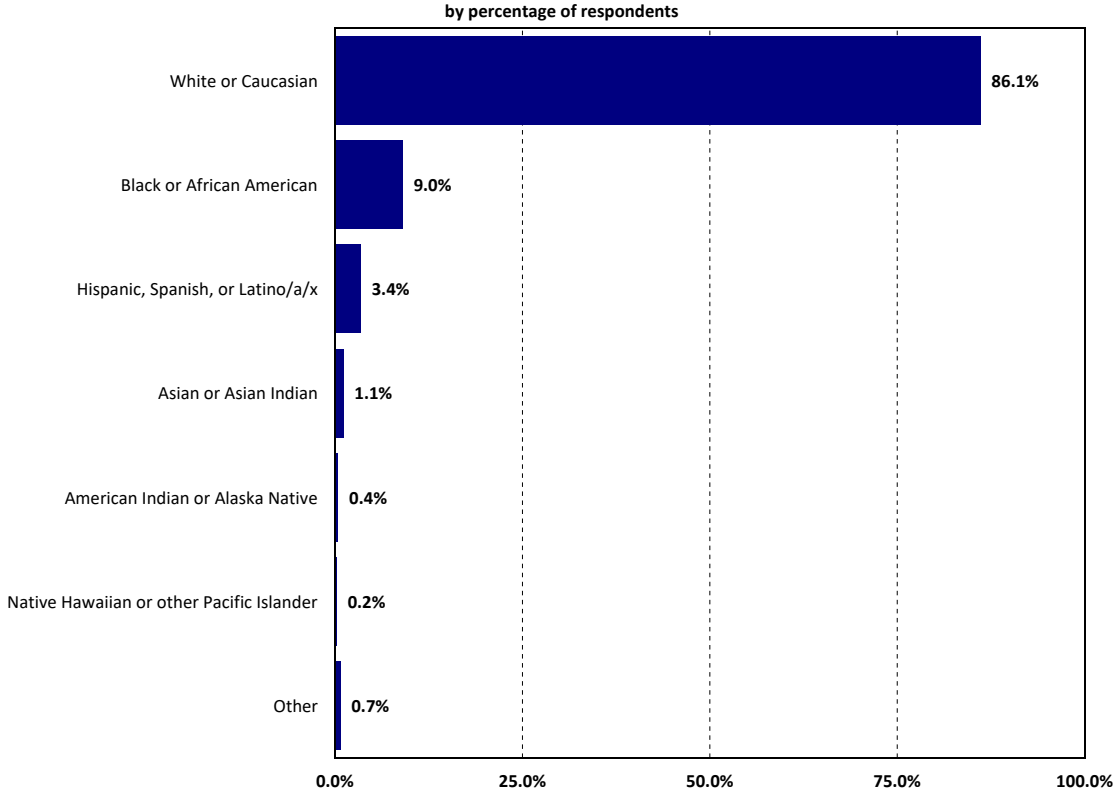

Q24. Counting yourself, how many people in your household are:

by percentage of persons in household

Q25. Which of the following best describes your race?

by percentage of respondents

3 Priority Investment Rating

Priority Investment Rating
Brownsburg, IN

The **Priority Investment Rating (PIR)** was developed by ETC Institute to provide governments with an objective tool for evaluating the priority that should be placed on parks and recreation investments. The Priority Investment Rating was developed by ETC Institute to identify the facilities and programs residents think should receive the highest priority for investment. The priority investment rating reflects the importance residents place on items (sum of top 3 choices) and the unmet needs (needs that are only being partly or not met) for each facility/program relative to the facility/program that rated the highest overall. Since decisions related to future investments should consider both the level of unmet need and the importance of facilities and programs, the PIR weights each of these components equally.

The PIR reflects the sum of the Unmet Needs Rating and the Importance Rating as shown in the equation below:

PIR = UNR + IR

For example, if the Unmet Needs Rating for playgrounds is 26.5 (out of 100) and the Importance Rating for playgrounds is 52 (out of 100), the Priority Investment Rating for playgrounds would be 78.5 (out of 200).

How to Analyze the Charts:

- **High Priority Areas** are those with a PIR of at least 100. A rating of 100 or above generally indicates there is a relatively high level of unmet need and residents generally think it is important to fund improvements in these areas. Improvements in this area are likely to have a positive impact on the greatest number of households.

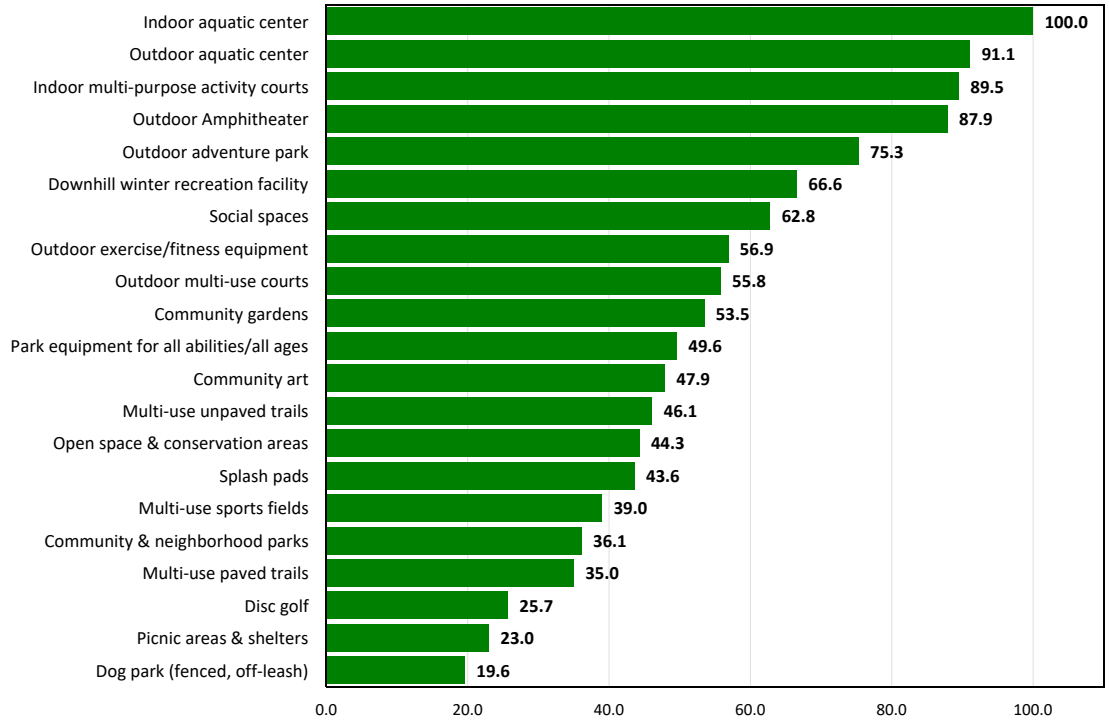

- **Medium Priority Areas** are those with a PIR of 50-99. A rating in this range generally indicates there is a medium to high level of unmet need or a significant percentage of residents generally think it is important to fund improvements in these areas.

- **Low Priority Areas** are those with a PIR below 50. A rating in this range generally indicates there is a relatively low level of unmet need and residents do not think it is important to fund improvements in these areas. Improvements may be warranted if the needs of very specialized populations are being targeted.

The following pages show the Unmet Needs Rating, Importance Rating, and Priority Investment Rating for facilities and programs.

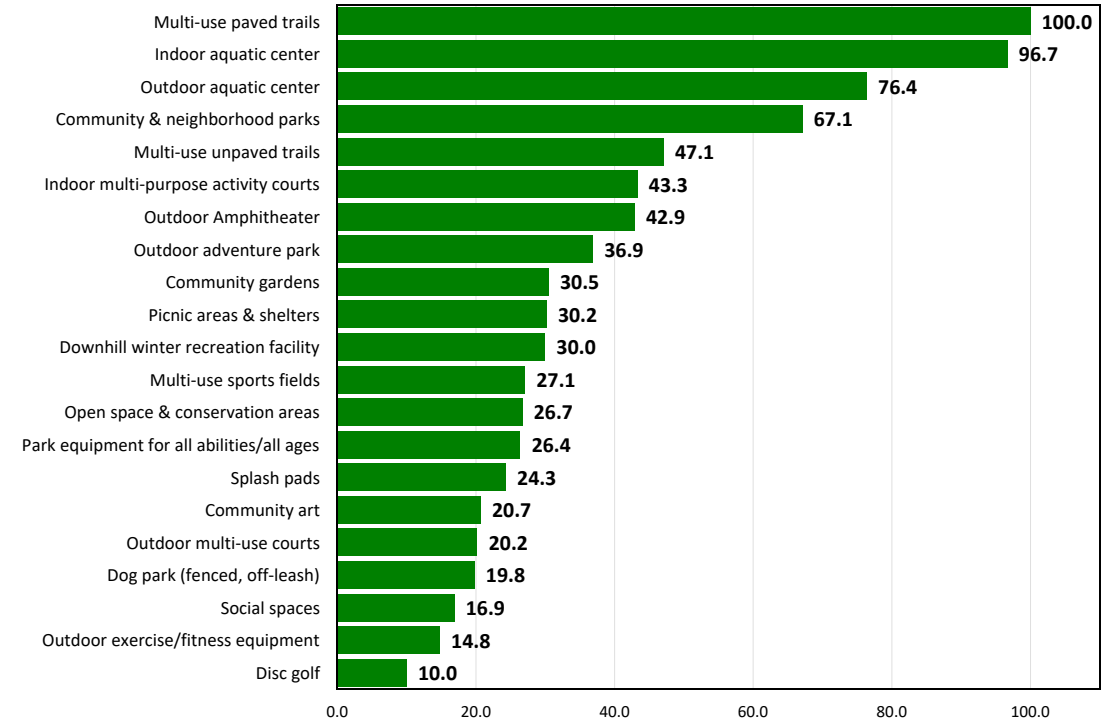

Unmet Needs Rating for Facilities/Amenities

the rating for the item with the most unmet need=100
the rating of all other items reflects the relative amount of unmet need for each item compared to the item with the most unmet need

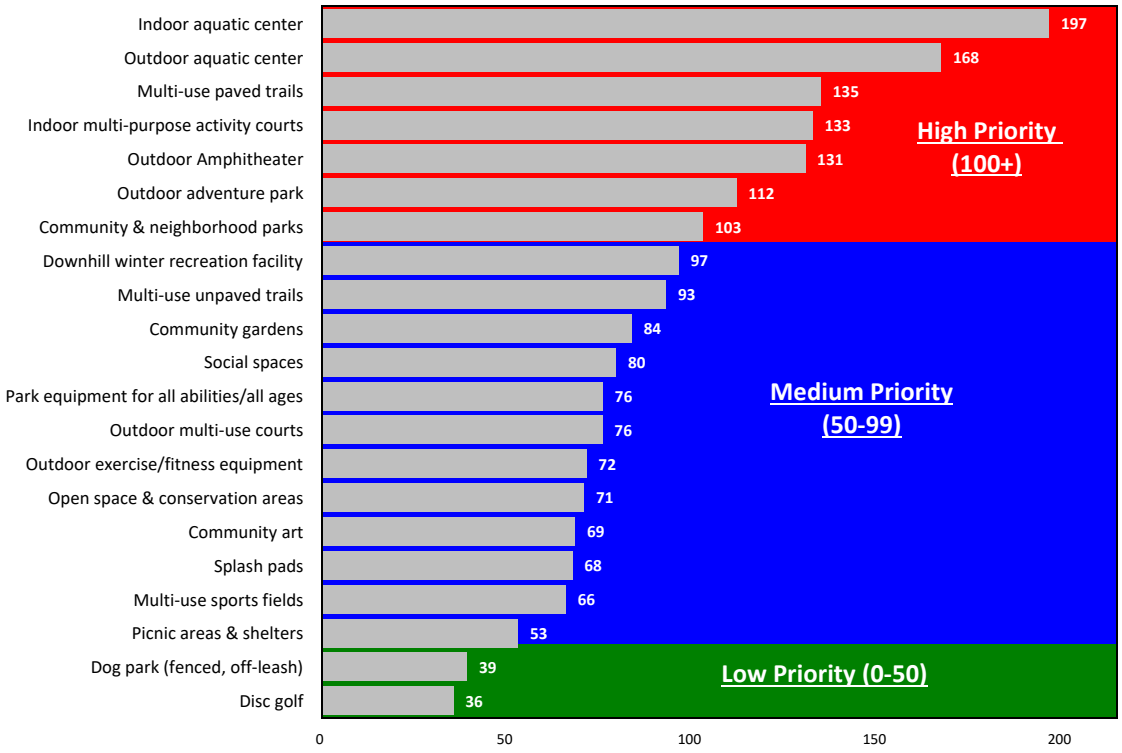

Importance Rating for Facilities/Amenitites

the rating for the item rated as the most important=100
the rating of all other items reflects the relative level of importance for each item compared to the item rated as the most important

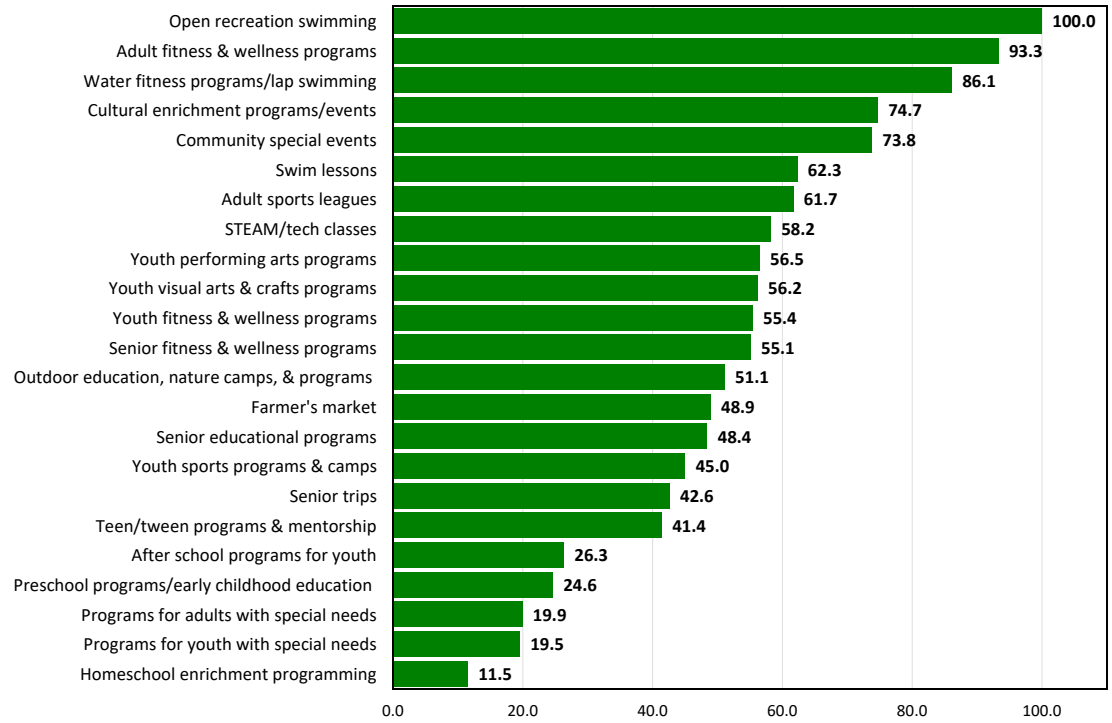

Top Priorities for Investment for Facilities/Amenities Based on Priority Investment Rating

ETC Institute (2023)

Unmet Needs Rating for Programs

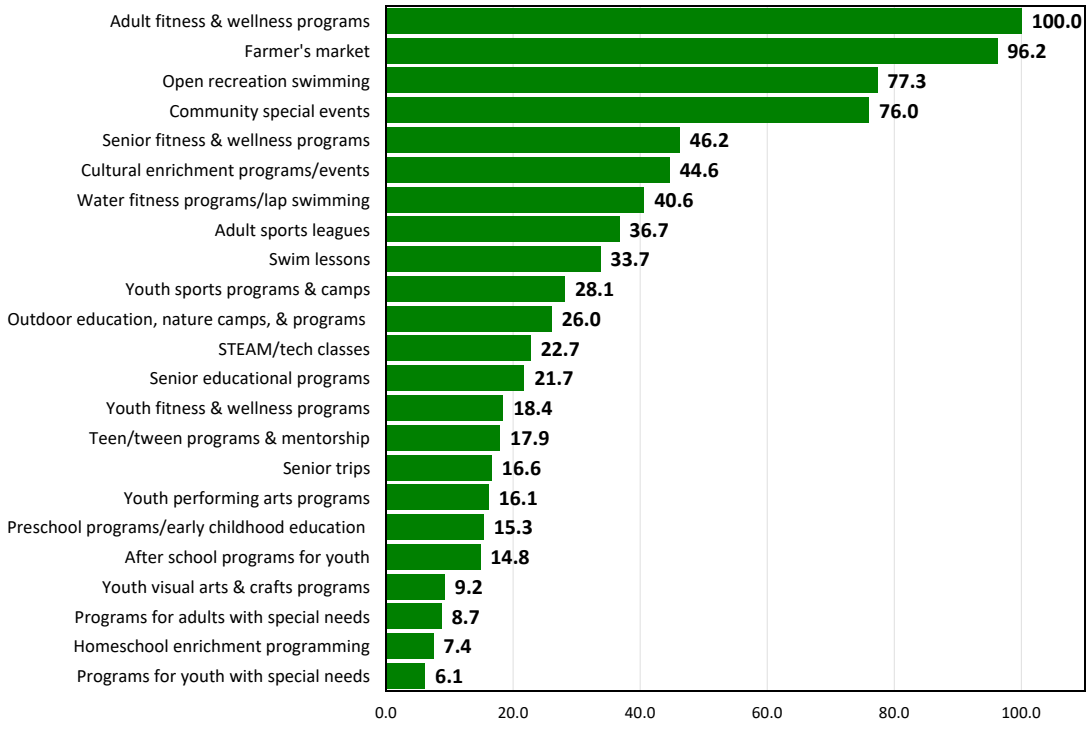

the rating for the item with the most unmet need=100
the rating of all other items reflects the relative amount of unmet need for each item compared to the item with the most unmet need

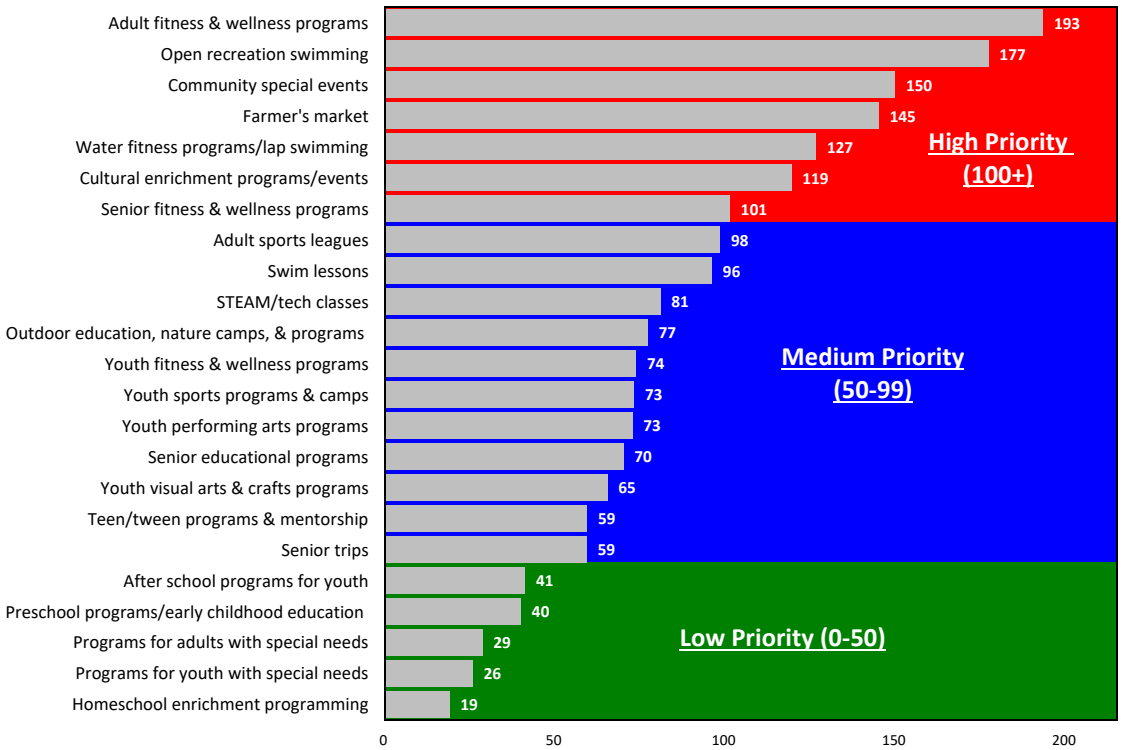

ETC Institute (2023)

Importance Rating for Programs

the rating for the item rated as the most important=100
the rating of all other items reflects the relative level of importance for each item compared to the item rated as the most important

5 Importance-Satisfaction Rating

Importance-Satisfaction Analysis
Brownsburg, IN

Overview

Today, city officials have limited resources which need to be targeted to actions that are of the most benefit to their citizens. Two of the most important criteria for decision making are (1) to target resources toward services of the highest importance to citizens; and (2) to target resources toward those services where citizens are the least satisfied.

The Importance-Satisfaction (IS) rating is a unique tool that allows public officials to better understand both of these highly important decision-making criteria for each of the services they are providing. The Importance-Satisfaction rating is based on the concept that public agencies will maximize overall customer satisfaction by emphasizing improvements in those areas where the level of satisfaction is relatively low, and the perceived importance of the service is relatively high.

Methodology

The rating is calculated by summing the percentage of responses for items selected as one of the most important items for the city to provide. The sum is then multiplied by 1 minus the percentage of respondents who indicated they were positively satisfied with the city's performance in the related area (the sum of the ratings of 4 ("good") and 5 ("excellent") on a 5-point scale excluding "don't know" responses). "Don't Know" responses are excluded from the calculation to ensure the satisfaction ratings among service categories are comparable. [IS=Importance x (1-Satisfaction)].

Example of the Calculation: In an example scenario, respondents were asked to rate their satisfaction parks and facilities then select the top three most important aspects to their household. In this example, twenty-eight percent (28%) of respondents selected *quality/number of outdoor amenities* as one of the most important services.

Regarding satisfaction, 73% of respondents rated the city's overall performance in the *quality/number of outdoor amenities* as a "4" or "5" on a 5-point scale (where "5" means "Very Satisfied") excluding "Don't Know" responses. The I-S rating for *quality/number of outdoor amenities* was calculated by multiplying the sum of the most important percentages by 1 minus the sum of the satisfaction percentages. In this example 28% was multiplied by 51% (1-0.73). This calculation yielded an I-S rating of 0.0750 which ranked 3rd out of 15 city services.

The maximum rating is 1.00 and would be achieved when 100% of the respondents select an item as one of their top three choices and 0% indicate they are positively satisfied with the delivery of the service.

The lowest rating is 0.00 and could be achieved under either of the following two situations:

- If 100% of the respondents were positively satisfied with the delivery of the service
- If none (0%) of the respondents selected the service as one for the three most important areas for the city to emphasize over the next five years.

Interpreting the Ratings

Ratings that are greater than or equal to 0.20 identify areas that should receive significantly more emphasis over the next two years. Ratings from 0.10 to 0.20 identify service areas that should receive increased emphasis. Ratings less than 0.10 should continue to receive the current level of emphasis.

- *Definitely Increase Emphasis* (IS>=0.20)
- *Increase Current Emphasis* (0.10<=IS<0.20)
- *Maintain Current Emphasis* (IS<0.10)

The results for Brownsburg are provided on the following pages.

2023 Importance-Satisfaction Rating
Town of Brownsburg, IN
Parks and Recreation Department Services

Category of Service	Most Important %	Most Important Rank	Satisfaction %	Satisfaction Rank	Importance-Satisfaction Rating	I-S Rating Rank
High Priority (IS .10-.20)						
Special events	26%	3	35.10%	10	0.1674	1
Quality of programs and facilities for adults 55 years of age and older	17%	8	15.70%	12	0.1433	2

Note: The I-S Rating is calculated by multiplying the "Most Important" % by (1-'Satisfaction' %)

Most Important %: The "Most Important" percentage represents the sum of the first, second, and third most important responses for each item. Respondents were asked to identify the items they thought should receive the most emphasis from town leaders

Satisfaction %: The "Satisfaction" percentage represents the sum of the ratings "5" and "4" excluding 'don't knows.' Respondents ranked their level of satisfaction with each of the potential benefits on a scale of 5 to 1 with "5" being Very Satisfied and "1" being Very Dissatisfied.

Q18. The following are major actions that the Town of Brownsburg could take to improve the Parks and Recreation system. Please indicate whether you would be "Very Supportive," "Somewhat Supportive," or "Not Supportive" of each action.

(N=446)

	Very supportive	Somewhat supportive	Not sure	Not supportive
Q18-1. Acquire open space for passive activities (i.e., trails, picnicking, etc.)	46.0%	30.0%	17.3%	6.7%
Q18-2. Acquire open space for trailhead parking, youth sport practice playground equipment, etc.	42.8%	31.6%	19.7%	5.8%
Q18-3. Upgrade existing parks (Arbuckle Acres Park, Williams Park)	54.0%	27.8%	13.9%	4.3%
Q18-4. Upgrade existing trails	46.6%	28.9%	19.7%	4.7%
Q18-5. Develop existing park properties (Lincolnwood Park)	44.6%	22.2%	27.8%	5.4%
Q18-6. Develop additional splash pads	30.5%	22.9%	28.5%	18.2%
Q18-7. Develop new walking/biking trails & connect existing trails	57.4%	21.7%	14.8%	6.1%
Q18-8. Develop new sports fields (i.e., baseball, lacrosse, etc.)	28.5%	26.9%	28.9%	15.7%
Q18-9. Develop an indoor/outdoor swimming pool	57.2%	16.8%	12.1%	13.9%
Q18-10. Other	86.7%	6.7%	6.7%	0.0%

Q19. Which THREE of these items listed in Question 18 are MOST IMPORTANT to your household to develop?

Q19. Top choice	Number	Percent
Acquire open space for passive activities (i.e., trails, picnicking, etc.)	49	11.0 %
Acquire open space for trailhead parking, youth sport practice playground equipment, etc.	21	4.7 %
Upgrade existing parks (Arbuckle Acres Park, Williams Park)	59	13.2 %
Upgrade existing trails	22	4.9 %
Develop existing park properties (Lincolnwood Park)	9	2.0 %
Develop additional splash pads	11	2.5 %
Develop new walking/biking trails & connect existing trails	59	13.2 %
Develop new sports fields (i.e., baseball, lacrosse, etc.)	22	4.9 %
Develop an indoor/outdoor swimming pool	145	32.5 %
None chosen	49	11.0 %

7 Open-Ended Responses

Open-Ended Question Responses

Q6—"Other": Please CHECK ALL the following reasons that have prevented you or other members of your household from using Town of Brownsburg parks or recreation facilities MORE OFTEN.

- Amenities too busy. Difficult to use playgrounds in summer as Stephens is packed with pickleball players, Williams is packed with youth sports, and Arbuckle is packed with baseball players
- CHEMICALS AT SPLASH POOL
- Dog feces deters from using the walk trails, owners do not pickup after their dogs
- Family illness
- HEALTH
- Health
- I have mobility issues and rarely go anywhere.
- I mostly use the trails and it's frustrating that despite having restrooms by the bark park the water fill stations are all inside the dog park and unaccusable to the trail users
- It is a pain to load all of our bikes to go to the B&O trail and find parking. The trails don't connect to our sidewalks or neighborhood.
- Lack of ANY real family activities
- LACK OF COMMUNICATION
- Lack of shade/equipment is too hot.
- Lack of time
- Low endurance
- My own medical condition
- Need better trail access to the parks
- NO AQUATICS OR POOL FACILITY-NO EXERCISE EQUIPMENT
- NO SAFE WAY TO GET THERE WITHOUT DRIVING
- No time
- No time, I am a caregiver for adults.
- Not enough shade
- Prefer Eagle Creek
- Splash pad was out of order.
- The parks lack "linkage" by walking/biking trails. Brownsburg streets are not bike friendly.
- Time constraints
- TRAFFIC IS AWFUL ON 267
- Waiting for rec center to be built.
- WE DONT LEAVE HOME THAT MUCH
- WOULD LIKE MORE NATURAL AREAS

Q7—"Other": Please CHECK ALL the following reasons that prevent you or members of your household from using recreation programs/events offered by Brownsburg Parks MORE OFTEN.

- health
- I WALK IN THE WARM WATER AT PLAINFIELD REC CENTER
- Kids are older
- Lack of advertising
- Lack of parking for 4th of July, farmers market etc.
- LACK OF PUBLICATIONS
- lack of time
- mobility issues
- my health is poor
- NO CLASSES OR ACTIVITIES FOR MY AGE GROUP
- No facility available.
- NO INDOOR OR OUTDOOR POOL; NO GYMNASIUM OR EXERCISE EQUIPMENT; NO LOCKER/SHOWER ROOMS

- Not a lot of programs for 2-3 year Olds.
- Not interested
- Personal reasons
- REGISTRATION AND ADJUSTMENTS FOR BASE NEEDS CHANGED
- Summer camp understaffed and lacks organization; compared to other camps our child doesn't want to return
- Swimming facilities
- Uninteresting events and park amenities, like the website, looks and feels dated and stale. Must everything be designed by people over fifty?
- Working all the time

Q8—"Other": Please indicate how well your needs are being met for each of the facilities and amenities.

- ADJACENT TO FOOD/SHOPPING
- Aquatic areas
- Basketball, full courts for teens. We have two.
- fish
- GOLF PRACTICE
- INDDOR EXERCISE, PICKLEBALL, INDOOR YOGA, SHOWERS/LOCKER ROOM
- More trees
- need a p[ark on north side of town
- Need a swimming pool.
- Need outdoor public pool
- Parks not linked by trails. It is necessary to use a motor vehicle to travel to bike/walking trails. Brownsburg is not bike friendly.
- pickleball courts
- Public meeting spaces and performing arts.
- RESTROOMS
- There is tons of open space in both Williams and Arbuckle for small court games such as sand volleyball or bocce ball. Kids have no place to practice baseball because the larger fields are locked by BLLB.
- Toddler areas
- Town center farmers market nice

Q11—"Other": Please check ALL the parks or facilities you or members of your household have used for recreation activities during the past 12 months.

- Avon UMC
- B&O trail
- BROWNSBURG
- CARDINAL BARK PARK-PRIVATE GYM
- Carmel clay
- Carmel Parks and state parks
- Circle City Roller Derby, Epic Climbing and Fitness
- Covenant Christian sports fields
- EATON HALL
- Fisher's Amp
- fishing ponds
- Hendricks Regional Soccer Fields (north of Bethesda School) and the field behind the Challenger School
- Indiana State Parks
- Kingsway Church soccer fields, Hendricks Soccer Park, Pacer Athletic Center, Grand park Soccer, Finch Creek/Mojo Noblesville
- Lebanon Aquatic Center and Monom Aquatic Center
- Lebanon Outdoor Aquatics Center
- Lebanon pool also
- MONOTRAIL IN CARMEL
- Multi purpose sports fields/campuses like Grand Park, Indy Sports Park, Field of Dreams, etc.
- ORTHO INDY YMCA
- Parkside Bible Church/ Bethesda Christian School
- Planet Fitness
- Scamahorn Park Pittsboro IN
- State parks
- The Well and Traders Park
- Town of Lebanon Parks and Aquatic Center
- Zionsville
- Zionsville parks
- Zionsville, Carmel, and Fishers parks

Q12—"Other": Please indicate how well your needs are being met for each of the programs.

- Adult trips or social activities
- ADULTS PERFORMING ARTS PROGRAMS, SPORTS PROGRAMS AND CAMPS AND VISUAL ARTS
- INTRA MURAL SPORTS
- More social events for seniors.
- Need more activities for the young people.
- Needed for grandchildren living in a different household
- sports fields
- Summer activities for teens, like swimming. Winter indoor basketball for teens, we drive to other towns for these things.
- TENNIS AND PICKLEBALL
- WORK WITH AVON AND PLAINFIELD TO BUILD AN ICE RINK

Q18—"Other": The following are major actions that the Town of Brownsburg could take to improve the Parks and Recreation system. Please indicate whether you would be "Very Supportive," "Somewhat Supportive," or "Not Supportive" of each action.

- acquire open space for park north of I 74
- ADAPTIVE PLAYGROUND EQUIPMENT
- Adult education classes.
- Aquatics and exercise for adults
- Community Center
- COMMUNITY GARDEN PLOTS AND PROGRAMS
- Disc golf course
- fishing
- GOLF PRACTICE AREA
- INDOOR PICKLEBALL OR TENNIS FACILITY; INDOOR YOGA STUDIO, INDOOR EXERCISE EQUIPMENT
- INDOOR REC CENTER
- Indoor recreation
- Indoor recreation facility for sports, fitness, swimming, wellness courses, space for teens to socialize
- Indoor volleyball court
- Indoor walking space for during cold weather.
- More programs for the youth.
- More public meeting spaces.
- MORE YOGA
- Need more lighted properly spaced, properly built pickleball courts
- OUTDOOR ADVENTURE PARK AND HORSEBACK RIDING TRAILS AND OUTDOOR/INDOOR PERFORMING ART VENUE
- Outdoor amphitheater
- OUTDOOR/INDOOR AQUATIC CENTER
- performance venue
- Pickleball courts
- Pickleball courts
- Purchase and maintain the B&O trail further west of Green st.
- Safe walking/biking trails along Green Street to make Brownsburg more walkable / bikeable
- SPLASH PAD WITH RUBBER FLOORING
- Toddler/small safe spaces or sensory friendly
- Transforming the B&O into more than a ribbon of asphalt for people and bikes. It's the most visually boring walking trail we have ever been on…no signage, benches, planters, color of any kind, water fountain, tables for rest and picnic, trash receptacles, etc.

Q20—"Please share any additional comments that could assist Brownsburg Parks with improving parks, trails, amenities, or recreation programs and services":

- A WELCOME PKG FOR NEW PEOPLE SO WE KNOW WHAT'S AVAILABLE. NOT ENOUGH AVAILABLE FOR THE 55PLUS CROWD-NEED A COMMUNITY POOL FOR LAP SWIMMERS. WHY CANT WE USE HIGH SCHOOL LIKE MOST OTHER TOWNS? INCREASE TRAILS AND BIKE PATHS
- ADD ADDITIONAL SEATED AREAS TO STEPHENS PARK--INTEGRATE FOOD AND SHOPPING NEARBY PARKS--FARMERS MARKETS ON WEEKENDS---ADD MULCHLESS PLAYGROUNDS---INDOOR/OUTDOOR AQUATICS CENTER---SIMILAR CONCEPT TO MIDTOWN PLAZA AND MONON BLVD IN CARMEL, IN
- Add more amenities so we can stay in town and spend our money here.
- All of the parks are on the southside. Use open land and build a park on the northside.
- Anything for seniors. No interest in driving to Plainfield or Danville
- Aquatic park please !!!
- Aquatics are an absolute necessity. There are none in Brownsburg. No more apartments, build community areas instead.
- ARBUCKLE PARK ALWAYS HAS STRANGE ADULTS HANGING AROUND THAT MAKE MY FAMILY UNCOMFORTABLE. SPLASH PAD IS ALWAYS BEING WORKED ON. BLAST OFF PARK WAS BETTER WHEN IT WAS COMPLETELY FENCED. ITS HARD TO KEEP TRACK OF MULTIPLE KIDS THERE AND NOW THEY CAN ESCAPE THE BACK SIDE OF THE PLAYGROUND
- ARBUCKLE PARK--NO DRIVING OR PARKING IN LOWER PART OF PARK. CLOSE PARK TO CARS
- B&O Trail at 500N is very dangerous!!! Cyclists , kids, seem to not be aware that he traffic does NOT stop. I've witnessed them flying across the road without any respect for the oncoming traffic!!!! They do NOT have right of way. There are signs and you've cut back the trees and vegetation, but still they cross without regard or checking. Also, the solar powered flashing signs do not work. Aldo dogs need to be leashed. There are many dogs that are not leashed so wee can't take our dogs on the trails.
- BATHROOM FACILITIES ALONG TRAILS
- BATHROOMS NOT PORTAPOTTYS--OPEN BATHROOM IN WINTER-ALL WINTER
- Be aware of popular amenities offered by other communities and determine if Brownsburg can accommodate similar options. Overall I believe Brownsburg is doing well and seems to be focusing on what is important to the community and what makes sense. Thank you!
- Bring more community programs that are available in evenings and weekends, offer fun activities for young adults and teens, build an aquatic center and offer fun events at costing parks
- BROWNSBURG IS ALREADY TOO FOCUSED ON YOUTH SPORTS. IF YOUTH LEAGUES WANT NEW FACILITIES OR FIELDS, THEY SHOULD BEAR 100 PERCENT OF THE COST. NOT THE TAXPAYERS
- BUILD A POOL. TEACH LESSONS. A GENERATION OF SWIMMERS ARE MISSING OUT. ITS A SHAME
- "Cardinal park was supposed to get a playground years ago and hasn't. I haven't seen any updates in a while either, but may not be looking in the right place. That would be a wonderful addition to the park! Other parks departments have neat adult/all ages exercise equipment (like the machines that use body weight to move, like at the children's museum outdoor area). It would be great to see that at a park in town.

- We love BASE and hope to see it prioritized in the future! I'm concerned because the Icon mentioned that the town was losing money on it. It's a vital service for our community, and would disrupt countless families if it didn't continue or even expand. "
- Certain Parks need equipment and more shade.
- CONSIDER COLLABORATING WITH NEARBY TOWNS TO DEVELOP A CONSORTIUM ICE RINK-PLAINFIELD HAS 25 MILLION FROM A DONOR BUT THEIR TOWN COUNCIL IS SITTING ON THE MONEY--THIS COULD BRING A LOT OF COMMERCE IF HOCKEY AND FIGURE SKATING EVENTS WERE HOSTED AND WOULD BE GOOD FOR THE LOCAL ECONOMY
- Continue focus and walk ability of Brownsburg. Continue youth focus for education and athletics.
- CREATE MORE PARKS TO STOP HOME BUILDERS AND MANUFACTURING PLANTS IN OUR QUAINT LOVELY TOWN. THEY'RE RUINING THE SMALL TOWN FEEL, WILL BECOME TOO BIG IF THEY'RE ALLOWED TO CONTINUE. BIG TOWNS HAVE BIG TOWN PROBLEMS
- Develop an area for a public pool, either indoor or outdoor.
- DEVELOP LINCOLN PARK. NOTHING HAPPENED THERE. DEVELOP INDOOR SWIMMING AND RECRATIONAL FACILITY. BEEN HEARING FOR YEARS THIS WOULD HAPPEN, BUT NOTHING HAS
- Develop the recreational center to the land that was donated several years ago. Seniors need a local health club.
- Do not need to spend on public swimming pool. Everything has gone up in cost.
- DO NOT SPEND MONEY ON AN AQUATICS CENTER. PUT MONEY INTO MAINTAINING WHAT WE HAVE
- DO NOT SPEND OUR TAX DOLLARS ON A WATER PARK. APPARENTLY WE DONT HAVE MONEY FOR A WATER TREATMENT PLANT BUT WE'RE GOING TO BUILD A WATERPARK WHEN NOBODY USES THE SPLASH PAD? GET OUTTA HERE. DONT RAISE TAXES
- DOGS SHOULD BE RESTRICTED TO THE DOG PARK ON HERNANDEZ RD. THE OWNERS ARE LEAVING THE DOG MESSES IN THE OPEN SPACES AT ARBUCKLE AND OUR CHILDREN ARE PRACTICING THEIR SPORTS, BASEBALL, FOOTBALL AND SOCCER IN THE SAME AREA, IN THAT MESS
- EVERYTHING IS CATERED TO THE SOUTH OF HWY 74 WHEREAS THERE ARE NO PARKS OR WALKING TRAILS TO THE NORTHERN HALF OF THE TOWNSHIP AND COUNTY. THE CITY GROWTH HAS BEEN EXPANDING IN THIS AREA FOR QUITE AWHILE WITH NEW HOMES, RADS AND SEWER CONSTRUCTION BUT NOT SEEING THE PARKS/RECREATION TAKING INTEREST EXCEPT THROUGH PRIVATE (IE CHURCHES) OFFERING OF EVENTS
- Finally time for a community water park/pool
- Have police regularly patrol Williams park. Kids on motorbikes are on the trails
- Having dog poop cleaned
- Hire a staff that is not rude.
- Honestly just having better and more reliable info on the web would make such a difference. I try to glean what I can from the signs along green street but there isn’t enough time to fully read the displays and the LEDs that burn out never seem to get replaced. If info was easier to glean from the internet - either the parks website and/or Facebook- it would be much easier for citizens to know what is happening and plan to attend

- I am confused as to why the original board for Cardinal Park was going to have a playground as well as the Bark Park but then the playground seemed to just not happen. My family was looking forward to it and not sure why it never came to fruition.
- I DID NOT KNOW WE HAD AN INDOOR AND OUTDOOR POOL. WOULD BE NICE TO HAVE AN AQUATIC CENTER
- I do not believe Lincoln Park needs major development. Leave it as open space with pollination gardens. I believe a pool is a horrible idea for the budget and the 4-5 months it could be used. Spend funds on improving existing parks and add trees and new activities.
- I have 3 dogs and I feel the fee for the dog price is way too high. It's almost $300 a year for the dog park which truly is a nice park for people who have dogs and need a fenced in area. There is not much there for the dogs. There are too many obstacles in the way for dogs to run and play ball or frisky or anything. There needs to be some agility type apparatus. Every time I ask I am told there is not plan to developer any further. Which o find sad and disheartening.
- I LOVE THE PARKS HERE. ENJOY THE AREAS THAT ARE STILL WOODED AND NOT PAVED BUT UNDERSTAND THE NEED FOR PAVING SOMETIMES
- I think you guys do a great job with the tools you are given. I wish we had more amenities for the families in town but I know its an uphill battle based on a few loud voices. I appreciate all you do and will be supporting your endeavors.
- I would like more preschool activities on evenings and weekends to accommodate working parents. I would love a reasonable indoor or outdoor community pool. We do not need anything extravagant, but a place everyone could access (for a fee/ membership) would be awesome.
- I WOULD LIKE MORE YOGA CLASSES OFFERED
- I WOULD LOVE TO SEE COMMUNITY GARDEN PLOTS SCATTERED THROUGH THE TOWN SO ITS ACCESSIBLE TO NUMBEROUS NEIGHBORHOODS. USE A REFUNDABLE DEPOSIT SO YOU GET PEOPLE WHO ARE SERIOUS ABOUT PLANTING AND MAINTAINING THEIR PLOT
- I would love to see more produce stands at the Farmers Market. But I love the updates with theme nights-like Kid Biz! I am also a huge fan of having a dog park so close to home.
- "I'm sorry to be so critical, we are grateful to have the amenities offered to us and so appreciate the dedication of the town and staff to provide such opportunities to its citizens. Parks are the heart of our community and should continue to evolve boldly, we love Brownsburg and want only the best for our residents to thrive in a beautiful, safe, and engaging atmosphere.
- I would love to see more developer-supported open spaces by creating or funding parks as part of their commitment to build in our town."
- "If you decide to build new baseball diamonds, don't allow BLLB to keep the public out of the fields they don't own.
- Bocce ball and sand volleyball courts would be nice and are cheap to maintain. "
- I'M A CYCLIST THAT LIVES ON THE NORTH SIDE OF BROWNSBURG. I WOULD LOVE TRAILS THAT WOULD GET ME DOWN TO THE B&O TRAILS. THAT WOULD ALLOW FOR MORE TRAFFIC SAFETY FOR ME AND MORE CONVENIENCE
- "Improvements need to include handicapper accessibility, well placed benches in trails (some people are in cardiac or pulmonary rehab), an indoor outdoor swimming facility, and expanded programming for all ages.
- Build a Park Community facility for classes and rentals. Eaton Hall does not meet community needs,"

- In other communities I have lived in, I was able to take classes like-dog obedience, sign language, Spanish, ballroom dancing, cooking, etc. I wish Brownsburg had programs like these.
- INCLUDE MORE SPORT ACTIVITIES FOR ADULTS AS WELL AS YOUTH
- Increase acquisition on land for parks/rec.
- Indoor and outdoor swimming pool and multi use community center should be prioritized
- Invest in the community, we have butterfly gardens and walking trails and horse trails but we are the WORST town for a family
- It would be great to have a bike trail from summer ridge to the b&o trail. Also would love some wooded unpaved trails like Williams has.
- I've been bummed that Arbuckle has been taken over from what it used to be to basically only being accommodations for the apartments and we lost much of the fields and space previously had. I fully support the Parks Department and dislike the Town Council interfering with them.
- Keeping it safe and fun.
- Learn more about invasive plants on the B&O and Native and non-native plants and trees. Protect our pollinators!!
- Loving the expansion of the B&O! Need more parking for 4th of July activities. I would love a mountain biking trail, or even just some more unpaved walking trails. An aquatic center would be a great addition to the town.
- Make all the warehouses pay taxes and then use that money to build a decent swimming pool for residents.
- MIMICK CARMEL, IN
- More communication about programs offered.
- More festivals, entertainment, advertise events. signs shaded areas to sit and read. Outdoor- ice skating rink. Need more visual advertisement
- Mostly our parks are well maintained but the bathrooms could always use some attention. Also we seem to have great sports facilities but a pool even if it was in ymca facility would be great
- Moving but will likely still use trails for running. Appreciate the improvements that have been made in this area to decrease running with cars on the road.
- Moving the fireworks aback to soccer fields by the high school. Less trees to back view.
- MY HUSBAND AND I HAVE ENJOYED PAST FOOD TRUCK/MUSIC EVENTS HELD AT THE TOWN CENTER--BBQ FEST SEPT 2017; I PERSONALLY MISS THE FESTIVAL OF ARTS AND WISH THERE WAS A WAY TO GET VOLUNTEERS/WORK THROUGH THE RESTRICTIONS FOR THIS EVENT-PUBLIC SAFETY/FEES FOR VENDORS-TO REVIVE THIS FESTIVAL IN SOME FORM
- NEED AN AQUATIC CENTER, WE HAVE TO GO TO SURROUNDING CITIES WITH GRANDKIDS. IT WOULD PAY FOR ITSELF IN UPCOMING YEARS. SPLASH PAD HAS BEEN 'OUT OF ORDER' A LOT THIS SUMMER, NEEDS IMPROVEMENT-ITS VERY POPULAR WITH YOUNG CHILDREN
- NEED MORE ACCESS TO YOUTH SPORTS
- Need more amenities on B&O, especially a restroom facility somewhere west of Green St. More interconnection between trails as well.
- Need to keep our youth busy.
- NO AQUATIC CENTER!!!
- Our community is VERY MUCH lacking compared to other surrounding communities. We 100% need a recreational swimming center like Lebanon, Plainfield, and Danville already have.

- Our community needs an indoor recreational center that can offer a variety of health and wellness courses and facilities for all ages: indoor walking track, fitness machines, pool, basketball courts, pickleball courts, rock climbing walls, etc.
- Our family enjoys Farmers Market, pickleball, baseball, running and walking. We would enjoy more walking trails maybe around water, conservation areas, pollinator gardens and a pool.
- Our Farmers market sucks... I understand that other Farmers markets are in worse areas, but striving to just suck less than others is a lack luster goal. It also seems like we use the green space in front of city hall because someone has to justify it instead of picking a location that has the ambiance and appeal of a farmers market. I'd love to see the Farmers market at Arbuckle, under the old growth trees in the upper parking. I can browse food, picnic in the grass under the shade of a tree or pavilion. More food trucks. A farmers market that goes into September. I gladly drive to Zionsville to go to their farmers market but I'd love to see that same quality of market in Brownsburg and I don't think there is any reason we can't accomplish that.
- Outdoor water park, really a shortfall that Brownsburg doesn't have this type if facility
- Parking is an issue at all trailheads that needs to be addressed. Also safety on trails. More community events. Amphitheater for music and other events would be great.
- Parks should be the heart of the city. Continue to maintain and update present day parks and activities. Community events are great. Add more yoga classes.
- PLEASE BUILD INDOOR AND OUTDOOR AQUATIC CENTERS WITH DIVING BOARDS AND HUGEE SLIDES, AND ADVENTURE PARKS AND HORSEBACK RIDING TRAILS WITH HORSES LIKE FORT BEN. HARRISON STATE PARK AND INDOOR AND OUTDOOR PERFORMING ARTS VENUES
- POOL!!!
- Quality of sports fields for youth is key to maintaining value of town. Place for indoor swimming would be nice.
- Save money for bigger projects so or won't affect the taxpayers.
- "Sleigh rides at Christmas time for kids would be fun!
- Xmas events earlier in the day for the tree lighting would help for parents of littles.
- Farmers Market on a Saturday morning would be more convenient.
- Close down downtown Brownsburg and have events?"
- Stop approving residential editions. I love our parks, town cannot support more people.
- STOP PEOPLE FROM USING PROPERTY AS A BUSINESS IN UNCLASSIFIED AREAS. ALSO FROM USING LOCUST LANE, TILDEN AND I'M SURE THERE ARE OTHERS, FOR A PARKING LOT. SOME OF THE POLICE DEPARTMENT AGREES WITH ME BUT DOES NO GOOD. ALSO, WHY PAY A COMPANY FROM KANSAS TO RUN YOUR BUSINESS. DO IT WITH THE LECTED PEOPL. GLAD YOU FURNISHED SELF STAMPED ENVELOPE OR I WOULDNT HAVE WASTED MY TIME AND YOURS
- Stop trying to build a pool or aquatic center. The people paying for it won't use it and you all are incapable of keeping the splash pad running. A pool won't make it better.
- Stop wasting my tax dollars to build unnecessary structures like a new pool. Lower property taxes instead.
- Taxes are destroying people and need to be reduced dramatically. All these things listed should not be funded by tax dollars.
- Teach bicycle safety to youth
- Thank you

- Thanks for all you do now!
- THE AQUATIC CENTER IS TRENDY. AREA IS WELL SERVED BY THESE FACILITIES IN NEARBY COMMUNITIES BOTH EXISTING AND PLANNED. FOCUS ON ITEMS THAT ARE DIFFERENT AND NOT EXISTING AT OTHER PARKS
- The area on 700N west of 267 (new Windridge additions) is completely cut off from any trail system or park. We have to drive to get to any trail or park. We use the park near the Bethesda school as it is the only thing close. We pay taxes and should get the benefits of the park system. There are not even sidewalks connecting this area to the town.
- The parks don't seem as safe as they use to as the population has grown.
- The parks have been well run by a dedicated staff. Please don’t screw it up
- THE PRICE OF BASE/CAMPS CONTINUES TO INCREASE. OFTEN ACTIVITIES GET CANCELLED AND NO REIMBURSEMENT/REIMBURSEMENT DIFFICULT
- The process to rent public meeting spaces is cumbersome and does not support local small business from using the space.
- There are enough nearby options for pools and aquatics, I don't see the need for another one nor do I think it's a good use of taxpayer money.
- There are few sports courts that prioritize girl's sports-volleyball, softball. No indoor sports courts or pools available for adults or kids. We have to drive to B&O trail due to no trail head near us. Other neighborhoods are being approved and built with little or no amenities. These neighborhood residents then drive to our neighborhood to use our park and amenities. Worse sometimes families cross a dangerous road to enter our subdivision. Unless children are enrolled in a school activity, there are few programs for teens/tweens to participate in. I would love to see a social gathering program for teens/tweens to engage routinely.
- THERE IS A HUGE NEED FOR AN INDOOR ADULT AND SENIOR FACILITY FOR RECREATION, AQUATICS-LAP SWIM, WATER EXERCISE, AQUA YOGA; CLASSROOMS FOR CHAIR AND MAT YOGA, EXERCISE EQUIPMENT. TREADMILLS, ROWERS, BICYCLES, WEIGHTS-INDOOR PICKLEBALL AND TENNIS, INDOOR WALKING TRACK, RESTROOMS, SHOWERS
- There is only ONE full size basketball court in this whole town, please build more! More splash pads would be amazing, ours is always too full and maybe have one that doesn’t have a “big splash” feature. We have plenty of open space at Williams for picnics and such, would love more places to sit to eat and shade. A walking path around Blast Off park would be amazing, too, so we can walk while our children play.
- This town has a ridiculous amount of park property for as few people I have seen use them.
- "Updates to know what to come and communication to notify of programs.
- For example, Cardinal Park and a development plan with identified phases at the park and then one day it disappeared with no updates on the website.
- It would be nice to see plans followed thru instead of starting new ones with no updates on status of projects that have been started."
- Water aerobics at 6pm
- WE DON'T NEED A POOL, SPLASH PAD, or ANY OTHER WATER PARK IDEAS FOR OUR TOWN!!!!
- We enjoy the many activities offered to adults over 55 in Danville. It takes us 30 minutes to get there. We would like to participate in activities here in Brownsburg with our over 55 y/o friends.
- WE HAVE LIVED IN BROWNSBURG LESS THAN 2 YEARS. I FEEL YOU HAVE VERY BEAUTIFUL, WELL MAINTAINED AND NUMEROUS PARKS. I WOULD LIKE TO SUPPORT THE FARMERS MARKET

MORE-BUT PARKING IS ALWAYS AN ISSUE. IM NOT AWARE OF ANY DOG PARKS IN THE AREA AS WE ARE NEW DOG OWNERS ALSO. WE ARE NOT AWARE OF ANY SENIOR EVENTS OR TRIPS

- We love Brownsburg parks and use the trails often. Would love to see the trails expanded and better parking for the trails.
- WE LOVE BROWNSBURG. THANK YOU FOR ALL THAT IS OFFERED. WE WOULD LOVE A POOL INDOOR AND OUTDOOR WITH SWIM LESSONS
- We need a community center with affordable meeting rooms (Eaton Hall) isn't really affordable. We need activities for the growing Senior population. Indiana in general offer little for the Seniors. The county seat has a Senior center but driving the distance with traffic could be a problem.
- We need a pool and community center with programs for teens and adults with an indoor recreational center and gym
- We need a pool.
- We need more pickleball courts. Stevens park is always busy, we can never get a court.
- We need more soccer fields.
- We need to be able to safely ride bikes from our homes to parks. We need more sidewalks.
- We really need an aquatic center for Brownsburg!
- We spend a lot of time and money driving to other towns from recreation, danville, Plainfield, Lebanon, greenwood... feels like w how fast brownsburg is developing we should have those things here. A rec center like greenwood, or a pool like all the other towns.
- WE WOULD LIKE MORE SENIOR PROGRAMS SUCH AS TAI CHI, SENIOR EXERCISE GROUPS, MORE TRAILS, MORE NATURAL CONSERVATION AREAS WITH TRAILS
- WE WOULD LOVE TO SEE MORE PARKS UPGRADED LIKE STEPHENS PARK-WE LOVE THE QUALITY OF EQUIPMENT AND SURFACE UNDER THE STRUCTURES. WE WOULD LOVE TO SEE AN AQUATIC/REC CENTER
- We would love to see some parks on the north side. We would also like water facilities, indoor facilities.
- WHAT HAS HAPPENED IN REGARDS TO THE PROPOSED RECREATION CENTER? I ATTENDED PUBLIC MEETINGS ABOUT 5 YEARS AGO AND THAT SOUNDED LIKE A GREAT RESOURCE THAT COULD HOLD MANY PROGRAMS
- When hiking, we typically go to state parks for more challenging adventures. If Brownsburg could have some trails or events more like the state parks do, that would definitely draw our interest. Not sure we need a pool or anything like that. Making the shelter rental more affordable would be nice. Its a fraction of the cost to rent the shelter at McCloud and the trails are really nice there too.
- When I grew up a park was a park. If ya want all the hype n teams from a park, go to Disney World.
- Why is Northwest Community Park not listed?
- WILLIAMS PARK SPLASH PAD IS BROKEN OFTEN, WOULD LIKE TO SEE THAT WORKING MORE OFTEN
- Would love a pool and another splash pad. The floor of the splash pad needs to be refinished at Williams Park.

- WOULD LOVE MOUNTAIN BIKE TRAILS AT MAPLE RIDGE OR OTHER PARKS; REC CENTER WITH SWIMMING POOL WOULD BE GREAT
- Would really like a practice tennis court. That is a regular court which has a high wall where the net would be.. Then you can play by yourself because you are hitting the ball against the wall. You basically would have two courts. One on each side of the wall. Used one of these in Virginia. Really miss it.
- Young family. We love trails and parks. Youth events will become more important in the coming years. Love the Farmers Market
- Youth sports teams have inadequate fields to practice/play on. Baseball fields cannot sustain the size of the program , not able to facilitate adequate practice space. Softball has no designated area as well. Westside soccer is also lacking in space and resources. We are in the top 5 in High school size yet our athletes have no local access to practice fields.

8 Survey Instrument

A Few Minutes of Your Time Will Help Make Brownsburg a Better Place to Live and Play!

Dear Resident:

Your response to the enclosed survey is extremely important…
The Town of Brownsburg is conducting a Citizen Survey as part of its new Parks and Recreation Master Plan to help determine priorities for our park system. Your household is one of a limited number selected at random to receive this survey, so your participation is very important.

We appreciate your time…
We realize that this survey will take approximately 10-15 minutes to complete, but each question is important. The time you invest in completing this survey will aid Brownsburg Parks and Recreation in taking a resident-driven approach to making decisions that will enrich the future of our community and positively affect the lives of our residents.

Please complete and return your survey within the next two weeks.
ETC Institute, an independent consulting company, will administer the survey and compile the results.

Your responses will remain confidential. Please return your completed survey in the enclosed postage-paid envelope addressed to ETC Institute, 725 W. Frontier Circle, Olathe, KS 66061. If you prefer to take the survey by web, the address is BrownsburgSurvey.org

If you have any questions, please feel free to contact Amber Lane at 317.858.4172 or alane@brownsburgparks.com. The Citizen Survey is a tool that will benefit all of the community. Do not miss this opportunity to make your voice heard!

Sincerely,

Amber Lane
Assistant Director of Parks and Recreation

2023 Community Interest and Opinion Survey

The Town of Brownsburg Parks Department requests your feedback to determine the priorities for park and recreation facilities in our community. Your participation in the survey is highly appreciated and should take approximately 10-15 minutes to complete. After completing the survey, please return it using the enclosed postage-paid envelope. You may also complete the survey at *BrownsburgSurvey.org*. We appreciate your assistance in creating thrilling experiences for our community!

ETC Institute, an independent consulting company, administers and compiles the survey results.
Your responses will remain confidential.

---

1. Please indicate if YOU or any member of your HOUSEHOLD has used any of the following Brownsburg parks/facilities during the past 12 months by circling "YES" or "NO."

If "YES," please rate your satisfaction of the site by circling the corresponding number to the right.

Parks, Properties, and Facilities:		Have you used or visited?		If "Yes," rate your satisfaction.				
				Very Satisfied	Satisfied	Neutral	Dissatisfied	Very Dissatisfied
01.	Park Office	Yes	No	5	4	3	2	1
02.	Arbuckle Acres Park	Yes	No	5	4	3	2	1
03.	Bundy Lodge in Arbuckle Acres Park	Yes	No	5	4	3	2	1
04.	Cardinal Park	Yes	No	5	4	3	2	1
05.	Eaton Hall at Town Hall	Yes	No	5	4	3	2	1
06.	Stephens Park	Yes	No	5	4	3	2	1
07.	Cardinal Bark Park	Yes	No	5	4	3	2	1
08.	Williams Park	Yes	No	5	4	3	2	1
09.	Watermill Splash Pad in Williams Park	Yes	No	5	4	3	2	1
10.	B&O Trail	Yes	No	5	4	3	2	1
11.	White Lick Creek Greenway	Yes	No	5	4	3	2	1

2. Which THREE of the parks/facilities listed in Question 1 have you or members of your household used the most during the past 12 months? *[Write in your answers below using the numbers from the list in Question 1, or circle "NONE."]*

1st: ____ 2nd: ____ 3rd: ____ NONE

3. How would you rate the overall condition of all parks you have visited?

____(4) Excellent ____(3) Good ____(2) Fair ____(1) Poor

4. From the following list, please CHECK ALL the ways your household has learned about Brownsburg Park's projects, programs, and events during the past 12 months.

____(01) Parks and Recreation Department Mailer
____(02) Word of mouth
____(03) Annual Report
____(04) Town or Parks Website
____(05) Conversations with staff
____(06) Social media
____(07) Email
____(08) Public meetings
____(09) Newspaper
____(10) Other: _____

5. Has your household participated in any recreation programs and events offered by Brownsburg Parks during the past 12 months?

____(1) Yes *[Answer Q5a-e.]* ____(2) No *[Skip to Q6.]*

5a. How many recreation programs/events offered by Brownsburg Parks have you or members of your household participated in during the past 12 months?

____(1) One ____(2) 2-3 ____(3) 4-6 ____(4) 7 or more

5b. Has your household participated in any of the following recreation programs offered or co-sponsored by Brownsburg Parks during the past 12 months? *[Check ALL that apply.]*

____(1) Before and After School Enrichment (B.A.S.E & P.E.A.K.)
____(2) Fitness, wellness, and sports
____(3) Outdoor adventure/nature programs
____(4) Community and special events (Blues in the 'Burg, July 4 Fireworks, Christmas Under the Stars)
____(5) Camps
____(6) Brownsburg Farmers Market
____(7) Youth programs
____(9) None, my household does not participate in any programs

5c. Please check the THREE primary reasons why your household has participated in Brownsburg Parks recreation programs/activities.

____(1) Quality of instructors/coaches
____(2) Location of the program facility
____(3) Quality of the program facility
____(4) Nowhere else to go for the service
____(5) Times the program is offered
____(6) Friends participate in the program
____(7) Dates the program is offered
____(8) Other: _____

5d. How would you rate the overall quality of recreation programs/activities that you have participated in?

____(4) Excellent ____(3) Good ____(2) Fair ____(1) Poor

5e. How would you rate the overall value for the cost of programs that you have participated in?

____(4) Excellent ____(3) Good ____(2) Fair ____(1) Poor

6. Please CHECK ALL the following reasons that have prevented you or other members of your household from using Town of Brownsburg parks or recreation facilities MORE OFTEN.

____(01) Use parks/trails in other cities
____(02) Too far from home
____(03) Parks/Trails are not well maintained
____(04) Lack of features we want to use
____(05) Lack of parking to access parks/trails
____(06) Do not feel safe using parks/trails
____(07) Lack of special accommodations
____(08) Not aware of park or trail locations or accommodations
____(09) Lack of restrooms
____(10) Other: _____
____(11) None; nothing prevents us from using or visiting

7. Please CHECK ALL the following reasons that prevent you or members of your household from using recreation programs/events offered by Brownsburg Parks MORE OFTEN.

____(01) Lack of quality instructors
____(02) Old and outdated facilities
____(03) Use programs of other agencies
____(04) Do not know what is offered
____(05) Lack of quality programs
____(06) Fees are too high
____(07) Too far from home
____(08) Program times are not convenient
____(09) Classes are full
____(10) Program not offered
____(11) Registration is difficult
____(12) Responsiveness by staff
____(13) Lack of right program equipment
____(14) Too busy/not interested
____(15) Lack of special accommodations
____(16) Other: _____
____(17) None; nothing prevents us from using or participating

8. Please indicate how well your needs are being met for each of the facilities and amenities listed below on a scale of 4 to 1, where 4 means your needs are "Fully Met," and 1 means your needs are "Not Met" at all. If you do not have a need for an item listed, please circle "9" for "No Need."

	Type of Facility/Amenity	Fully Met	Mostly Met	Partly Met	Not Met	No Need
01.	Community art	4	3	2	1	9
02.	Community gardens	4	3	2	1	9
03.	Multi-use sports fields	4	3	2	1	9
04.	Disc golf	4	3	2	1	9
05.	Dog park (fenced, off-leash)	4	3	2	1	9
06.	Downhill winter recreation facility (e.g., sledding hill)	4	3	2	1	9
07.	Indoor aquatic center	4	3	2	1	9
08.	Indoor multi-purpose activity courts	4	3	2	1	9
09.	Community and neighborhood parks	4	3	2	1	9
10.	Multi-use paved trails (hiking, biking, walking)	4	3	2	1	9
11.	Multi-use unpaved trails (hiking, biking, walking)	4	3	2	1	9
12.	Open space and conservation areas	4	3	2	1	9
13.	Outdoor adventure park (e.g., climbing walls, ropes, swings, ziplines)	4	3	2	1	9
14.	Outdoor amphitheater/outdoor performing arts venue	4	3	2	1	9
15.	Outdoor aquatic center	4	3	2	1	9
16.	Outdoor exercise/fitness equipment	4	3	2	1	9
17.	Outdoor multi-use courts	4	3	2	1	9
18.	Park equipment for all abilities/all ages	4	3	2	1	9
19.	Picnic areas and shelters	4	3	2	1	9
20.	Social spaces (i.e., fire pit social area or teenage socializing areas)	4	3	2	1	9
21.	Splash pads	4	3	2	1	9
22.	Other (please specify): _____	4	3	2	1	9

9. Which FOUR facilities/amenities from the list in Question 8 are MOST IMPORTANT to your household? *[Write in your answers below using the numbers from the list in Question 8, or circle "NONE."]*

1st: ____ 2nd: ____ 3rd: ____ 4th: ____ NONE

10. From the following list, please CHECK ALL of the organizations that you or members of your household have used for recreation and sports activities during the last 12 months.

____(01) Brownsburg Parks and Recreation
____(02) Neighboring cities
____(03) 4-H Fairgrounds
____(04) Schools (K-12)
____(05) Colleges/Universities
____(06) Private clubs/fitness centers
____(07) Indiana state parks, Lakes and/or reservoirs
____(08) Churches/Spiritual centers
____(09) Other: _____

11. Please check ALL the parks or facilities you or members of your household have used for recreation activities during the past 12 months.

____(01) Town of Danville Parks & Aquatic Center
____(02) Hendricks County Parks
____(03) Hendricks Regional Health YMCA
____(04) Indy Parks (e.g., Eagle Creek)
____(05) Connection Pointe Fitness/Sports
____(06) Washington Township (Avon) Parks

14.	Senior fitness and wellness programs	4	3	2	1	9
15.	Senior trips	4	3	2	1	9
16.	STEAM (science, technology, engineering, arts, and mathematics)/tech classes	4	3	2	1	9
17.	Swim lessons	4	3	2	1	9
18.	Teen/tween programs and mentorship	4	3	2	1	9
19.	Water fitness programs/lap swimming	4	3	2	1	9
20.	Youth fitness and wellness programs	4	3	2	1	9
21.	Youth performing arts programs (e.g., dance, music, and theater)	4	3	2	1	9
22.	Youth sports programs and camps	4	3	2	1	9
23.	Youth visual arts and crafts programs	4	3	2	1	9
24.	Other (please specify): _____	4	3	2	1	9

13. Which FOUR programs from the list in Question 12 are MOST IMPORTANT to your household? *[Write in your answers below using the numbers from the list in Question 12, or circle "NONE."]*

1st: ____ 2nd: ____ 3rd: ____ 4th: ____ NONE

14. Please rate your satisfaction on a scale of 5 to 1, where 5 means "Very Satisfied" and 1 means "Very Dissatisfied," with the following parks and recreation services <u>provided by Brownsburg Parks.</u>

	Services	Very Satisfied	Satisfied	Neutral	Somewhat Dissatisfied	Very Dissatisfied	Don't Know
01.	Maintenance of parks	5	4	3	2	1	9
02.	Acres of parks	5	4	3	2	1	9
03.	Miles of walking/biking trails	5	4	3	2	1	9
04.	Quality of outdoor basketball courts	5	4	3	2	1	9
05.	Amount of open spaces	5	4	3	2	1	9
06.	Number of tennis courts	5	4	3	2	1	9
07.	Youth programs	5	4	3	2	1	9
08.	Adult programs	5	4	3	2	1	9
09.	Number of nature conservation areas	5	4	3	2	1	9
10.	Special events	5	4	3	2	1	9
11.	Ease of registering for programs	5	4	3	2	1	9
12.	Quality of programs and facilities for adults 55 years of age and older	5	4	3	2	1	9
13.	Rental of shelters, gyms, or meeting rooms	5	4	3	2	1	9

15. Which THREE parks and recreation services in Question 14 on the previous page do you think Brownsburg Parks should prioritize? *[Write in your answers below using the numbers from the list in Question 14, or circle "NONE."]*

1st: ____ 2nd: ____ 3rd: ____ NONE

16. Please rate your level of satisfaction with the overall value that your household receives from Brownsburg Parks.

____(5) Very Satisfied ____(3) Neutral ____(1) Very Dissatisfied
____(4) Somewhat Satisfied ____(2) Somewhat Dissatisfied ____(9) Don't Know

17. From the following list, please CHECK ALL of the ways you would prefer to learn about Brownsburg Parks and Recreation programs and events.

____(01) Mailer to home
____(02) Website: *brownsburgparks.com*
____(03) Materials at parks facilities
____(04) Conversations with staff
____(05) Newspaper advertisements
____(06) Friends and neighbors
____(07) Promotions at special events
____(08) Signs/Banners at parks facilities
____(09) E-News
____(10) Social media
____(11) Radio
____(12) Text/email notifications from website
____(13) Other: _____

18. The following are major actions that the Town of Brownsburg could take to improve the Parks and Recreation system. Please indicate whether you would be "Very Supportive," "Somewhat Supportive," or "Not Supportive" of each action by circling the number next to the action.

	How supportive are you of having the Town of Brownsburg:	Very Supportive	Somewhat Supportive	Not Sure	Not Supportive
01.	Acquire open space for passive activities (i.e., trails, picnicking, etc.)	4	3	2	1
02.	Acquire open space for trailhead parking, youth sport practice playground equipment, etc.	4	3	2	1
03.	Upgrade existing parks (Arbuckle Acres Park, Williams Park)	4	3	2	1
04.	Upgrade existing trails	4	3	2	1
05.	Develop existing park properties (Lincolnwood Park)	4	3	2	1
06.	Develop additional splash pads	4	3	2	1
07.	Develop new walking/biking trails and connect existing trails	4	3	2	1
08.	Develop new sports fields (i.e., baseball, lacrosse, etc.)	4	3	2	1
09.	Develop an indoor/outdoor swimming pool	4	3	2	1
10.	Other: _____	4	3	2	1

19. Which THREE of these items are MOST IMPORTANT to your household to develop? *[Write in your answers below using the numbers from the list in Question 18, or circle "NONE."]*

1st: ____ 2nd: ____ 3rd: ____ NONE

20. Please share any additional comments that could assist Brownsburg Parks with improving parks, trails, amenities, or recreation programs and services:

_____

PARK ASSESSMENTS

Inventory for Brownsburg Parks involved a thorough evaluation of park facilities, amenities, and natural features. It includes details like location, size, layout, existing infrastructure such as playgrounds and trails, and the condition of these assets. This assessment is crucial for effective park management and future planning.

ARBUCKLE ACRES PARK

INVENTORY & ANALYSIS -
Only street lighting - no pedestrian lighting or cameras. There is a need to increase the lighting along the perimeter pathways.

BUILDINGS & STRUCTURES

Park Feature	Amount	General Notes	ADA Assessment	Opportunities & Improvements
Restrooms	3	Structures in good condition.	Multiple ADA routes available, two sides.	Athletics area only has portable restrooms, space to upgrade to building.
Arbuckle Acres Pavilion	1	Great condition.	ADA route to structure. Only 2 tables are ADA accessible.	
Shelters	7	All in good condition. Each shelter has a grill and counter station. Lighting under shelter ceilings.	ADA Route to structure. Tables not ADA accessible.	
Lodge Building	1	Great condition.	ADA route available	
Bridge over Creek	2	Good condition.		Small wood bridge could use railing.
Misc. Maintenance Buildings	2	Structures in good condition.	ADA route available	
Picnic Huts		Okay condition.	Not accessible	Room and aesthetic maintenance is needed.

PLAYGROUNDS

Park Feature	Amount	General Notes	ADA Assessment	Opportunities & Improvements
Structures	3	Some components are worn or fading.	No ADA path to swings in lower park. No ADA routes to upper swings or main playground. Tiny Tots Playground is accessible.	Minor cleaning and painting touch up needed. Could provide shade sails.
Surfacing		Main playground and lower swings have a wood fiber surface that requires maintenance.	Tiny Tots playground has an accessible PIP surfacing. Upper swings have PIP surfacing but not route.	Opportunity to replace with play turf or resilient surfacing when main playground is updated.

FURNISHINGS & SIGNAGE

Park Feature	Amount	General Notes	ADA Assessment	Opportunities & Improvements
Benches/ Furnishings		Well placed	Most furnishing do not provide ADA accessibility.	The wood benches need maintenance or replacement
Rules & Regulatory Signage				Need signs at strategic locations clearly stating policies.
Park Signage Maps / Way-finding				Need signs at strategic locations of mapping.
Interpretive Signage				Opportunity for signage in many locations.
Entry Signage	1	New digital display monument sign at main entrance.		
Water Fountains	3	Good condition.	ADA accessible water fountains around the park.	Additional fountains in the northern (lower) portion of the site are needed.
Bike Racks				Add bike racks to upper and lower areas.
Trash Receptacles		Old trash cans are in poor condition.		Most are updated (replaced), the rest needs replaced for uniformity.
Pet Waste Station		Good condition.		
Picnic Tables		Good condition.	Most are not ADA accessible.	
Grills & Stations		Grills in good condition. Counter station's tops are broken off on corners.	ADA accessible	

PAVEMENTS

Park Feature	Amount	General Notes	ADA Assessment	Opportunities & Improvements
Parking Lots	4	Good condition.		Lodge parking could use lighting updates.
Trails / Sidewalks		Good condition. Connection to neighborhoods.		
Stairs / Ramps		2 wooden stairs are in good condition.		

ATHLETICS & GAMES

Park Feature	Amount	General Notes	ADA Assessment	Opportunities & Improvements
Diamonds	4	Fields in good condition. Concessions are in a trailer. Only the large diamond has lighting. Dugouts and press box on large diamond only. Fence is rusted in back drop area and net is worn. Grass is dead behind larger diamond.	Not accessible	Provide accessible routes to diamonds for both spectators and participants.
Basketball	2 courts, 4 baskets	Nets are old. Asphalt has cracking. Has lights.	Not accessible	Provide an accessible route to basketball courts.
Tennis / Pickleball	2	Surfacing was replaced this year. Has new fences.	Not accessible	Provide an accessible route to tennis / pickleball courts.

VEGETATION

Park Feature	Amount	General Notes	ADA Assessment	Opportunities & Improvements
Trees		See Appendix E.		
Invasive Plant Species		See Appendix E.

INVENTORY & ANALYSIS -

BUILDINGS & STRUCTURES

Park Feature	Amount	General Notes	ADA Assessment	Opportunities & Improvements
Shelters	7	Good condition.		Shelters could use new paint.
Restrooms	2	Good condition. Has water fountains.		
Splash Pad Control Structure	1	Structure in good condition		

PLAYGROUNDS

Park Feature	Amount	General Notes	ADA Assessment	Opportunities & Improvements
Blast-Off Playground		Structures in good condition. Some surface deterioration.	PIP accessible paths were replaced this summer.	Added shade around playground.
Secondary Playground		Some components worn or faded. ll surfaces are wood fiber and require maintenance.	No ADA compliant swings provided.	Opportunity to replace with play turf.
Watermill Splash Pad		Above ground components are in good condition. Could use surface touch ups.	ADA accessible.	
Outdoor Classroom		Good condition.	Not Accessible	

ATHLETICS & GAMES

Park Feature	Amount	General Notes	ADA Assessment	Opportunities & Improvements
Basketball	4 half courts	Great condition.	Not accessible	

FURNISHINGS & SIGNAGE

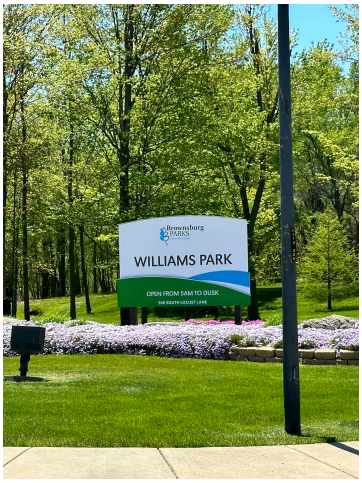

Park Feature	Amount	General Notes	ADA Assessment	Opportunities & Improvements
Benches / Furnishings		Benches along trail and around play-ground are aged.		New benches for uniformity.
Rules & Regulatory Signage		None		Need signs at strategic locations clearly stating policies.
Park Signage Maps / Way-finding		None		Need signs at strategic locations of mapping.
Interpretive Signage	1	Located in pollinator garden and in good condition.		Opportunity for more around the park.
Entry Sign		New great condition.		
Lighting				
Water Fountains	3	2 located at restrooms, good condition. 1 along trail.	ADA accessible.	
Bike Racks		Located at Blast-Off Playground		More can be placed around park.
Trash Receptacles		All old poor condition and need replaces		
Pet Waste Station		Several and in good condition.		
Picnic Tables		Good condition.		
Grills		Good condition.		

PAVEMENTS

Park Feature	Amount	General Notes	ADA Assessment	Opportunities & Improvements
Parking Lot	6	Parking lots have significant cracking.	ADA accessible.	Lot resurfacing and striping could enhance park aesthetics.
Sidewalks		Good condition.	ADA accessible.	
Ramps		New ramp to Blast-Off Play is needed.		
Other / Specialty		N/A		

VEGETATION

Park Feature	Amount	General Notes	ADA Assessment	Opportunities & Improvements

Arbuckle Park Ecological Assessment and Invasive Plant Report

Location and Geology

Arbuckle Acres Park straddles White Lick Creek on the west side of Brownsburg, Indiana northwest of the intersection of highways US 136 and State Road 267. The CSX railroad forms its southern boundary. It is a 38-acre park that contains many recreational amenities as well as the managed natural areas discussed in this assessment.

The park is situated on the Tipton Till Plain Natural and Geologic Regions of central Indiana. The soils are derived from glacial till and alluvium deposited during the Wisconsin glaciation. The floodplain of White Lick Creek contains Genessee and Shoals soils derived from alluvium while most of the uplands in the park harbor Miami Soils derived from glacial till. The wooded bluff on the south side of Whitelick Creek is composed of Hennepin fine loam characteristic of steep slopes and derived from glacial till.

Plant Communities

The plant communities of Arbuckle Park are almost entirely second-growth woodland. Despite this status, relatively large trees occupy portions of the floodplain since eastern cottonwood and American sycamore grow rapidly on alluvial soils. While no high-quality remnant plant communities are contained in the park, these forested communities provide a variety of environmental and recreational benefits to the community and can improve over time with proper management.

Wooded Bluff

This plant community occupies the curved bluff south of the White Lick Creek that separates the floodplain from the developed areas in the southern portion of the park. Characteristic trees of this habitat include common hackberry, black walnut, bitternut hickory, and American elm. Blackhaw (*Viburnum prunifolium*) is a native shrub that occurs in this habitat. Herbaceous species visible at the time of the survey in May included Solomon's seal (*Polygonatum biflorum*), early wild rye (*Elymus macgregorii*), riverbank wild rye (*Elymus riparius*), Davis' sedge (*Carex davisii*), clustered black sanicle (*Sanicula odorata*), false solomon's seal (*Maianthemum racemosum*), wild geranium (*Geranium maculatum*), and obovate beak grass (*Diarrhena obovata*).

While this bluff has obviously been cleared of most invasive shrubs through the central portions of the park, the east and west ends of the bluff that are separated by roads have not received stewardship and contain nearly complete coverage of invasive Amur honeysuckle (*Lonicera maackii*) in the understory. The western end is particularly degraded with a low quality overstory of eastern cottonwood, box elder, Osage orange, and common hackberry over 100% coverage of Amur Honeysuckle. The woodland edges in the western region are populated by infestations of crown vetch (*Securigera varia)*, Japanese honeysuckle (*Lonicera japonica*), and poison hemlock (*Conium maculatum*).

Natural Area Value - 2 central and east ; 1 west of road

Buffer Value -1

Habitat Value -1

Figure 1: Central portion of the wooded bluff

Second-growth Upland Mesic Forest

A small area of second growth upland forest exists at the west end of the park on sloping land consisting of Miami soils. Characteristic tree species include black locust, black walnut, sugar maple, hackberry, and tulip tree. Native shrubs in the understory include blackhaw and roughleaf dogwood (*Cornus drummondi*i). Herbaceous species visible at the time of the May survey included wild leek (*Allium burdickii*), honewort (*Cryptotaenia canadensis*), woodland fescue (*Festuca subverticillata*), hairy wood sedge (*Carex hirtifolia*), Davis' sedge, mayapple (*Podophyllum peltatum*), clustered black sanicle, Solomon's seal *(Polygonatum biflorum*), roundleaf ragwort (*Packera obovata*), early wild rye, and spring avens (*Geum vernuum*).

Invasive species pressure is generally moderate to high in this area with Amur honeysuckle, multiflora rose (*Rosa multiflora*) and burning bush (*Euonymus alatus*) making up most of the invasive cover.

Figure 2: Second-growth upland mesic forest

Natural Area Value - 2

Buffer Value - 2

Habitat Value - 2

Second-growth Floodplain Forest

This community occupies the alluvial areas along White Lick Creek and represents the majority of the natural area maintained in the park. Common tree species include black walnut, American sycamore, eastern cottonwood, box elder, and green ash saplings, Native shrubs found in the understory include roughleaf dogwood, American elderberry (*Sambucus canadensis*), and black raspberry (*Rubus occidentalis*). Common native vines include riverbank grape (*Vitis riparia*), Virginia creeper (*Parthenocissus quinquefolia*), and poison ivy (*Toxicodendron radicans*). Herbaceous species commonly observed in this area include early wild rye, Davis' sedge, bur sedge (*Carex grayi*), cupplant (*Silphium perfoliatum*), wood nettle (*Laportea canadensis*), cream violet (*Viola striata*), green-headed coneflower (*Rudbeckia laciniata*), great white lettuce (*Nabalus crepidineus*), spotted water hemlock (*Cicuta maculata*), honewort, skunk meadow rue (*Thalictrum revolutum*), and cleavers (*Galium aparine*).

A variety of invasive species occur in this area; however, densities are mostly light to moderate thanks to obvious stewardship work. Invasive species frequently encountered in this area include wintercreeper (*Euonymus fortunei*), Amur honeysuckle, multiflora rose, privet (*Ligustrum spp*), and European cranberrybush viburnum (*Viburnum opulus*).

Natural Area Value - 2

Buffer Value - 3

Habitat Value - 3

Figure 3: Second-growth Floodplain forest

Wetland

A wetland was mapped in the north-central portion of the park where a small depression that holds water seasonally is surrounded by wetland plant species including fowl manna grass (*Glyceria striata*), fringed loosestrife (*Lysimachia ciliata*), spotted water hemlock, bur sedge, and false nettle (*Boehmeria cylindrica*). Other small wetland depressions with similar flora exist in the floodplain woods.

Natural Area Value - 2

Buffer Value - 2

Habitat Value - 1

Figure 4: Wetland depression

White Lick Creek

White Lick Creek flows through the park from east to west. While floodplain forest surrounds the creek in the northwest park of the park, most of the park has lawn up to the edge of the bank. A variety of native and invasive species are found on the banks. Invasive species of concern include poison hemlock (*Conium maculatum*), European black alder (*Alnus glutinosa*), Amur honeysuckle (mostly resprouts), and multiflora rose. The banks of the creek are generally stable but would benefit from the establishment of additional native species following invasive species removal. Native shrubs as spicebush (*Lindera benzoin*), blackhaw (*Viburnum prunifolium*), and ninebark (*Physocarpus opulifolius*) could be planted in groupings while still leaving the stream visible for most of its length.

Figure 5: White Lick Creek at Arbuckle Acres

Arbuckle Acres Invasive Plant Management Plan

Herbaceous Plants

Poison Hemlock (Conium maculatum)

Annually until eradicated

April – Foliar treat second year plants with 2% triclopyr 3 with 0.5% non-ionic surfactant and 0.5% marking dye.

Crownvetch (Securigera varia)

Annually until eradicated

May-July - Treat with 0.5% Clopyralid with 0.5% non-ionic surfactant and 0.5% marking dye. Do not exceed 25 gallons of solution per acre in a single growing season.

Cutleaf Teasel (Dipsacus laciniatus)

Annually until eradicated

May-June - Treat second-year plants with 0.5% Clopyralid, 1.5% Triclopyr 3 with 0.5% non-ionic surfactant and 0.5% marking dye. Do not let plants develop seed heads, if they do cut, bag, and remove from site. Do not exceed 25 gallons of solution per acre in a single growing season.

Vines and Groundcovers

Japanese Honeysuckle (Lonicera japonica)

Year One

October - November – Foliar-treat sprawling vines when temperatures are above 40 degrees with 3 % glyphosate with 0.5 % non-ionic surfactant and 0.5 % marking dye. Cut any large climbing vines and perform cut-stump treatment with a 50% glyphosate solution.

Year Two

October - November – Foliar-treat any remaining vines when temperatures are above 40 degrees with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye.

Wintercreeper (Euonymus fortunei)

Year 1

January – March - Cut all climbing vines at the base and treat the cut stump with AG-200, an oil based triclopyr 4 product. Be careful to avoid getting an AG -200 on the host trees.

August – mid October - Foliar treat vines on the ground with 2.5 % Triclopyr 3 with 1% MSO (methylated seed oil) and 0.5% marking dye**.** Do not exceed 80 gallons in a single growing season per acre.

Year 2

August – mid October - Foliar treat remaining live vines with 2.5 % Triclopyr 3 with 1% MSO (methylated seed oil) and 0.5 % marking dye.

Myrtle (Vinca minor)

Year 1

August-mid October – Foliar treat with 5% glyphosate with .5% MSO (methylated seed oil) surfactant and 0.5% marking dye.

Year 2

Follow up treatment of any remaining patches with 5% glyphosate with .5% MSO (methylated seed oil) surfactant and 0.5% marking dye.

Shrubs

Amur honeysuckle (Lonicera maackii)

Year One

January-March – Perform cut-stump treatment on dense stands of Amur honeysuckle in the east and west sections of park. Treat cut-stumps with AG-200, an oil-based triclopyr 4 product. Stumps near White Lick Creek should be treated with a 50% solution of water-safe glyphosate.

July-October – Foliar treat small Amur honeysuckle not large enough for effective cut-stump treatment with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat any resprouts in the cut-stump areas.

Year Two

November of year one through March of year two - Perform cut-stump treatment on less dense stands of Amur honeysuckle throughout the park Utilize AG-200 except in areas near wetland and streams where a 50% water-safe glyphosate solution should be applied.

July-October – Foliar treat small Amur honeysuckle not large enough for effective cut-stump treatment with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat any resprouts in the cut-stump areas from the previous two winter treatments.

Burning Bush (Euonymus alatus)

Year One

August –November – Perform cut-stump treatment with AG-200, an oil-based triclopyr 4 product.

Year Two

Mid-May through mid-June – Foliar treat small burning bush and any resprouts from the cut-stump treatment with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye.

Autumn Olive (Elaeagnus umbellata)

Year One

January – March - Perform cut-stump treatment with AG-200, an oil-based triclopyr 4 product.

July-September - Foliar treat small shrubs not large enough for effective cut-stump treatment with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat any resprouts in the cut-stump areas.

Year Two

July-September - Foliar treat small shrubs not large enough for effective cut-stump treatment with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat any resprouts in the cut-stump areas.

Privet (Ligustrum spp)

Year One

January – March - Perform cut-stump treatment with AG-200, an oil-based triclopyr product on stems exceeding ¼ inch in diameter. Near water or wetlands, utilize a 50% solution of water-safe glyphosate.

July-September - Foliar treat small shrubs not large enough for effective cut-stump treatment with 3% Triclopyr 3 with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat any resprouts in the cut-stump areas.

Year Two

July-September - Foliar treat small shrubs not large enough for effective cut-stump treatment with 3% Triclopyr 3 with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat any resprouts in the cut-stump areas.

Multiflora Rose (Rosa multiflora)

Year One

January – March - Cut shrubs taller than 4-5 feet with a brush cutter and treat the stumps with AG-200.

May-July – Foliar treat smaller shrubs with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat the resprouts from winter cut-stump treatment.

Year Two

May-July – Foliar treat any remaining smaller shrubs with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye.

European Cranberry Bush (Viburnum opulus)

Year One

July – September – Perform cut-stump treatment utilizing a 50% solution of water-safe glyphosate.

Year Two

July-September - Foliar treat small shrubs not large enough for effective cut-stump treatment with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat any resprouts in the cut-stump areas.

Rose of Sharon (Hibiscus syriacus) and Siberian ginseng (Eleutherococcus senticosus)

Year One

These two shrubs are rare in the park. They may be foliar treated with 3% triclopyr 3 with 0.5% non-ionic surfactant and 0.5% marking dye.

Year Two

Monitor the locations treated in year one and treat resprouts or small remaining specimens in the vicinity with 3% triclopyr 3 with 0.5% non-ionic surfactant and 0.5% marking dye.

Trees

European Black Alder (Alnus glutinosa)

Two trees are found on the south side of White Lick Creek as shown on the map. They should be removed, and the stump should be treated with 50% water-safe glyphosate.

Fruiting Trees including callery pear (Pyrus calleryana), osage orange (Maclura pomifera), and white mulberry (Morus alba)

Year One

Perform cut-stump or basal bark treatment with AG-200, an oil-based triclopyr 4 product.

Year two and subsequent years – Monitor for small trees and perform cut-stump treatment with AG-200 as needed.

Parks Ranking Definitions

Natural Area Value Ranking

5 - A plant community of the highest quality. In wooded areas, it contains the age range, diversity and structure one would expect of an intact remnant plant community. The shrub and herbaceous layer are also diverse and intact. There are few signs of modern manmade disturbance and little to no invasive plant presence. Many conservative plant species are present.

4 - A high quality plant community but with more obvious signs of manmade disturbance such as an herbaceous layer with a higher percentage of early successional, weedy species and a less diverse age range of trees. Invasive plant pressure is low but widespread. Conservative plant species are present but are less dominant.

3 - A plant community that contains high quality areas, however much of the area shows sign of obvious disturbance with a dominance of weedy, early successional species and an absence of conservative species. Low to moderate invasive plant pressure is widespread.

2 - The plant community is dominated by early successional species. Conservative plant species are absent. Invasive plant pressure is medium to high throughout.

1 - This plant community is highly degraded and dominated by weedy native and invasive species, however the soil profile remains mostly intact.

0 - This original plant community has been completely removed. The soil profile has been highly disturbed by agriculture and grading. No remnant vegetation is present. All plant community restorations that started from bare soil fall into this category.

Buffer Value

5 - This community provides at least a continuous 100-meter-wide buffer of medium to high quality plant community to protect either high quality natural areas or a stream, river, or other body of water.

4 - Provides a buffer of medium to high quality, but it is 50-100 meters wide or discontinuous.

3 - Provides a buffer of lower quality, but still a of width of 20 meters or greater to create an effective buffer to affect water quality next to a stream or river or protect a remnant plant community.

2 - A narrow buffer generally less than 20 meters wide. It often contains considerable invasive plant pressure, making it less effective for buffering natural areas.

1 - A thin buffer less than 10 meters wide often containing considerable invasive plants.

0 - A thin buffer dominated by invasive plants.

Habitat Value

5 - At least 20 acres of high-quality contiguous habitat in woodland or grassland areas. 10 or more acres of contiguous wetlands.

4 - 15-20 acres of high-quality contiguous habitat in woodland or grassland areas. 5-10 acres of contiguous wetlands.

3 - 10-15 acres of high-quality contiguous habitat in woodland or grassland areas. 3-5 acres of contiguous wetlands

2 - 5-10 acres of medium quality to somewhat degraded habitat in woodland or grassland areas. 1-3 acres of wetlands

1 - Less than 5 acres of medium to degraded habitat in woodlands or grassland areas. At least one-half acre of wetlands

0 - Small fragment under an acre in size of medium to degraded habitat in woodland or prairies. Small fragments of wetlands.

Ecological Assessment of Williams Park

August 18, 2023

Williams Park Ecological Assessment and Invasive Plant Report

Location and Geology

Williams Park is located on the southwest side of Brownsburg, just west of Locust Lane which is about one-quarter mile west of State Road 267. Most of the park lies on the east side of White Lick Creek with small areas on the west side of its meandering path.

The park is situated on the Tipton Till Plain Natural and Geologic Regions of central Indiana. The soils are derived from glacial till, outwash and alluvium deposited during the Wisconsin glaciation. The uplands on the east side of the creek contain soils of the Miami and Crosby series derived from glacial till and loess. The steep bluff on the east side of White Lick Creek is composed of Hennepin Fine Loam which is derived from Glacial till. The floodplain of Whitelick Creek is composed of Genesee silt loam which is derived from alluvium. Finally, on the west side of White Lick Creek in the southwest corner of the park, the uplands are composed of soils of the Fox series derived from glacial outwash.

Plant Communities

Williams Park contains a variety of forested communities of varying quality and maturity. The highest quality communities are found on the wooded bluffs on the east side of White Lick Creek and the proximate areas of the adjoining dissected uplands. Further east, the woodlands on the flat uplands contain young second-growth forests. The floodplain woodlands and the small area of upland woodlands on the west side of the creek are of medium quality.

Second-Growth Mesic Forest

These forests are generally young where they occur east of White Lick Creek and somewhat more mature where they occur on outwash soil in the southwest corner of the park west of White Lick Creek. Both areas harbor similar tree composition including black walnut, sugar maple, honey locust, American elm, tulip tree, black cherry, common hackberry, and black locust. Blackhaw (*Viburnum prunifolium*) occurs occasionally as a native shrub. Typical members of the herbaceous community include clustered black sanicle (*Sanicula odorata*), early wild rye (*Elymus macgregorii*), enchanter's nightshade (*Circaea canadensis*), Solomon's seal (*Polygonatum biflorum*), white snakeroot (*Ageratina altissima*), honewort (*Cryptotaenia canadensis*), mayapple (*Podophyllum peltatum*), white avens (*Geum canadense*), common wood sedge (*Carex blanda*) and inflated gray sedge (*Carex grisea*).

While considerable efforts have been made to manage invasive species in these areas, Amur honeysuckle (*Lonicera maackii*) and multiflora rose (*Rosa multiflora*) remain common to abundant in many areas. Other invasive species present in this plant community include burning bush (*Euonymus alatus*), autumn olive (*Elaeagnus umbellata*), European cranberry viburnum (*Viburnum opulus*), Japanese barberry (*Berberis thunbergii*), callery pear (*Pyrus calleryana*), and oriental bittersweet (*Celastrus orbiculatus*).

Finally, there is also a small highly degraded section of second growth woodland on gently sloping ground along a stream corridor in the southeast corner of the park. This area has been forestry mown and recently treated for resprouts. It was evident that it was formerly dominated by invasive shrubs prior to these restoration activities resulting in an extremely depauperate understory.

Natural Area Value – 2

Buffer Value -3

Habitat Value – 3

Figure 1: Second Growth Mesic Forest where invasive plant management has occurred.

Mature Mesic Upland Forest

These forests represent the highest quality plant communities on the site. They contain large mature overstory trees of a variety of species including northern red oak, white oak, chinquapin oak, bitternut hickory, black walnut, sugar maple, American beech, and common hackberry. Understory trees and shrubs include Ohio buckeye, spicebush (*Lindera benzoin*), blackhaw, and prickly gooseberry (*Ribes cynosbati*). The herbaceous layer is rich and diverse. Mesic ravines and slopes harbor common beech sedge (*Carex communis*), fire pink (*Silene virginica)*, heart-leaved blue wood aster (*Symphyotrichum cordifolium*), woodland brome (*Bromus pubescens*), wild ginger (*Asarum canadense*), false solomon's seal (*Maianthemum racemosum*), prairie trillium (*Trillium recurvatum*), and cream violet (Viola striata). Well-drained areas near the crest of the bluff harbor additional species including common oak sedge (*Carex pensylvanica*), short-headed bracted sedge (*Carex cephalophora*), roundleaf ragwort (*Packera obovata*), meadow parsnip (*Thaspium trifolium*), and bluestem goldenrod (*Solidago caesia*).

Figure 2: Mature Mesic Upland Forest

Invasive species pressure in this area includes considerable Amur honeysuckle on the slope in the southern portion of the park ranging up to 60% coverage and a major infestation of burning bush in the north central portion of the park. The burning bush is particularly problematic due to its ability to spread both by seeds and vegetatively from the roots, resulting in the formation of dense thickets that are difficult to eradicate. Removal efforts in this area are underway and should continue to be a priority.

Figure 3: Erosion damage to the bluff

The steep slopes of the bluff are prone to erosion from social trails and public trampling. Split rail fencing along the top of the bluff has helped mitigate this damage, however there are a few areas where further work is needed to restrict foot traffic on these highly erodible steep slopes.

Natural Area Value – 4

Buffer Value – 4

Habitat Value - 4

Floodplain Forest

These woodlands represent an important buffer along White Lick Creek. Characteristic tree species include American sycamore, silver maple, black walnut, and box elder. Bristly greenbriar (*Smilax tamoides*) and riverbank grape (*Vitis riparia*) are prominent in the vine layer. The lush herbaceous layer includes wood nettle (*Laportea canadensis*), green-headed coneflower (*Rudbeckia laciniata*), wingstem (*Actinomeris alternifolia*), honewort (*Cryptotaenia canadensis*), early wild rye (*Elymus macgregorii*), sweet cicely (*Osmorrhiza longistylis*), appendaged waterleaf (*Hydrophyullum appendiculatum*), wood reed *(Cinna arundinacea*), bur sedge (*Carex grayi)*, cream violet (*Viola striata*), and great white lettuce (*Nabalus crepidineus*).

Amur honeysuckle is the primary invasive plant species found on the floodplain. It is most dense on the immediate creekbank and much less prevalent on the interior of the floodplain where the soil is more poorly drained. Small infestations of Japanese Stiltgrass (*Microstegium vimineum)* were found in July along trails on the floodplain. This annual grass should be treated each summer before seed set to prevent further spread.

Due to a lack of access, the small portion of the park west of White Lick Creek in the northwestern portion of the park was not mapped.

Natural Area Value -3

Buffer Value -5

Habitat Value -4

Figure 4: Wetland depression within the floodplain forest

White Lick Creek

White Lick Creek flows from north to south through the western portion of the park. The creek has pool and riffle structure through much of this stretch that provides excellent fish habitat. The only significant issue along the creek is the pervasive Amur honeysuckle on its banks. The honeysuckle has a poor root system for bank stabilization and its dense shade suppresses the growth of native species with more effective roots systems. Removal of this honeysuckle on the creekbanks should be a high priority.

Figure 5: White Lick Creek looking upstream from the east bank.

Williams Park Invasive Plant Management Plan

Herbaceous Plants

Yellow Flag Iris (Iris pseudoacorus)

Physically remove the single colony found in the survey by digging the roots and rhizomes from the soil and disposing with landfill waste.

Japanese Stiltgrass (Microstegium vimineum)

Year One and beyond

August - Treat with 3% diquat with 0.5% non-ionic surfactant and 0.5% marking dye.

Vines and Groundcovers

Japanese Honeysuckle (Lonicera japonica)

Year One

October - November – Foliar-treat sprawling vines when temperatures are above 40 degrees with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye. Cut any large climbing vines and perform cut-stump treatment with a 50% glyphosate solution.

Year Two

October - November – Foliar-treat any remaining vines when temperatures are above 40 degrees with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye.

Wintercreeper (Euonymus fortunei)

Year 1

January – March - Cut any climbing vines at the base and treat the cut stump with AG-200, an oil based triclopyr solution. Be careful to avoid getting an AG -200 on the host trees.

August – mid October - Foliar treat vines on the ground with 2.5 % Garlon 3A with 1% MSO (methylated seed oil) and 0.5 % marking dye**.** Do not exceed 80 gallons in a single growing season.

Year 2

August – mid October - Foliar treat remaining live vines with 2.5 % Garlon 3A with 1% MSO (methylated seed oil) and 0.5 % marking dye.

Myrtle (Vinca minor)

Year 1

August-mid October – Foliar treat with 5% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye.

Year 2

Follow up treatment of any remaining patches with 5% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye.

English Ivy (Hedera helix)

Year 1

January – March - Cut any climbing vines at the base and treat the cut stump with AG-200, an oil based triclopyr solution. Be careful to avoid getting an AG -200 on the host trees.

August – mid October - Foliar treat vines on the ground with 2.5 % Garlon 3A with 1% MSO (methylated seed oil) and 0.5 % marking dye**.** Do not exceed 80 gallons in a single growing season.

Year 2

August – mid October - Foliar treat remaining live vines with 2.5 % Garlon 3A with 1% MSO (methylated seed oil) and 0.5 % marking dye.

Oriental Bittersweet (Celastrus orbiculatus)

Year 1

June-September– Foliar-treat sprawling vines when temperatures are above freezing with 3% Triclopyr with 0.5% non-ionic surfactant and 0.5% marking dye. Cut any large climbing vines and perform cut-stump treatment with a 50% glyphosate solution.

Year 2

June-September - Inspect locations for remaining live plants and treat as needed as above.

Shrubs

Amur honeysuckle (Lonicera maackii)

Year One

January-March – Perform cut-stump treatment on dense stands of Amur honeysuckle on the banks of both sides of White Lick Creek. Stumps near White Lick Creek should be treated with a 50% solution of water-safe glyphosate. Perform cut-stump treatment in areas of moderate density on the bluff and uplands in the southern portions of the park. Treat cut-stumps with AG-200, an oil-based triclopyr 4 product.

July-October – Foliar treat small Amur honeysuckle not large enough for effective cut-stump treatment with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat all resprouts in the cut-stump areas.

Year Two

November of year one through March of year two - Perform cut-stump treatment on less dense stands of Amur honeysuckle throughout the park Utilize AG-200 except in areas near wetland and streams where a 50% water-safe glyphosate solution should be applied.

July-October – Foliar treat any remaining small Amur honeysuckle not large enough for effective cut-stump treatment with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat any resprouts in the cut-stump areas from the previous two winter treatments.

Burning Bush (Euonymus alatus)

Year One

August –November – Perform cut-stump treatment with AG-200, an oil-based triclopyr product focused on the dense infestation of the bluffs in the north-central portion of the park.

Year Two

Mid-May through mid-June – Foliar treat small burning bush and any resprouts from the cut-stump treatment with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye.

Autumn Olive (Elaeagnus umbellata)

Year One

January – March - Perform cut-stump treatment with AG-200, an oil-based triclopyr product where it occurs in the northeastern portion of the park.

July-September - Foliar treat small shrubs not large enough for effective cut-stump treatment with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat any resprouts in the cut-stump areas.

Year Two

July-September - Foliar treat small shrubs not large enough for effective cut-stump treatment with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat any resprouts in the cut-stump areas.

Privet (Ligustrum spp)

Year One

January – March - Perform cut-stump treatment with AG-200, an oil-based triclopyr product on stems exceeding ¼ inch in diameter focused on the denser stands in the northern portion of the park. Near water or wetlands, utilize a 50% solution of water-safe glyphosate.

July-September - Foliar treat small shrubs not large enough for effective cut-stump treatment with 3% Triclopyr 3 with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat any resprouts in the cut-stump areas.

Year Two

July-September - Foliar treat small shrubs not large enough for effective cut-stump treatment with 3% Triclopyr 3 with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat any resprouts in the cut-stump areas.

Multiflora Rose (Rosa multiflora)

Year One

January – March - Cut shrubs taller than 5 feet with a brush cutter and treat the stumps with AG-200. Focus on the dense areas according to the map.

May-July – Foliar treat smaller shrubs in the same areas with 3 % glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat the resprouts from winter cut-stump treatment.

Year Two

January – March - Cut shrubs taller than 5 feet with a brush cutter and treat the stumps with AG-200 in the less dense mapped areas.

May-July – Foliar treat smaller shrubs with 3 % glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye in the less dense mapped areas. Treat and resprouts from the winter cut-stump treatment.

European Cranberry Bush (Viburnum opulus)

Year One

July – September – Perform cut-stump treatment utilizing a 50% solution of water-safe glyphosate.

Year Two

July-September - Foliar treat small shrubs not large enough for effective cut-stump treatment with 3% Triclopyr 3 with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat any resprouts in the cut-stump areas.

Japanese Barberry (Berberis thunbergii)

Year One

May-July – Foliar treat shrubs with 3 % Triclopyr 3 with 0.5% non-ionic surfactant and 0.5% marking dye.

Year Two

Monitor locations for additional shrubs or incomplete kill and treat as necessary as above.

Trees

Fruiting Trees including callery pear (Pyrus calleryana), osage orange (Maclura pomifera), white mulberry (Morus alba), and non-native crabapples (Malus spp)

Year One

Perform cut-stump or basal bark treatment with AG-200, an oil-based triclopyr product.

Year two and subsequent years – Monitor for additional small trees and perform cut-stump treatment with AG-200 as needed.

Parks Ranking Definitions

Natural Area Value Ranking

5 - A plant community of the highest quality. In wooded areas, it contains the age range, diversity and structure one would expect of an intact remnant plant community. The shrub and herbaceous layer are also diverse and intact. There are few signs of modern manmade disturbance and little to no invasive plant presence. Many conservative plant species are present.

4 - A high quality plant community but with more obvious signs of manmade disturbance such as an herbaceous layer with a higher percentage of early successional, weedy species and a less diverse age range of trees. Invasive plant pressure is low but widespread. Conservative plant species are present but are less dominant.

3 - A plant community that contains high quality areas, however much of the area shows sign of obvious disturbance with a dominance of weedy, early successional species and an absence of conservative species. Low to moderate invasive plant pressure is widespread.

2 - The plant community is dominated by early successional species. Conservative plant species are absent. Invasive plant pressure is medium to high throughout.

1 - This plant community is highly degraded and dominated by weedy native and invasive species, however the soil profile remains mostly intact.

0 - This original plant community has been completely removed. The soil profile has been highly disturbed by agriculture and grading. No remnant vegetation is present. All plant community restorations that started from bare soil fall into this category.

Buffer Value

5 - This community provides at least a continuous 100-meter-wide buffer of medium to high quality plant community to protect either high quality natural areas or a stream, river, or other body of water.

4 - Provides a buffer of medium to high quality, but it is 50-100 meters wide or discontinuous.

3 - Provides a buffer of lower quality, but still a of width of 20 meters or greater to create an effective buffer to affect water quality next to a stream or river or protect a remnant plant community.

2 - A narrow buffer generally less than 20 meters wide. It often contains considerable invasive plant pressure, making it less effective for buffering natural areas.

1 - A thin buffer less than 10 meters wide often containing considerable invasive plants.

0 - A thin buffer dominated by invasive plants.

Habitat Value

5 - At least 20 acres of high-quality contiguous habitat in woodland or grassland areas. 10 or more acres of contiguous wetlands.

4 - 15-20 acres of high-quality contiguous habitat in woodland or grassland areas. 5-10 acres of contiguous wetlands.

3 - 10-15 acres of high-quality contiguous habitat in woodland or grassland areas. 3-5 acres of contiguous wetlands

2 - 5-10 acres of medium quality to somewhat degraded habitat in woodland or grassland areas. 1-3 acres of wetlands

1 - Less than 5 acres of medium to degraded habitat in woodlands or grassland areas. At least one-half acre of wetlands

0 - Small fragment under an acre in size of medium to degraded habitat in woodland or prairies. Small fragments of wetlands.

Ecological Assessment of Lincolnwood Park

Lincolnwood Park Ecological Assessment and Invasive Plant Report

Location and Geology

Lincolnwood Park is an undeveloped new park along White Lick Creek on the south side of US Highway 136. It lies adjacent to the Brownsburg Municipal Garage to the east and the Brownsburg water treatment facility to the west.

The park is situated on the Tipton Till Plain Natural and Geologic Regions of central Indiana. The soils are derived from glacial till, outwash, and alluvium deposited during the Wisconsin glaciation. The floodplain of White Lick Creek contains Genessee and Shoals soils derived from alluvium. A variety of soil types occur on upland portions of the property including Fox soils derived from glacial outwash, and Miami and Treaty soils derived from glacial till.

Plant Communities

The portions of the park currently in old field vegetation were in row crop agriculture as recently as 2018. These fields comprise most of the park. A section of this area has been planted with hardwood trees and a native seed mix in the southeastern portion of the park. A small area of sloping mesic forest occurs in the northwestern portion of the property south of the old photography studio. A narrow strip of floodplain forest buffers White Lick Creek on the eastern edge of the property. Finally, a wetland forested with cottonwoods trees occurs in the southwestern portion of the property.

Old Field Habitats

These former agricultural fields comprise most of the acreage of the park. Some tree sapling recruitment is evident, especially in moister areas. Nearly all the saplings are either eastern cottonwood or American sycamore. Dominant herbaceous species typical of old field habitats include Canada goldenrod (*Solidago canadensis*), annual fleabane (*Erigeron annus)*, frost aster (*Symphyotrichum pilosum*), broomsedge (*Andropogon virginicus*), path rush (*Juncus tenuis*), tall fescue (*Schedonorus arundinaceus*), and ox-eye daisy (*Leucanthemum vulgare*). Other frequent species include Short's sedge (*Carex shortiana*), common wood sedge (*Carex blanda*), tall ironweed (*Vernonia gigantea*), tall boneset (*Eupatorium altissimum*), dandelion (*Taraxacum officinale*), wild garlic (*Allium vineale*), hemp dogbane (*Apocynum cannabinum*), orchard grass (*Dactylis glomerata*), and grass-leaved goldenrod (*Euthamia graminifolia*).

Succession will move these fields through a brushy stage toward a young woodland over the next decade if left undisturbed. During this time, there will be heavy recruitment of invasive plants that are currently not a significant problem. It is recommended that a plan for conversion of these fields into a developing native plant community is implemented in the next few years. Until implementation, annual bushhog mowing should occur to prevent growth of unwanted woody species. Reforestation with native hardwoods is the most stable long-term option.

Natural Area Value – 0

Buffer Value - 1

Habitat Value – 1

Forested Mitigation Planting

Approximately 2 acres of the former agricultural fields have been planted to native hardwoods as part of a mitigation area in the southeast corner of the park. The tree species established in this planting include common hackberry, swamp white oak, bur oak, pin oak, shellbark hickory, American sycamore, and black gum. While some mortality has occurred, most of the trees have established well. A native herbaceous seed mix for pollinator habitat was established in this area as well. Some of the species recruited from the mix include Virginia wild rye (*Elymus virginicus*), Indian grass (*Sorghastrum nutans*), black-eyed susan (*Rudbeckia hirta*), yellow coneflower (*Ratibida pinnata*). Bergamot (*Monarda fistulosa*), purple coneflower (*Echinacea*

Figure 1: Young bur oak in the mitigation planting

purpurea), false sunflower (*Heliopsis helianthoides*), rattlesnake master (*Eryngium yuccifolium*), and sweet black-eyed susan (*Rudbeckia subtomentosa*).

Natural Area Value – 0

Buffer Value - 2

Habitat Value – 2

Figure 2: Successful seeded herbaceous community among the mitigation trees

Sloping Mesic Forest

A small drainage in the northwest portion of the property south of the former photography studio harbors sloping mesic woodlands surrounding a seasonal stream. While the edges of this woodland harbor dense stands of Amur honeysuckle and numerous white mulberries, the interior of the woods has much lower densities of invasive plants and contains a fair quality forested community.

Native trees common in this area include black walnut, American elm, American basswood, black cherry, chinquapin oak, common hackberry, red elm, and eastern cottonwood. Native herbaceous graminoid species include early wild rye (*Elymus macgregorii*), common wood sedge (*Carex blanda*), Davis wood sedge (*Carex davissii*), grass sedge (*Carex jamesii*), wood reed (*Cinna arundinacea*), and white grass (*Leersia virginica*). Common forbs include enchanter's nightshade (*Circaea canadensis*), spotted jewelweed (*Impatiens capensis*), clustered black snakeroot (*Sanicula odorata*), zig-zag spiderwort (*Tradescantia subaspera*), jumpseed (*Perisicaria virginiana*), appendaged waterleaf (*Hydrophyllum appendiculatum*), American germander (*Teucrium canadense*), white avens (*Geum canadense*), wild ginger (*Asarum canadense*), jack-in-the-pulpit (*Arisaema triphyllum*), downy yellow violet *(Viola pubescens*), lopseed (*Phryma leptostachya*), white snakeroot (*Ageratina altissima*), and honewort (*Cryptotaenia canadensis*). Common vines in this wooded area include riverbank grape (*Vitis riparia*), bristly greenbriar (*Smilax tamoides*), Virginia creeper (*Parthenocissus quinquefolia*), and poison ivy (*Toxicodendron radicans*).

Natural Area Value – 2

Buffer Value -3

Habitat Value – 2

Floodplain Forests

A strip of floodplain forest occurs along Whitelick Creek. Only the west side of the Creek was reviewed for this survey. This forest is generally heavily invaded by Amur honeysuckle and other invasive species such as privet (*Ligustrum spp*), wintercreeper (*Euonymus fortunei*), burning bush (*Euonymus alatus*), and white mulberry. This strip of forest is an important buffer along White Lick Creek and efforts should be made to widen it through reforestation as the park is developed.

Characteristic tree species occurring in the floodplain forest include black walnut, honey locust, hackberry, American sycamore, eastern cottonwood, bitternut hickory, and boxelder. Native herbaceous species in this area include wingstem (*Verbesina alternifolia*), wood nettle (*Laportea canadensis*), green-headed coneflower (*Rudbeckia laciniata*), clustered black snakeroot (*Sanicula odorata*), early wild rye (*Elymus macgregorii*), Davis wood sedge (*Carex davissii*), honewort (*Cryptotaenia canadensis*), false sunflower (*Heliopsis helianthoides*), and wild petunia (*Ruellia strepens*), Water willow (*Justicia americana*), and riverbank tussock sedge (*Carex emoryi*) occur on gravel bars in the stream.

Natural Area Value – 2

Buffer Value -3

Habitat Value – 3

Wetland

A low area on the floodplain has reverted to wetland vegetation in recent decades. A portion of this area has grown into a young forest of cottonwood, black willow, box elder, and green ash saplings. Other portions of the area contain wet meadows. Reed canary grass (*Phalaris arundinacea*) is an abundant invasive plant in the more open areas, particularly in the western portion of the wetland. Native graminoids species found in the wetland include wood reed (*Cinna arundinacea*), Virginia wild rye (*Elymus virginicus*), bristly cattail sedge (*Carex frankii*), pointed oval sedge (*Carex tribuloides*), crested sedge (*Carex cristatella*), fox sedge (*Carex vulpinoidea*), and dark green bulrush (*Scirpus atrovirens*). Wetland forbs found in this area include American water horehound (*Lycopus americanus*), spotted water hemlock (*Cicuta maculata*), grass-leaved goldenrod, smooth hedge nettle (*Stachys tenuifolia*), Allegheny monkeyflower (*Mimulus ringens*), wild mint (*Mentha canadensis*), and rough avens (*Geum laciniatum*).

Natural Area Value – 1

Buffer Value - 2

Habitat Value – 2

Fencerows and Early Successional Woodland Areas

These areas encompass several fencerows along the western boundary of the property as well as small patches of early successional woodlands near the former photography studio. These heavily invaded communities contain nearly 100% Amur honeysuckle in the understory. White mulberry is a common invasive tree in these areas. Characteristic native trees include black walnut, hackberry, black cherry, American elm, and eastern cottonwood. Due to the dense stands of honeysuckle, the herbaceous layer is largely absent in these areas.

Natural Area Value – 0

Buffer Value -1

Habitat Value – 1

White Lick Creek

White Lick Creek flows through the eastern portion of the park from north to south. This attractive stretch of stream has a significant gradient resulting in several sections of riffles. Gravel bars occasionally flank sections of the stream. This attractive feature of the park is difficult to observe due to the thickets of invasive shrubs, primarily Amur honeysuckle that grow on the well-drained banks. These shrubs also suppress the native herbaceous layer, resulting in bare soil that is more likely to erode during high water events. Removal of this invasive shrub layer will greatly improve the aesthetic and ecological quality and function of the floodplain.

Figure 3: Water willow (Justicia americana) along White Lick Creek

Lincolnwood Park Invasive Plant Management Plan

Herbaceous Plants, Vines, and Ground Covers

Reed Canary Grass (Phalaris arundinacea)

Year One

September-October – Foliar treat with 2% water-safe glyphosate with 0.5% Ecomazapyr, 0.5% non-ionic surfactant and 0.5% marking dye.

Year Two

September-October – Foliar treat any remaining plants with 2% water-safe glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye.

Hybrid Cattail (Typha X glauca)

Year One

July-August - Foliar treat with 3% water-safe glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye.

Year Two

July-August - Foliar treat any remaining plants with 3% water-safe glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye.

Wild Parsnip (Pastinaca sativa) and Poison Hemlock (Conium maculatum)

Treat second-year plant in May with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye. Perform each year until the population is eradicated.

Canada Thistle (Cirsium arvense), Common Teasal (Dipsacus fullonum), and Crownvetch (Securigera varia)

May – June - Treat with 0.5% Clopyralid with 0.5% non-ionic surfactant and 0.5% marking dye. Repeat in May-June each year until these species are eradicated. Do not exceed 25 gallons of solution per acre in a single growing season.

Wintercreeper (Euonymus fortunei)

Year 1

January – March - Cut any climbing vines at the base and treat the cut stump with AG-200, an oil based triclopyr solution. Be careful to avoid getting an AG -200 on the host trees.

August – mid October - Foliar treat vines on the ground with 2.5 % Garlon 3A with 1% MSO (methylated seed oil) and 0.5 % marking dye**.** Do not exceed 80 gallons per acre in a single growing season.

Year 2

August – mid October - Foliar treat remaining live vines with 3 % Garlon 3A with 1% MSO (methylated seed oil) and 0.5 % marking dye. Do not exceed 80 gallons per acre in a single growing season.

Japanese Honeysuckle

Year One

October - November – Foliar-treat sprawling vines when temperatures are above 40 degrees with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye. Cut any large climbing vines and perform cut-stump treatment with a 50% glyphosate solution.

Year Two

October - November – Foliar-treat any remaining vines when temperatures are above 40 degrees with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye.

Shrubs

Amur Honeysuckle (Lonicera maackii)

Year One

January-March - Utilize a fecon forestry mower to mow dense stands in the fencerows and the edges of the sloping mesic woodlands.

January-March – Perform cut-stump treatment on dense stands of Amur honeysuckle on the banks of both sides of White Lick Creek. Stumps near White Lick Creek should be treated with a 50% solution of water-safe glyphosate. Also perform cut-stump treatment in the interior of the sloping mesic woods. Treat the stumps with AG-200, an oil-based triclopyr 4 product except on the banks of the small stream where 50% water-safe glyphosate should be utilized.

July-October – Foliar treat small Amur honeysuckle not large enough for effective cut-stump treatment and resprouts from the forestry mowing with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat all resprouts in the cut-stump areas. Be sure resprouts are 2-4' tall before foliar treating.

Year Two

July-October – Foliar treat any remaining small Amur honeysuckle not large enough for effective cut-stump treatment with 3% glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat any resprouts in the cut-stump areas from the previous two winter treatments.

Privet (Ligustrum spp)

Year One

January – March - Perform cut-stump treatment 50% solution of water-safe glyphosate.

July-September - Foliar treat small shrubs not large enough for effective cut-stump treatment with 3% Triclopyr 3 with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat any resprouts in the cut-stump areas.

Year Two

July-September - Foliar treat small shrubs not large enough for effective cut-stump treatment with 3% Triclopyr 3 with 0.5% non-ionic surfactant and 0.5% marking dye. Foliar treat any resprouts in the cut-stump areas.

Multiflora Rose (Rosa multiflora)

Year One

June-July – Foliar treat shrubs with 3 % glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye.

Year Two

June-July – Foliar treat any remaining live shrubs with 3 % glyphosate with 0.5% non-ionic surfactant and 0.5% marking dye.

Burning Bush (Euonymus alatus)

Year One

August –November – Perform cut-stump treatment with AG-200, an oil-based triclopyr product.

Year Two

August –November – Monitor for any remaining shrubs and perform cut-stump treatment as above.

Parks Ranking Definitions

Natural Area Value Ranking

5 - A plant community of the highest quality. In wooded areas, it contains the age range, diversity and structure one would expect of an intact remnant plant community. The shrub and herbaceous layer are also diverse and intact. There are few signs of modern manmade disturbance and little to no invasive plant presence. Many conservative plant species are present.

4 - A high quality plant community but with more obvious signs of manmade disturbance such as an herbaceous layer with a higher percentage of early successional, weedy species and a less diverse age range of trees. Invasive plant pressure is low but widespread. Conservative plant species are present but are less dominant.

3 - A plant community that contains high quality areas, however much of the area shows sign of obvious disturbance with a dominance of weedy, early successional species and an absence of conservative species. Low to moderate invasive plant pressure is widespread.

2 - The plant community is dominated by early successional species. Conservative plant species are absent. Invasive plant pressure is medium to high throughout.

1 - This plant community is highly degraded and dominated by weedy native and invasive species, however the soil profile remains mostly intact.

0 - This original plant community has been completely removed. The soil profile has been highly disturbed by agriculture and grading. No remnant vegetation is present. All plant community restorations that started from bare soil fall into this category.

Buffer Value

5 - This community provides at least a continuous 100-meter-wide buffer of medium to high quality plant community to protect either high quality natural areas or a stream, river, or other body of water.

4 - Provides a buffer of medium to high quality, but it is 50-100 meters wide or discontinuous.

3 - Provides a buffer of lower quality, but still a of width of 20 meters or greater to create an effective buffer to affect water quality next to a stream or river or protect a remnant plant community.

2 - A narrow buffer generally less than 20 meters wide. It often contains considerable invasive plant pressure, making it less effective for buffering natural areas.

1 - A thin buffer less than 10 meters wide often containing considerable invasive plants.

0 - A thin buffer dominated by invasive plants.

Habitat Value

5 - At least 20 acres of high-quality contiguous habitat in woodland or grassland areas. 10 or more acres of contiguous wetlands.

4 - 15-20 acres of high-quality contiguous habitat in woodland or grassland areas. 5-10 acres of contiguous wetlands.

3 - 10-15 acres of high-quality contiguous habitat in woodland or grassland areas. 3-5 acres of contiguous wetlands

2 - 5-10 acres of medium quality to somewhat degraded habitat in woodland or grassland areas. 1-3 acres of wetlands

1 - Less than 5 acres of medium to degraded habitat in woodlands or grassland areas. At least one-half acre of wetlands

0 - Small fragment under an acre in size of medium to degraded habitat in woodland or prairies. Small fragments of wetlands.

Cardinal Park Ecological Summary

This small park contains large open lawn areas and a dog park. While the park contains no remnant natural areas, it does contain several stormwater basins and swales around its periphery. Native communities of wetland and prairie plant have been established in the bottom and sides of these basins.

Wetland species including blue flag iris (*Iris virginica*), dark green bulrush (*Scirpus atrovirens*), soft rush (*Juncus effusus*) monkey flower (*Mimulus ringens*), and numerous others are thriving in the basins. Of note are well-established colonies of Sullivant's milkweed (*Asclepias sullivantii*) that were in flower during a July 24th visit. Several monarch butterflies were observed on these plants.

Figure 1: Sullivant's milkweed flowering in a stormwater basin

The storm water basins have been well stewarded resulting in the presence of very few invasive plants. The swale at the south edge of the park is relatively devoid of vegetation in the bottom of the swale and would benefit from the installation of plugs of species that perform well with flowing water including riverbank tussock sedge (*Carex emoryi*), blue flag (*Iris virginica*), and prairie cordgrass (*Spartina pectinata*). These suggested species will absorb nutrients and stabilize the soil when established in this swale.

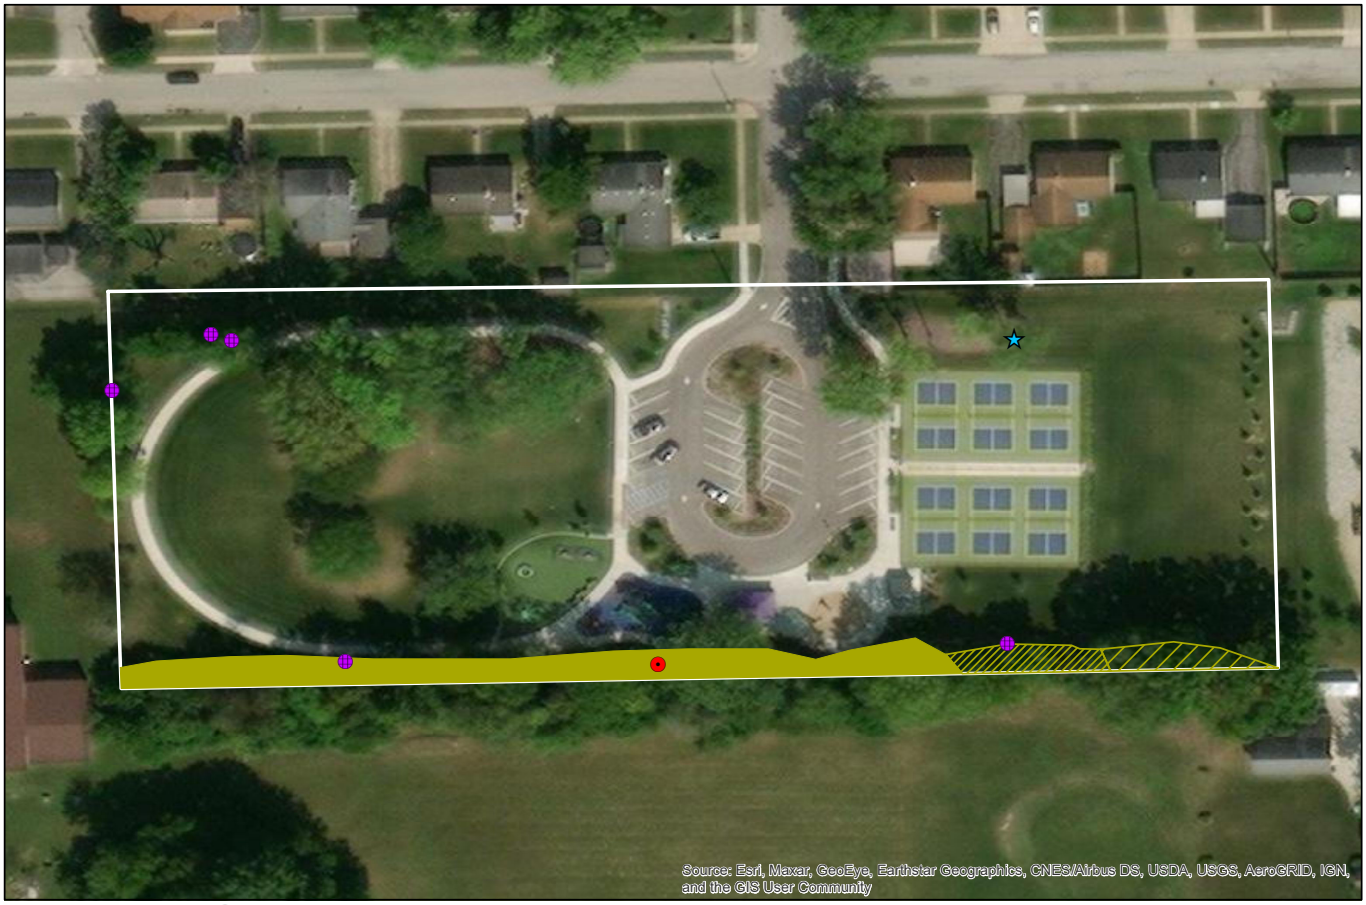

Figure 2: Swale devoid of vegetation in the bottom

Stephens Park Ecological Summary

This small park contains no natural areas, however there is a fence row along the southern boundary that provides habitat and a screen for the adjacent private property. The fencerow is heavily infested with invasive Amur honeysuckle (*Lonicera maackii*) for most of its length. Other invasive species in the fencerow include white mulberries (*Morus alba*), European cranberry viburnum (*Viburnum opulus*), and wintercreeper (*Euonymus fortunei*). Removal of these species on the park property is recommended. To replace the habitat and retain the screening function of the fence row, installation of the native blackhaw viburnum (*Viburnum prunifolium*) is recommended along its length. This native thicket-forming shrub has attractive flowers in the spring, excellent fall color, and edible fruit in the fall.

Elsewhere in the park, there are three large white mulberries in the northwest corner and a climbing wintercreeper on a tree north of the tennis courts as shown on the map on the following page. Installation of additional native trees in the lawn areas is recommended where it is compatible with recreational uses of the park.

1.0 PREFACE

The Brownsburg Parks recreation staff focuses on program planning within the core areas outlined in the Department's strategic master plan to ensure that the Department offers the programs and activities most important to the community.

1.1 MISSION

"To maximize resources in providing beautiful parks, recreation activities, and facilities to the Brownsburg community that enhances the residents' health and promotes economic vitality for long-term sustainability."

1.2 VISION

"To enhance the quality of life in Brownsburg and further its economic development goals to create a community of choice to live, work, and play now and for future generations."

1.3 VALUES & CREDOS

Inclusion: We embrace different ways of thinking to ensure we help build a community for everyone.
Credo: We actively listen to others.

Growth: We challenge ourselves to have a bigger impact on the community.
Credo: We grow to meet the community's needs.

Integrity: We strive to build the respect and trust of the community.
Credo: We choose to do the right thing.

Relationships: We build relationships to connect with our community.
Credo: We care for, connect with, and support one another.

Wellness: We create opportunities for community members to live healthy lifestyles.
Credo: We take care of ourselves so that we can take care of others.

1.4 DEPARTMENT STRATEGIC GOALS[1]

1.3.7 Develop and implement creative park and recreation programs that target all residents in the Town to maximize the community's appreciation for quality pk and recreation experiences.

3.1 Continue to build on existing core programs, including special events, out-of-school programs, nature education, outdoor adventure, and active adults.

3.2 Partner with local health and wellness providers to offer fitness programs for parks and local fitness centers.

3.3 Develop new programs in environmental education, active adult programs, arts, and outdoor adventure using existing park facilities.

[1] 2019-2023 Brownsburg Parks Strategic Master Plan page 4

2.0 DEFINITIONS

Cost Recovery – The recovery of direct and indirect operational costs (not including capital improvement). The cost recovery percentage may vary based on the Department's tax investment strategy.

Direct Costs - Costs that are directly and exclusively attributable to a program or service. Examples include program staff salaries and fringe benefits (that portion of an employee's time solely dedicated to a program), transportation (vehicle rental, fuel), admission to entertainment venues (theater, entry fees, etc.), consumable materials and supplies, food and drink, contract costs (program not provided by staff), rent, depreciation of equipment used exclusively for a program, and necessary utilities (water, electricity, etc.).

Indirect Costs – Costs attributed to more than one program, service, or facility. Examples include shared administrative staff salaries and fringe benefits, depreciation for equipment used in more than one program; depreciation for buildings; marketing and advertising; legal services; technology; insurance and risk management, and general utilities.

3.0 PROGRAM AND SERVICES OVERVIEW

Brownsburg Parks offers a wide variety of services based on priorities established in the 2017 Community Needs Assessment. These needs are broken up into service categories. The Department has established priority service areas within these service categories to maximize the use of Town resources.

3.1 SERVICE CATEGORIES[2]

Brownsburg Parks uses the following service categories to determine the cost recovery level of each event or program.

- **Community Events *(0-15%)*** - Events open to all community members regardless of age, ability, or skill level. (*Ex: Blues in the Burg, 4th of July, Party in Park, Trail & Treat)*
- **Contracted Programs *(110-125%)* -** Third-party partnerships that use parks, park amenities, and/or recreation facilities to deliver a service without direct supervision. (*Ex: Lets Go Sports, Wag in Win)*
- **Education Programs *(25-75%)*** - Programs with a primary objective of an established educational outcome guided by a set curriculum. (*Ex: Bird Watchers, Winter Nature Hike, Project Wild Programs)*
- **"Everyday Fun" Open Access *(0%)*** - Access to parks, park amenities, and/or recreation facilities. Does not include supervision or oversight by staff. Activity is self-directed by the participant. (*Ex: Parks, Playgrounds, Trails, Splash Pad)*
- **Intermediate Programs *(75-100%)*** - Programs designed to grow participants' established skills. (*Ex: Pound, Level 5 Swim Lessons, Restorative Yoga Clinics)*
- **Introductory Programs *(50-75%)*** - Programs designed to introduce participants to a new skill or activity. (*Ex: Painting, Beg. Yoga, Pickle-ball, Ballroom)*
- **Membership *(110 – 125%)*** -Grant unmonitored access to a facility or program with a specific

[2] 2022-2024 Tax Investment Strategy

purpose. Activity is self-directly by the participant. (*Ex: Cardinal Bark Park, Open Swim)*

- **Out-of-School Programs *(105-125%)*** - Programs offered to K 12 students are directly scheduled around the academic calendar and operations and are hosted at school sites. (*Ex: BASE, PEAK, Camps)*
- **Rentals *(105-125%)*** - Space and/or facility reservations for exclusive use by an individual or group. (*Ex: Shelters, Bundy Lodge, Eaton Hall).*
- **Social and Outreach Programs *(5-25%)*** - A planned social-emotional outcome, increased accessibility, or community outreach defines programs with a broad community impact. (*Ex: Farmers Market, Tree Sale, Rec Trailer, Bus Trips)*
- **Special Events *(100-110%)*** - Events designed for a target market or specific interest that requires registration. (*Ex: Father DFather-DaughterCharacter Breakfasts)*

3.2 PROGRAM PRIORITY AREAS

Brownsburg Parks focuses on the following program areas. These areas are considered community priorities based on the 2017 Community Needs Assessment.

1. **Active Adults/Senior Programs** – Programs for the 50 and older demographic.
2. **Before- and After-School Enrichment** – Programs aimed at school-age children during out-of-school hours
3. **Community and Special Events** – Events aimed at improving the Town's social and economic impact.
4. **Camps** - Summer and out-of-school camp experiences are offered for youth ages 6 - 16.
5. **Outdoor Adventure/Nature Programs** – Activities geared toward connecting the community with our natural resources.
6. **Wellness Programs** – Programs that focus on improving the physical and mental wellness of under-served populations in the Town.

3.3 PROGRAM SPONSORSHIP

The purpose of seeking program sponsorships is to maximize resources by working with local businesses and organizations to promote their services and achieve Department cost recovery goals. Potential sponsors can contribute at the following levels for each event or activity: Title Sponsor, Presenting Sponsor, Co-Sponsor, Event Sponsor, and Contributing Sponsor.

The direct costs of that program or event determine the dollar amount required for the sponsorship levels.

1. Title Sponsor (20 – 30%)
2. Presenting Sponsor (15 – 25%)
3. Co-Sponsor (10 – 15%)
4. Event Sponsor (5 – 10%)
5. Contributing Sponsor (In-kind – 5%)

6.0 PROGRAMMING STRATEGIES

The following programming strategies will be used to guide department resources and budgetary priorities for the duration of this plan.

Active Adults/Senior Program - Strategies

1. Develop two (2) new active adult fitness programs per season per year.
2. Develop two (2) bus trips targeted at Active Adults/Seniors with a social benefit.
3. During the warmer months, host monthly pickleball socials to attract new players.
4. Restart the Pathfinders walking club. Work with partners to help facilitate and promote the club.

Wellness Programs - Strategies

1. Develop two specialty outdoor wellness programs per season to include self-directed, leader-directed, and virtual offerings. Use community healthcare partners as resources.
2. Provide at least one wellness program/activity per age segment per season using outdoor facilities. Ideas include triathlons, adaptive fitness, parent-child fitness, and youth-focused fitness. (e.g., a marathon highlighting different parks and trail systems that encourage people to explore and get out into the parks system.)
3. Develop at least one (1) adaptive youth sports program per season—partner with an organization that can provide the necessary expertise in this area.

Before-and After-School Enrichment - Strategies

1. Complete Indiana After-school Network-quality assessments for each site by January 2023 and create an action plan that achieves 75% completion by the end of 2024.
2. Re-vamp the PEAK program delivery method by converting the program into a 6-week recreation program with a target outcome. Improve advertisement strategies for parents and teens.
3. Offer more Teen programming geared toward professional development, culture and arts, economic literacy, community service, and positive social interactions.

Camps - Strategies

1. Strengthen the scholarship program fund for youth to attend camp at a 50-100% discount. Expand scholarship offerings by 50% in 2023 and 2024.
2. Expand camp offerings by adding two additional day camps per summer and one additional day camp per school break.
3. Expand teen camp program offerings to target older teens during summer and out-of-school breaks.
4. Develop an adaptive recreation summer camp by the Summer of 2024.
5. Become American Camp Association Accredited by the end of 2024.

Outdoor Adventure/Nature Programs - Strategies

1. Plan one new outdoor nature program per season facilitated by partners. (e.g., Hendricks County Parks and Recreation, Indiana Wildlife Federation, Department of Natural Resources, Purdue Extension Offices, the Departments Natural Resources Manager, etc.)
2. Implement two (2) Project Wild programs per season to be offered in the Outdoor Classroom.
3. Develop two (2) environmental education and/or nature art programs in the Outdoor Classroom each season. Collaborate with the Parks and Natural Resources Manager, Water Utilities Director,

Soil and Water Conservation District, Hendricks County Recycling District, and/or Hendricks County Master Gardeners.

4. Expand current plant/tree sales to include educational programs to maintain purchased items.
5. Add a spring and fall native plant sale.
6. Develop a partnership with Hendricks County Master Gardeners to offer planting/garden landscaping 101 classes.

Community Special Events - Strategies

1. Plan and implement a Recreation Outreach Trailer program each month, May – October, for ages 3-12. Coordinate partnerships with Housing Associations and civic organizations.
2. In addition to our current special events, add one (1) special event that is geared toward whole families. Examples include Family Camp Out and the VIP Dance.
3. Expand program offerings during Parks and Rec Month, ending in a large community event at the end of July.
4. Refine the Blues in the Burg festival to target regional and local musicians.
5. Plan additional concerts in the park events.
6. Create a Farmers Market Business Plan that outlines a plan to grow the market participation each year. Expand special market days to be every week.
7. Expand Christmas Under the Stars into a week-long event with additional activities.

7.0 IMPROVEMENT STRATEGIES[3]

1. Add two (2) new sponsors/grants/partnerships for all core program areas.
2. Develop two (2) partnerships to improve the programs and services of our Department in each core area. For example, create partnerships to provide new resources, contacts, programs, facilities usage, etc.
3. Expand the Recreation Outreach program by increasing the Rec Trailer Program appearances at outdoor community events within Brownsburg.
4. Develop and implement an adaptive program policy to provide standards for all existing and new services and developments in the parks system.
5. Develop/update business and marketing plans for each core program area and create strategies to encourage the target market to sign up for activities in each core program area.
6. Partner with outside providers to offer rentable space; host new core programs and resources for Seniors and those needing adaptations; offer the arts and fitness-related activities while not duplicating services. Focus these new or existing partners on the needs-based approach.
7. Increase the annual amount of sponsorships/grants secured for programs and events by 15%.
8. Develop an annual lifecycle analysis of programming with data collection throughout the year that monitors registration numbers, participant retention, and customer satisfaction.
9. Expand the seasonal internship program.
10. Conduct a yearly market analysis of all core program areas to determine any necessary pricing adjustments and gaps/overlaps in services provided.
11. Implement a community-wide, statistically valid recreation priority assessment in 2023.

RECREATIONAL TRENDS ANALYSIS

Attached is the Recreational Trends Analysis was prepared by PROS Consulting for the Town of Brownsburg Parks.

CHAPTER ONE - RECREATIONAL TRENDS ANALYSIS

INTRODUCTION

As a part of the Town of Brownsburg's Parks and Recreation Strategic Master Plan update, the project team conducted a Recreational Trends Analysis to further assist the Town with identifying future trends the parks and recreation department should include in services to align with community interests and priorities. The Department offers a wide variety of recreation programs in the core areas of youth and family services, nature and outdoor adventure, fitness and wellness, youth and adult sports, as well as community events.

The purpose of this analysis is to assist in providing the Department of Parks and Recreation ("Department") with a better understanding of the types of parks, facilities, and programs/services that are most appropriate to satisfy the needs of residents through identifying market trends in recreation.

RECREATIONAL TRENDS ANALYSIS

The Recreational Trends Analysis examines national and local recreational trends to understand *what* the population served prefers for recreational opportunities. Findings from these analyses establish a fundamental understanding for prioritizing the community's parks, trails, facilities, and recreation programs. This helps the Department allocate resources to new programming while being conscientious of its human resources to maximize organizational efficiency.

The Trends Analysis provides an understanding of national, regional, and local recreational trends as well recreational interest by age segments. Trends data used for this analysis was obtained from Sports & Fitness Industry Association's (SFIA), National Recreation and Park Association (NRPA), and Environmental Systems Research Institute, Inc. (ESRI). All trend data is based on current and/or historical participation rates, statistically valid survey results, or NRPA Park Metrics.

NATIONAL TRENDS IN RECREATION

METHODOLOGY

The Sports & Fitness Industry Association's (SFIA*) Sports, Fitness & Leisure Activities Topline Participation Report 2023* was utilized in evaluating the following trends:

- National Recreation Participatory Trends
- Core vs. Casual Participation Trends

The study is based on findings from surveys conducted in 2022 by the Sports Marketing Surveys USA (SMS), resulting in a total of 18,000 online interviews. Surveys were administered to all genders, ages, income levels, regions, and ethnicities to allow for statistical accuracy of the national population. A sample size of 18,000 completed interviews is considered by SFIA to result in a high degree of statistical accuracy. A sport with a participation rate of five percent has a confidence interval of plus or minus 0.32 percentage points at a 95 percent confidence level. Using a weighting technique, survey results are applied to the total U.S. population figure of 305,439,858 people (ages six and older).

The purpose of the report is to establish levels of activity and identify key participatory trends in recreation across the U.S. This study looked at 120 different sports/activities and subdivided them into various categories including: sports, fitness, outdoor activities, aquatics, etc.

OVERALL PARTICIPATION

Approximately 236.9 million people ages six and over reported being active in 2022, which is a 1.9% increase from 2021 and the greatest number of active Americans in the last 6 years. This is an indicator that Americans are continuing to make physical activity more of a priority in their lives. Outdoor activities continue to thrive, recreation facilities reopened. Fitness at home maintains popularity, and team sports are slowly reaching pre-pandemic participation levels. The chart above depicts participation levels for active and inactive (those who engage in no physical activity) Americans over the past 6 years.

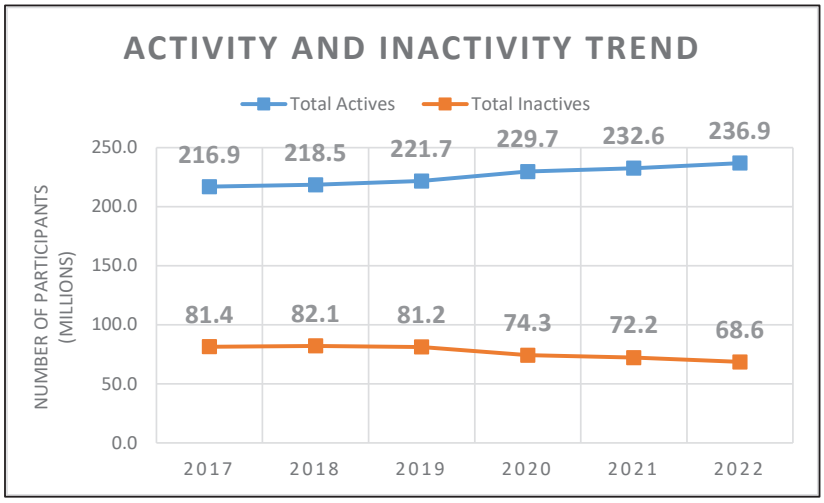

Figure 1 - Active vs. Nonactive Trend

CORE VS. CASUAL PARTICIPATION

In addition to overall participation rates, SFIA further categorizes active participants as either core or casual participants based on frequency of participation. Core participants have higher participatory frequency than casual participants. The thresholds that define casual versus core participation may vary based on the nature of each individual activity. For instance, core participants engage in most fitness activities more than fifty times per year, while for sports, the threshold for core participation is typically 13 times per year.

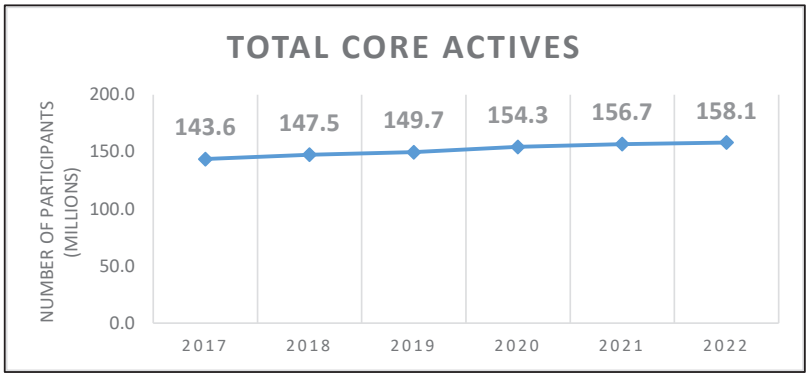

Figure 2 - Total Core Actives

In each activity, core participants are more committed and tend to be less likely to switch to other activities or become more inactive (engage in no physical activity) than causal participants. This may also explain why activities with more core participants tend to experience less pattern shifts in participation rates than those with larger groups of casual participants. Increasing for the fifth straight year, 158.1 million people were considered CORE participants in 2022.

PARTICIPATION BY GENERATION

The following chart shows 2022 participation rates by generation. Fitness sports continue to be the go-to means of exercise for Boomers, Gen X, and Millennials. Over half of the Gen X, Millennials, and Gen Z generation participated in one type of outdoor activity. Team sports were heavily dominated by generation Gen Z and nearly a third of Gen X also participated in individual sports such as golf, trail running, triathlons, and bowling.

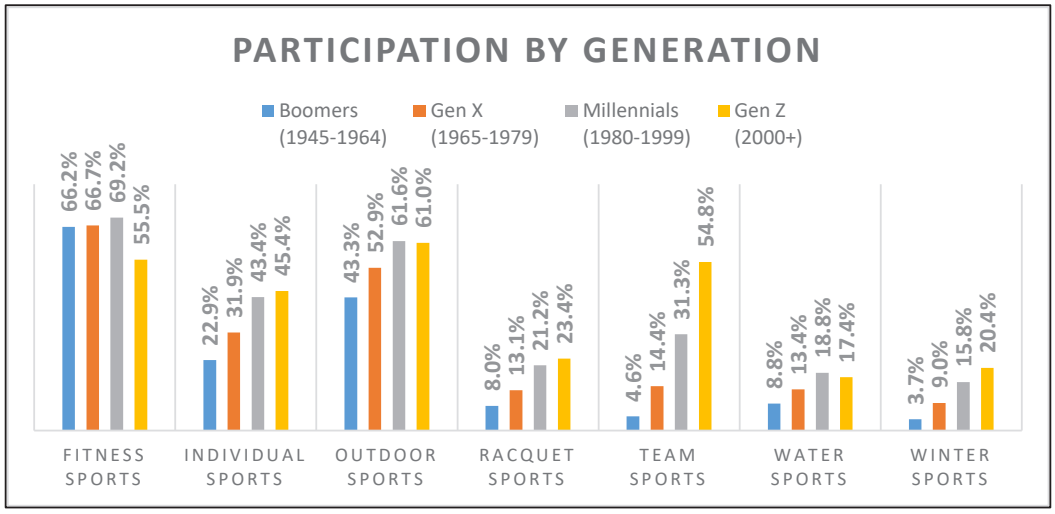

Figure 3 - Participation by Generation

HIGHLIGHTS

Team sports are continuing to recover due to shutdowns during the pandemic. The team sports participation rate increased to 23.2% which is near 2019 participation levels. Pickleball continues to be the fastest growing sport in America by doubling its participation in 2022. Following the popularity of pickleball, every racquet sport also increased in total participation in 2022.

Americans continued to practice yoga, attend Pilates training, workout with kettlebells, started indoor climbing, and while others took to the hiking trail. The waterways traffic had an increase of stand-up paddlers, kayaks, and jet skis. Gymnastics, swimming on a team, court volleyball, and fast-pitch softball benefited from the participation boom created from the Olympics.

Water sports had the largest gain in participation rates. Activities such as jet skiing, scuba diving, and boardsailing/windsurfing all contributed to the 7% increase. Outdoor sports continued to grow with 55% percent of the U.S. population participating. This rate remains higher than pre-pandemic levels with a 51% participation rate in 2019. The largest contributor to this gain was trail running, having a 45% increase over the last five years.

NATIONAL TRENDS IN GENERAL SPORTS

PARTICIPATION LEVELS

The top sports most heavily participated in the United States were basketball (28.1 million), golf (25.6 million), and tennis (23.6 million) which have participation figures well more than the other activities within the general sports category. Baseball (15.5 million), and outdoor soccer (13.0 million) round out the top five.

The popularity of basketball, golf, and tennis can be attributed to the ability to compete with small number of participants, this coupled with an ability to be played outdoors and/or properly distanced helps explain their popularity during the COVID-19 pandemic. Basketball's overall success can also be attributed to the limited amount of equipment needed to participate and the limited space requirements necessary, which make basketball the only traditional sport that can be played at most American dwellings as a drive-way pickup game. Golf continues to benefit from its wide age segment appeal and is considered a life-long sport. In addition, target type game venues or golf entertainment venues have increased drastically (86.2%) as a 5-year trend, using golf entertainment (e.g., Top Golf) as a new alternative to breathe life back into the game of golf.

BASKETBALL	GOLF	TENNIS	GOLF VENUE	BASEBALL
28.1 MILLION	25.6 MILLION	23.6 MILLION	15.5 MILLION	15.5 MILLION

FIVE-YEAR TREND

Since 2017, pickleball (185.7%), golf - entertainment venues (86.2%), and tennis (33.4%) have shown the largest increase in participation. Similarly, basketball (20.3%) and outdoor soccer (9.2%) have also experienced significant growth. Based on the five-year trend from 2017-2022, the sports that are most rapidly declining in participation include ultimate frisbee (-31.5%), rugby (-28.1%), and roller hockey (-25.4%).

ONE-YEAR TREND

The most recent year shares some similarities with the five-year trends; with pickleball (85.7%) and golf - entertainment venues (25.7%) experiencing some of the greatest increases in participation this past year. Other top one-year increases include racquetball (8.0%), badminton (7.1%), and gymnastics.

Sports that have seen moderate 1-year increases, but 5-year decreases are racquetball (8.0%), gymnastics (7.1%), and court volleyball (4.2%). This could be a result of coming out of the COVID-19 pandemic and team program participation on the rise. Like their 5-year trend, rugby (-5.8%), roller hockey (-4.0%), and ultimate frisbee (-2.2%) have seen decreases in participation over the last year.

CORE VS. CASUAL TRENDS IN GENERAL SPORTS

General sport activities, basketball, court volleyball, and slow pitch softball have a larger core participant base (participate 13+ times per year) than casual participant base (participate 1-12 times per year). Due to the COVID-19 pandemic, most activities showed a decrease in their percentage of core participants. However, there were significant increases in the percentage of casual participation for basketball, baseball, pickleball, outdoor soccer, flag football, badminton, and indoor soccer in the past year. *Please see **Appendix A** for the full Core vs. Casual Participation breakdown.*

National Participatory Trends - General Sports					
Activity	**Participation Levels**			**% Change**	
	2017	**2021**	**2022**	**5-Year Trend**	**1-Year Trend**
Basketball	23,401	27,135	28,149	20.3%	3.7%
Golf (9 or 18-Hole Course)	23,829	25,111	25,566	7.3%	1.8%

Figure 4 - General Sports National Participatory Trends

NATIONAL TRENDS IN GENERAL FITNESS

PARTICIPATION LEVELS

Overall, national participatory trends in fitness have experienced growth in recent years. Many of these activities have become popular due to an increased interest among Americans to improve their health and enhance quality of life by engaging in an active lifestyle. The most popular general fitness activities in 2022 also were those that could be done at home or in a virtual class environment. The activities with the most participation was walking for fitness (114.8 million), treadmill (53.6 million), free weights (53.1 million), running/jogging (47.8 million), and yoga (33.6 million).

FIVE-YEAR TREND

Over the last five years (2017-2022), the activities growing at the highest rate were trail running (44.9%), yoga (23.0%), Pilates training (14.0%) and dance, step & choreographed exercise. Over the same period, the activities that have undergone the biggest decline in participation include group stationary cycling (-33.4%), cross-training style workout (-32.1%) and non-traditional/off road triathlons (-28.1%).

ONE-YEAR TREND

In the last year, fitness activities with the largest gains in participation were group-related activities, cardio kickboxing (8.5%), Pilates training (5.8%), and group stationary cycling (5.5%). This 1-year trend is another indicator that participants feel safe returning to group-related activities. Trail running (5.9%) also saw a moderate increase indicating trail connectivity to continue to be important for communities to provide. In the same span, fitness activities that had the largest decline in participation were cross-training style workout (-5.3%), bodyweight exercise (-2.6%) and running/jogging (-2.4%).

CORE VS. CASUAL TRENDS IN GENERAL FITNESS

Participants of walking for fitness are mostly core users (participating 50+ times) and have seen a 1.5% growth in the last five years. *Please see **Appendix A** for the full core vs. casual participation breakdown.*

National Participatory Trends - General Fitness					
Activity	Participation Levels			% Change	
	2017	2021	2022	5-Year Trend	1-Year Trend
Walking for Fitness	110,805	115,814	114,759	3.6%	-0.9%
Treadmill	52,966	53,627	53,589	1.2%	-0.1%
Free Weights (Dumbbells/Hand Weights)	52,217	52,636	53,140	1.8%	1.0%
Running/Jogging	50,770	48,977	47,816	-5.8%	-2.4%
Yoga	27,354	34,347	33,636	23.0%	-2.1%
Stationary Cycling (Recumbent/Upright)	36,035	32,453	32,102	-10.9%	-1.1%
Weight/Resistant Machines	36,291	30,577	30,010	-17.3%	-1.9%
Free Weights (Barbells)	27,444	28,243	28,678	4.5%	1.5%
Elliptical Motion/Cross-Trainer	32,283	27,618	27,051	-16.2%	-2.1%
Dance, Step, & Choreographed Exercise	22,616	24,752	25,163	11.3%	1.7%
Bodyweight Exercise	24,454	22,629	22,034	-9.9%	-2.6%
High Impact/Intensity Training	21,476	21,973	21,821	1.6%	-0.7%
Trail Running	9,149	12,520	13,253	44.9%	5.9%
Rowing Machine	11,707	11,586	11,893	1.6%	2.6%
Stair Climbing Machine	14,948	11,786	11,677	-21.9%	-0.9%
Pilates Training	9,047	9,745	10,311	14.0%	5.8%
Cross-Training Style Workout	13,622	9,764	9,248	-32.1%	-5.3%
Martial Arts	5,838	6,186	6,355	8.9%	2.7%
Stationary Cycling (Group)	9,409	5,939	6,268	-33.4%	5.5%
Cardio Kickboxing	6,693	5,099	5,531	-17.4%	8.5%
Boxing for Fitness	5,157	5,237	5,472	6.1%	4.5%
Boot Camp Style Cross-Training	6,651	5,169	5,192	-21.9%	0.4%
Barre	3,436	3,659	3,803	10.7%	3.9%
Tai Chi	3,787	3,393	3,394	-10.4%	0.0%
Triathlon (Traditional/Road)	2,162	1,748	1,780	-17.7%	1.8%
Triathlon (Non-Traditional/Off Road)	1,878	1,304	1,350	-28.1%	3.5%
NOTE: Participation figures are in 000's for the US population ages 6 and over					
Participation Growth/Decline:	Large Increase (greater than 25%)	Moderate Increase (0% to 25%)	Moderate Decrease (0% to -25%)	Large Decrease (less than -25%)	

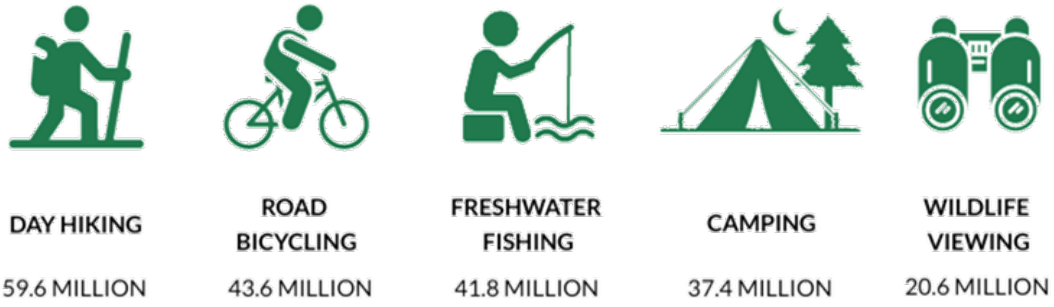

Figure 5 - General Fitness National Participatory Trends

NATIONAL TRENDS IN OUTDOOR/ADVENTURE RECREATION

PARTICIPATION LEVELS

Results from the SFIA report demonstrate rapid growth in participation regarding outdoor/adventure recreation activities. Much like general fitness activities, these activities encourage an active lifestyle, can be performed individually, and are not as limited by time constraints. In 2022, the most popular activities, in terms of total participants include day hiking (59.5 million), road bicycling (43.6 million), freshwater fishing (41.8 million), camping (37.4 million), and wildlife viewing (20.6 million).

National Participatory Trends - Outdoor / Adventure Recreation					
Activity	Participation Levels			% Change	
	2017	2021	2022	5-Year Trend	1-Year Trend
Hiking (Day)	44,900	58,697	59,578	32.7%	1.5%
Bicycling (Road)	38,866	42,775	43,554	12.1%	1.8%
Fishing (Freshwater)	38,346	40,853	41,821	9.1%	2.4%
Camping	26,262	35,985	37,431	42.5%	4.0%
Wildlife Viewing (>1/4 mile of Vehicle/Home)	20,351	20,452	20,615	1.3%	0.8%
Camping (Recreational Vehicle)	16,159	16,371	16,840	4.2%	2.9%
Birdwatching (>1/4 mile of Vehicle/Home)	12,296	14,815	15,818	28.6%	6.8%
Fishing (Saltwater)	13,062	13,790	14,344	9.8%	4.0%
Backpacking Overnight	10,975	10,306	10,217	-6.9%	-0.9%
Skateboarding	6,382	8,747	9,019	41.3%	3.1%
Bicycling (Mountain)	8,609	8,693	8,916	3.6%	2.6%
Fishing (Fly)	6,791	7,458	7,631	12.4%	2.3%
Archery	7,769	7,342	7,428	-4.4%	1.2%
Climbing (Sport/Boulder)	2,103	2,301	5,778	174.8%	151.1%
Roller Skating, In-Line	5,268	4,940	5,173	-1.8%	4.7%
Bicycling (BMX)	3,413	3,861	4,181	22.5%	8.3%
Climbing (Indoor)	5,045	5,684	2,452	-51.4%	-56.9%
Climbing (Traditional/Ice/Mountaineering)	2,527	2,374	2,452	-3.0%	3.3%
Adventure Racing	2,529	1,826	1,714	-32.2%	-6.1%
NOTE: Participation figures are in 000's for the US population ages 6 and over					
Participation Growth/Decline:	Large Increase (greater than 25%)	Moderate Increase (0% to 25%)	Moderate Decrease (0% to -25%)	Large Decrease (less than -25%)	

FIVE-YEAR TREND

From 2017-2022, sport/bouldering (174.8%), camping (42.5%), skateboarding (41.3%), day hiking (32.7%), birdwatching (28.6%) has undergone large increases in participation. The five-year trend also shows activities such as indoor climbing (-51.4%), adventure racing (-32.2%) to be the only activities with double-digit decreases in participation.

ONE-YEAR TREND

The one-year trend shows most activities growing in participation from the previous year. The most rapid growth being in sport/boulder climbing (151.1%), BMX bicycling (8.3%), birdwatching (6.8%), and in-line roller skating (4.7%). Over the last year, the only activities that underwent decreases in participation were indoor climbing (-56.9%), adventure racing (-6.1%), and overnight backpacking (-0.9%). Core vs. Casual trends in Outdoor recreation

CORE VS. CASUAL TRENDS IN OUTDOOR / ADVENTURE RECREATION

Most outdoor activities have experienced participation growth in the last five years. Although this is a positive trend, it should be noted that all outdoor activities participation, besides adventure racing, consist primarily of casual users. *Please see **Appendix A** for the full core vs. casual participation breakdown.*

NATIONAL TRENDS IN AQUATICS

PARTICIPATION LEVELS

Swimming is deemed a lifetime activity, which is why it continues to have such strong participation. In 2022, fitness swimming remained the overall leader in participation (26.3 million) amongst aquatic activities.

FITNESS SWIMMING
43.6 MILLION

AQUATIC EXERCISE
41.8 MILLION

SWIMMING ON A TEAM
37.4 MILLION

FIVE-YEAR TREND

Assessing the five-year trend, fitness swimming (-3.2%) and swimming on a team (-3.4%) experienced moderate decreases due to the accessibility of facilities during COVID-19. While aquatic exercise (2.1%) saw a slight increase in participation during this same period.

ONE-YEAR TREND

In 2022, all aquatic activities saw moderate increases in participation which can be asserted to facilities and programs returning to pre-COVID-19 pandemic levels. Swimming on a team (2.8%), aquatic exercise (2.7%) andn fitness swimming (2.5%) saw moderate increases in participation.

CORE VS. CASUAL TRENDS IN AQUATICS

All activities in aquatic trends have undergone an increase in casual participation (1-49 times per year) over the last five years. *Please see **Appendix A** for full the core vs. casual participation breakdown.*

National Participatory Trends - Aquatics					
Activity	**Participation Levels**			**% Change**	
	2017	**2021**	**2022**	**5-Year Trend**	**1-Year Trend**
Swimming (Fitness)	27,135	25,620	26,272	-3.2%	2.5%
Aquatic Exercise	10,459	10,400	10,676	2.1%	2.7%
Swimming on a Team	3,007	2,824	2,904	-3.4%	2.8%
NOTE: Participation figures are in 000's for the US population ages 6 and over					
Participation Growth/Decline:	Large Increase (greater than 25%)	Moderate Increase (0% to 25%)	Moderate Decrease (0% to -25%)	Large Decrease (less than -25%)	

NATIONAL TRENDS IN WATER SPORTS / ACTIVITIES

PARTICIPATION LEVEL

The most popular water sports / activities based on total participants in 2022 were recreational kayaking (13.6 million), canoeing (9.5 million), and snorkeling (7.4 million). It should be noted that water activity participation tends to vary based on regional, seasonal, and environmental factors. A region with more water access and a warmer climate is more likely to have a higher participation rate in water activities than a region that has a long winter season or limited water access. Therefore, when assessing trends in water sports and activities, it is important to understand that fluctuations may be the result of environmental barriers which can influence water activity participation.

RECREATIONAL KAYAKING	CANOEING	SNORKELING	JET SKIING	STAND-UP PADDLING
13.6 MILLION	9.5 MILLION	7.4 MILLION	5.4 MILLION	3.8 MILLION

FIVE-YEAR TREND

Over the last five years, surfing (37.8%), recreational kayaking (28.7%), stand-up paddling (13.6%) and white-water kayaking (9.0%) were the fastest growing water activities. From 2017-2022, activities declining in participation were water skiing (-14.9%), snorkeling (-12.0%), boardsailing/windsurfing (-11.6%), and sea/touring kayaking (10.6%).

ONE-YEAR TREND

In 2022, water skiing (-0.6%) was the only water activity to see a decrease in participation. Activities which experienced the largest increases in participation in the most recent year include jet skiing (7.6%), scuba diving (7.4%), boardsailing/windsurfing (7.2%), and surfing (6.6%).

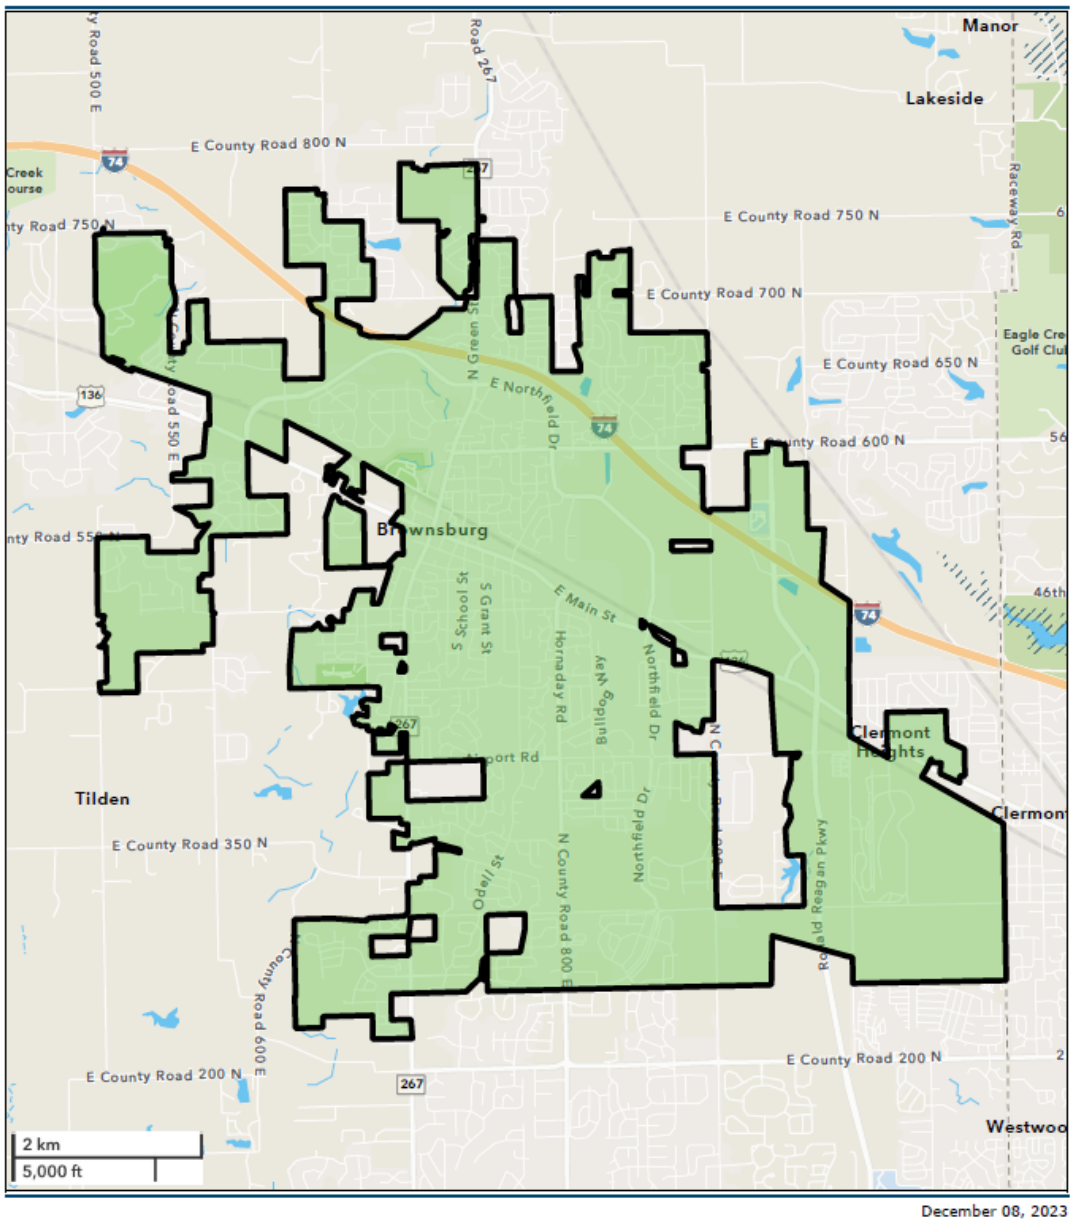

CORE VS. CASUAL TRENDS IN WATER SPORTS/ACTIVITIES

As mentioned previously, regional, seasonal, and environmental limiting factors may influence the participation rate of water sport and activities. These factors may also explain why all water-based activities have drastically more casual participants than core participants, since frequencies of activities may be constrained by uncontrollable factors. *Please see **Appendix A** for the full core vs. casual participation breakdown.*

National Participatory Trends - Water Sports / Activities					
Activity	Participation Levels			% Change	
	2017	2021	2022	5-Year Trend	1-Year Trend
Kayaking (Recreational)	10,533	13,351	13,561	28.7%	1.6%
Canoeing	9,220	9,199	9,521	3.3%	3.5%
Snorkeling	8,384	7,316	7,376	-12.0%	0.8%
Jet Skiing	5,418	5,062	5,445	0.5%	7.6%
Stand-Up Paddling	3,325	3,739	3,777	13.6%	1.0%
Surfing	2,680	3,463	3,692	37.8%	6.6%
Sailing	3,974	3,463	3,632	-8.6%	4.9%
Rafting	3,479	3,383	3,595	3.3%	6.3%
Water Skiing	3,572	3,058	3,040	-14.9%	-0.6%
Wakeboarding	3,005	2,674	2,754	-8.4%	3.0%

Scuba Diving	2,874	2,476	2,658	-7.5%	7.4%
Kayaking (Sea/Touring)	2,955	2,587	2,642	-10.6%	2.1%
Boardsailing/Windsurfing	1,573	1,297	1,391	-11.6%	7.2%
NOTE: Participation figures are in 000's for the US population ages 6 and over					
Participation Growth/Decline:	Large Increase (greater than 25%)	Moderate Increase (0% to 25%)	Moderate Decrease (0% to -25%)	Large Decrease (less than -25%)	

LOCAL RECREATIONAL TRENDS ANALYSIS BOUNDARY

The Town boundaries shown below were utilized for the local recreational trends analysis.

LOCAL SPORT AND LEISURE MARKET POTENTIAL

The following charts show sport and leisure market potential data for Brownsburg residents, as provided by ESRI. The Market Potential Index (MPI) measures the probable demand for a product or service within the defined service areas. The MPI shows the likelihood that an adult resident will participate in certain activities when compared to the U.S. national average. The national average is 100; therefore, numbers below 100 would represent lower than average likelihood of participation, and numbers above 100 would represent a higher-than-average likelihood of participation. The service area is compared to the national average in four (4) categories – general sports, fitness, outdoor activity, and commercial recreation.

It should be noted that MPI metrics are only one data point used to help determine community trends; thus, programmatic decisions should not be based solely on MPI metrics.

Overall, when analyzing the Town's MPIs, the data demonstrates above-average market potential index (MPI) numbers. The activities that scored above the national average that should be highlighted include: "Tennis" (118), "Golf" (118), "Pilates" (111), "Archery" (117), "Canoe/Kayaking" (116), "Fishing" (112), and "Bicycling (mountain) (111)/Bicycling (road) (110).

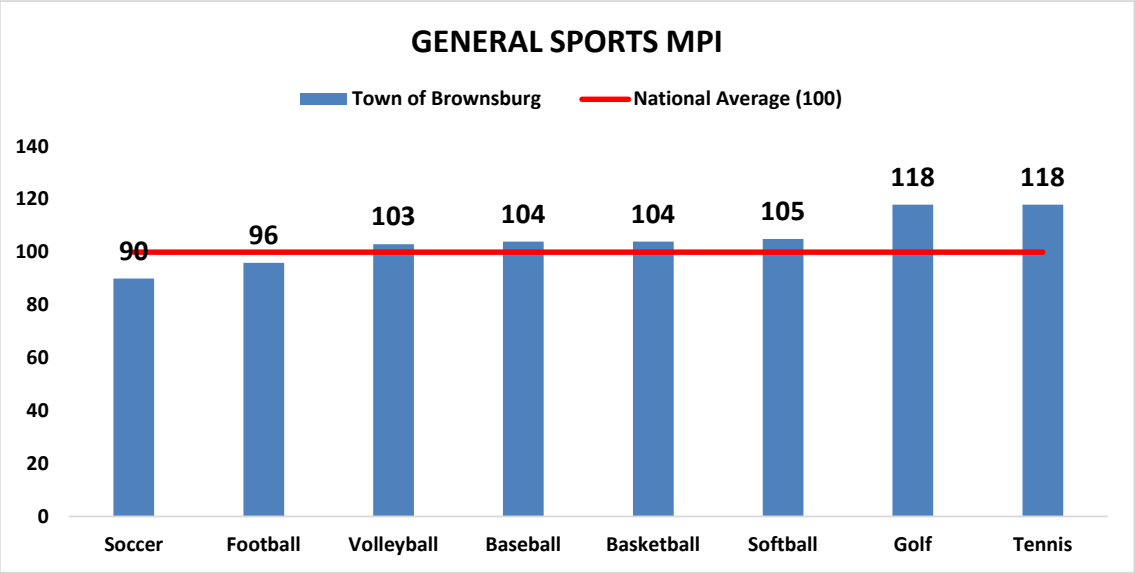

The above average MPI scores for the Town's residents mean that the residents are more likely to participate in most of the recreational activities listed, especially those related to general sports, fitness, and outdoor activities. This information is important for the Parks and Recreation Department to plan future programs and activities or build new facilities. This data provides them with a useful tool to estimate the attendance and participation of residents.

The following charts compare MPI scores for 43 sport and leisure activities that are prevalent for residents within the Town. The activities are categorized by activity type and listed in descending order, from highest to lowest MPI score. High index numbers (100+) are significant because they demonstrate that there is a greater likelihood that residents within the service areas will actively participate in those offerings provided by the Department.

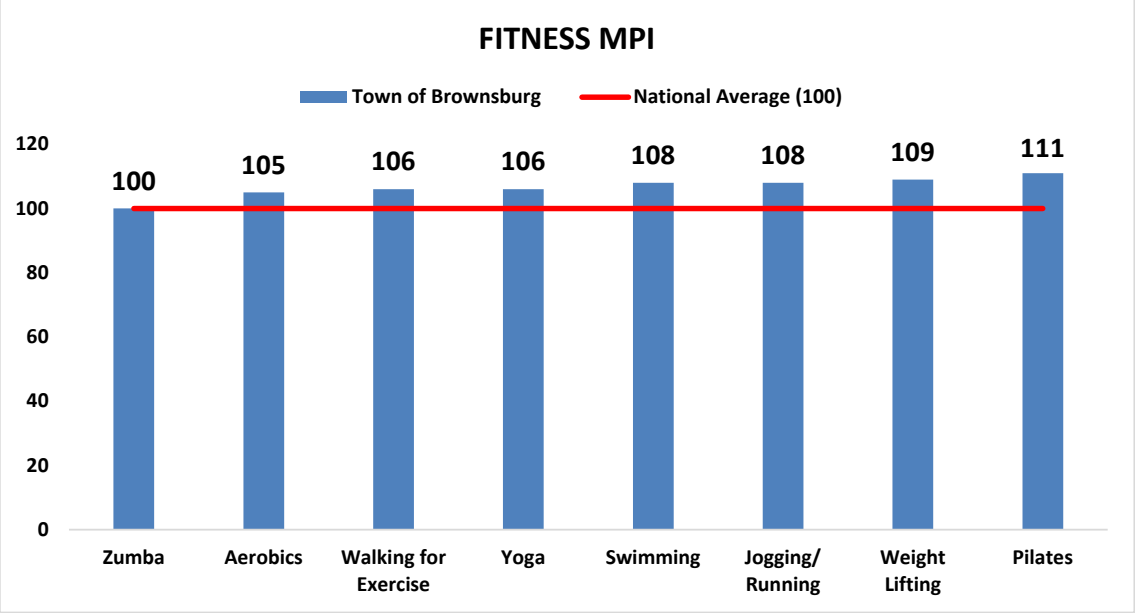

GENERAL SPORTS MARKET POTENTIAL

Overall, the General Sports MPI chart reflects several activities that are above the national mark including Tennis (118), Golf (118), Softball (105), Basketball (104), Baseball (104), and Volleyball (103).

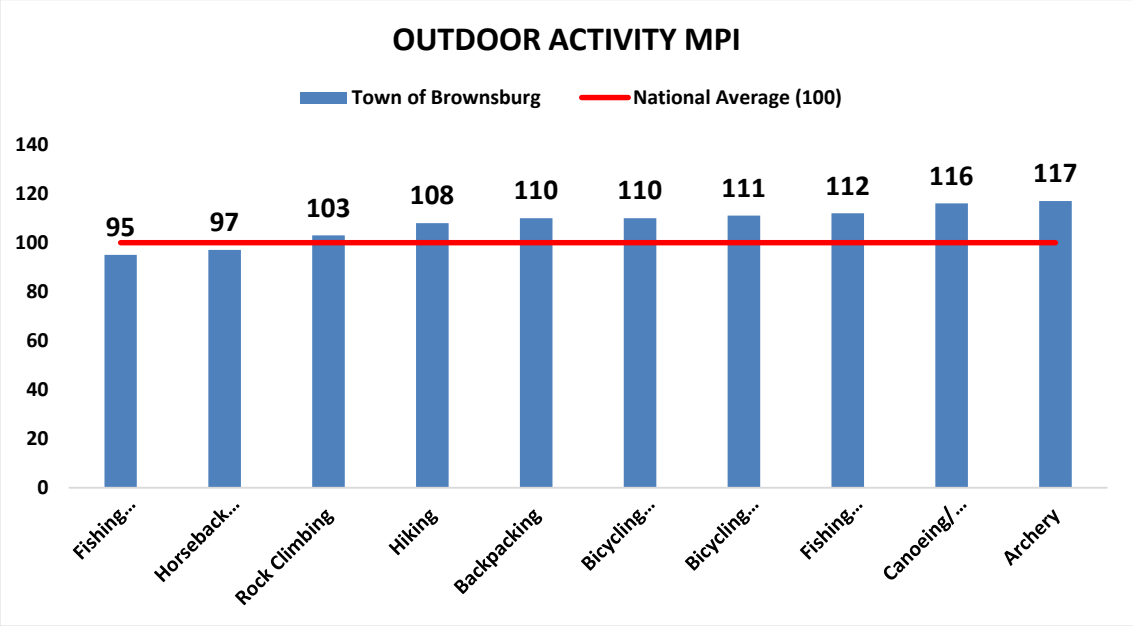

FITNESS MARKET POTENTIAL

The Fitness Activity category shows that Town residents have a high likelihood of participating in a variety of activities. The top six fitness activities regarding MPI are all above the national average: Pilates (111), Weightlifting (109), Jogging/Running (108), Swimming (108), Yoga (106), and Walking for Exercise (106) round out the top six.

OUTDOOR ACTIVITY MARKET POTENTIAL

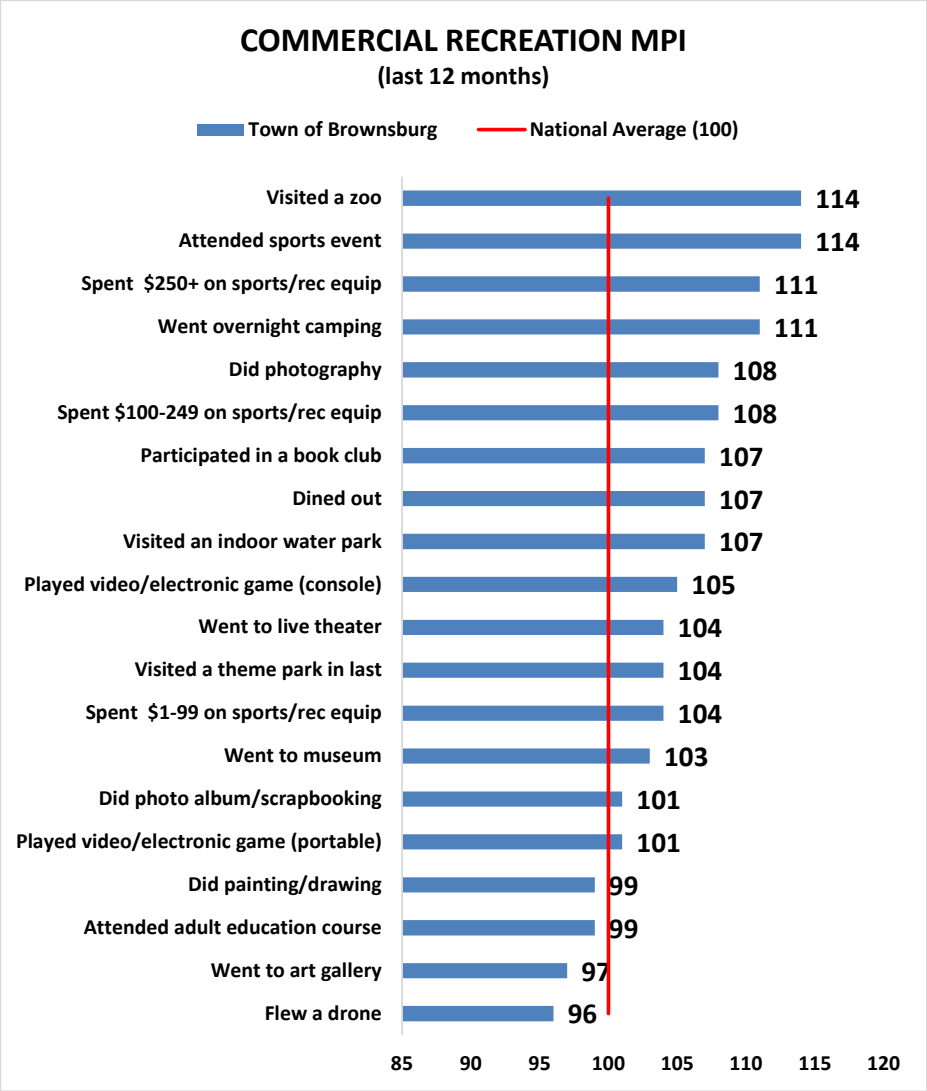

Assessing MPI scores for the Outdoor Activity category reveals that Town residents are inclined to participate in "Archery" (117), "Canoeing/Kayaking" (116), "Fishing (fresh water)" (112), "Bicycling (mountain)" (111), and "Bicycling (road)" (110).

COMMERCIAL RECREATION MARKET POTENTIAL

The Commercial Recreation category reveals several activities having MPI scores at or above the national average. The top activities include: "Visited a zoo" (114), "Attended sports event" (114), "Spent $250+ on sports/rec equipment" (111), and "Went overnight camping" (111).

APPENDIX A- CORE VS. CASUAL PARTICIPATION TRENDS

1.0 PREFACE

The Town of Brownsburg Parks recreation staff focuses on program planning within the core areas outlined in the Department's strategic master plan to ensure that the Department offers the programs and activities most important to the community.

1.1 MISSION

"To maximize resources in providing beautiful parks, recreation activities, and facilities to the Brownsburg community that enhances the residents' health and promotes economic vitality for long-term sustainability."

1.2 VISION

"To enhance the quality of life in Brownsburg and further its economic development goals to create a community of choice to live, work, and play now and for future generations."

1.3 VALUES & CREDOS

Inclusion: We embrace different ways of thinking to ensure we help build a community for everyone.

Growth: We challenge ourselves to have a bigger impact on the community.

Integrity: We strive to build the respect and trust of the community.

Relationships: We build relationships to connect with our community.

Wellness: We create opportunities for community members to live healthy lifestyles.

2.0 DEFINITIONS

Cost Recovery – The recovery of direct and indirect operational costs (not including capital improvement). The cost recovery percentage may vary based on the Department's tax investment strategy.

Direct Costs - Costs that are directly and exclusively attributable to a program or service. Examples include program staff salaries and fringe benefits (that portion of an employee's time solely dedicated to a program), transportation (vehicle rental, fuel), admission to entertainment venues (theater, entry fees, etc.), consumable materials and supplies, food and drink, contract costs (program not provided by staff), rent, depreciation of equipment used exclusively for a program, and necessary utilities (water, electricity, etc.).

Indirect Costs – Costs attributed to more than one program, service, or facility. Examples include shared administrative staff salaries and fringe benefits, depreciation for equipment used in more than one program, depreciation for buildings, marketing and advertising, legal services, technology, insurance and risk management, and general utilities.

3.0 PROGRAM AND SERVICES OVERVIEW

The Town of Brownsburg Parks offers a wide variety of services based on priorities established in the 2023 Community Needs Assessment. These needs are broken up into service categories. The

Department has established priority service areas within these service categories to maximize the use of Town resources.

3.1 SERVICE CATEGORIES[1]

The Town of Brownsburg Parks uses the following service categories to determine the cost recovery level of each event or program.

- **Community Events *(0-15%)*** - Events open to all community members regardless of age, ability, or skill level. (*Ex: Blues in the 'Burg, Movies in the Park, Summer Concerts, Trail & Treat)*
- **Contracted Programs *(110-125%)* -** Third-party partnerships that use parks, park amenities, and/or recreation facilities to deliver a service without direct supervision.
- **Education Programs *(25-75%)*** - Programs with a primary objective of an established educational outcome guided by a set curriculum. (*Ex: Little Sprouts, Bird Hikes, Nature Hikes)*
- **"Everyday Fun" Open Access *(0%)*** - Access to parks, park amenities, and/or recreation facilities. Does not include supervision or oversight by staff. Activity is self-directed by the participant. (*Ex: Parks, Playgrounds, Trails)*
- **Intermediate Programs *(75-100%)*** - Programs designed to grow participants' established skills. (*Ex: Wilderness First Aid Certification, Next Steps Babysitter's Course)*
- **Introductory Programs *(50-75%)*** - Programs designed to introduce participants to a new skill or activity. (*Ex: Painting in the Park, Beginners Yoga)*
- **Membership *(110 – 125%)*** - Grant unmonitored access to a facility or program with a specific purpose. Activity is self-directly by the participant. (*Ex: Cardinal Bark Park)*
- **Out-of-School Programs *(105-125%)*** - Programs offered to K-8 students that are offered during times in which school is out of session. (*Ex: Adventure Camps, Jr. Naturalist Camp Programs)*
- **Rentals *(105-125%)*** - Space and/or facility reservations for exclusive use by an individual or group. (*Ex: Shelters, Bundy Lodge, Eaton Hall).*
- **Social and Outreach Programs *(5-25%)*** - A planned social-emotional outcome, increased accessibility, or community outreach defines programs with a broad community impact. (*Ex: Farmer's Market, Fall Tree Sale)*
- **Special Events *(100-110%)*** - Events designed for a target market or specific interest that requires registration. (*Ex: Father-Daughter Dance, Character Café)*

3.2 PROGRAM PRIORITY AREAS

The Town of Brownsburg Parks is focusing on the following program areas. Based on the 2023 Community Needs Assessment, these areas are considered community priorities.

1. **Farmer's Market** - An ongoing program that offers multiple opportunities to engage with the public based on wellness, arts, and culture.
2. **Community & Special Events** - Events aimed at improving the Town's social and economic impact.
3. **Youth Programs –** Out-of-school and summer camp experiences and sports programs offered for youth ages 3-15.

Comment

[1] 2022-2024 Tax Investment Strategy

4. **Outdoor Adventure/Nature Programs -** Activities geared toward connecting the community with our natural resources.
5. **Wellness Programs -** Programs that focus on improving the physical and mental wellness of under-served populations in the Town.

3.3 PROGRAM SPONSORSHIP

The purpose of seeking program sponsorships is to maximize resources by working with local businesses and organizations to promote their services and achieve Department cost recovery goals. Potential sponsors can contribute at the following levels for each event or activity: Title Sponsor, Presenting Sponsor, Co-Sponsor, Event Sponsor, and Contributing Sponsor.

The direct costs of that program or event determine the dollar amount required for the sponsorship levels.

1. Title Sponsor (20 – 30%)
2. Presenting Sponsor (15 – 25%)
3. Co-Sponsor (10 – 15%)
4. Event Sponsor (5 – 10%)
5. Contributing Sponsor (In-kind – 5%)

4.0 PROGRAM STRATEGIES

The following programming strategies will guide department resources and budgetary priorities throughout this plan to increase participation in programs offered.

Farmer's Market- Strategies

1. Develop a Farmer's Market business plan that outlines a plan to grow market participation each year.
2. Promote more market attendance and engagement from the public by incorporating more engagement opportunities for the community through special event nights.
3. Expand "Music at the Market" to incorporate more local/regional musicians every week.
4. Seek out additional vendors to offer more variety in the market.
5. Establish two (2) fall market days.

Community & Special Events – Strategies

1. Plan for one (1) additional music concert or special live performance in the park.
2. Provide one (1) more activation area during the Christmas Under the Stars event each year (examples: selfie light displays, giant snow globes, or rides/games).
3. Add live performances to Christmas Under the Stars.

Youth Programs – Strategies

1. Obtain American Camp Association Accreditation by the end of 2026.
2. Create a camp scholarship program fund for youth to attend camp at a 100% discount.
3. Strengthen the quality of the camp program curriculum by focusing primarily on developing niche camps.
4. Expand Sporties for Shorties into separate sport-specific offerings. Offer additional youth sports programs in the Spring (March, April, May) and in the Fall (August, September, October).

5. Offer at least two (2) nature, outdoor recreation, music, or art camp programs during Fall Break and Spring Break.

Outdoor Adventure/Nature Programs - Strategies

1. Develop a nature educational outreach program targeted at youth ages 3-12. The program will be offered at the farmer's market or at local childcare providers, schools, home school groups, etc.
2. Develop two (2) environmental education and/or nature art programs per season in the Outdoor Classroom.
3. Collaborate with the Parks and Natural Resources Manager, Water Utilities Director, Soil and Water Conservation District, Hendricks County Recycling District, and/or Hendricks County Master Gardeners to provide educational opportunities hosted in our parks.

Wellness Programs – Strategies

1. Provide at least one wellness program/activity per season.
2. Provide at least one adult fitness program/class per quarter.
    a. Ideas include hosting a monthly pickleball social during warmer months, offering yoga classes in the park, and hosting additional walking events in our parks.

5.0 OVERALL IMPROVEMENT STRATEGIES

1. Expand the seasonal internship program to support programming needs by offering additional opportunities for interns during the fall and spring semesters.
2. Seek sponsorship dollars for any programs that are not meeting their cost recovery goals.
3. Seek grants to offset supplies for programs not meeting their cost recovery goals.
4. Develop and implement an inclusive program policy to provide standards for all existing and new services and developments in the parks system.

Service Categories (final draft 12/16/2021)

- **Community Events**
  - Events open to all community members regardless of age, ability, or skill level.
  - *Ex: Blues in the Burg, 4th of July, Party in Park, Trail & Treat*
- **Contracted Programs**
  - Third party partnerships that use parks, park amenities, and/or recreation facilities to deliver a service with no direct supervision.
  - *Ex: Lets Go Sports, Wag in Win, Esports*
- **Education Programs**
  - Programs with a primary objective of an established educational outcome that is guided by a set curriculum.
  - *Ex: Bird Watchers, Winter Nature Hike, Project Wild Programs*
- **"Everyday Fun" Open Access**
  - Access to parks, park amenities, and/or recreation facilities. Does not include supervision or oversight by staff. Activity is self-directed by the participant.
  - *Ex: Parks, Playgrounds, Trails, Splash Pad*
- **Intermediate Programs**
  - Programs designed to grow participants established skill.
  - *Ex: Pound, Level 5 Swim Lessons, Restorative Yoga Clinics*
- **Introductory Programs**
  - Programs designed to introduce participants to a new skill or activity.
  - *Ex: Painting, Beg. Yoga, Pickle-ball, Ballroom*
- **Membership**
  - Granting unmonitored access to a facility or program that has a specific purpose. Activity is self-directly by the participant.
  - *Ex: Cardinal Bark Park, Open Swim (2019), Group fitness (2019)*
- **Out of School Programs**
  - Programs that are offered to K-12 students that are directly scheduled around the academic calendar and operations and are hosted at school sites.
  - *Ex: BASE, PEAK, Camps*
- **Rentals**
  - Space and/or facility reservations for exclusive use by an individual or group.
  - *Ex: Shelters, Bundy Lodge*
- **Social and Outreach Programs**
  - Programs with a broad community impact that are defined by a planned social-emotional outcome, increased accessibility, or community outreach.
  - *Ex: Farmers Market, Tree Sale, Rec Trailer, Bus Trips*
- **Special Events**
  - Events designed for a target market or specific interest that requires registration.
  - *Ex: Father Daughter Dance, Mother Son, Character Breakfasts*
