# **AUGUST 2025 MONTHLY OPERATIONS REPORT**

---

CHIEF OF POLICE  
&  
BROWNSBURG POLICE COMMISSION

---

# Brownsburg Police Department

## OPERATIONS DIVISION REPORT

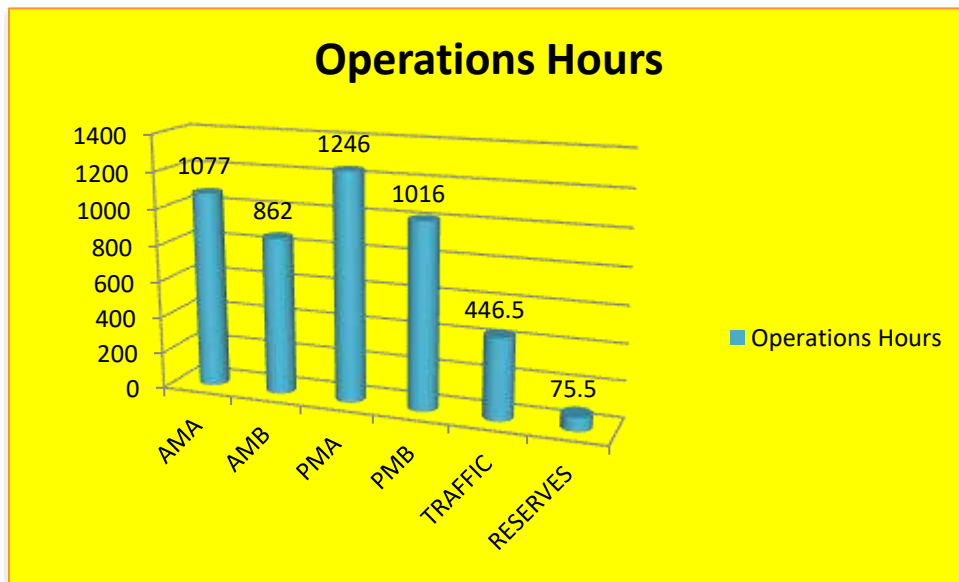

The following information contained within this report summarizes information deemed pertinent for disseminations from Major Bryan Fultz.

- Hours
- Highlights
- K9
- FTO
- Use of Force
- Vehicle Pursuit
- Traffic
- Narcotics
- Emergency Response Team
- Community Engagement
- Reserves
- Roll Call Training
- Additional

### Hours

During the month of August, officers of the Operations Division worked a total of 4,647.5 hours. 75.5 total work hours were completed by the Reserve Unit during August.

\*\*Total hours reflect actual road hours (training and meeting hours are excluded).

---

## **Highlights**

On August 2<sup>nd</sup>, Officer Joseph Medjeski initiated a traffic stop for an infraction. Cpl. David Shedrow assisted with the stop and deployed his police K9 around the vehicle. The K9 showed positive indication of narcotics in the vehicle. A search revealed suspected methamphetamine, marijuana, and mushrooms. The driver was charged and transported to jail. Prior to entering the jail, the driver admitted to possessing additional narcotics. Additional suspected methamphetamine and drug paraphernalia were located in the driver's pants.

On August 3<sup>rd</sup>, Officer Cody Molina initiated a traffic stop for an infraction. The vehicle did not immediately stopped and other officers assisted with the traffic stop. Upon contact, the subject commented of not feeling well. Cpl. Dave Shedrow deployed his police K9 around the vehicle. The K9 showed positive indication of narcotics in the vehicle. A search revealed suspected methamphetamine, marijuana, and cocaine. The driver was transported to a medical facility for clearance due to complaints of feeling ill. Upon arrival, medical staff located suspected methamphetamine and drug paraphernalia concealed by the driver. Additionally, a baggie was discarded from the mouth of the driver, which contained suspected heroin. The driver was kept overnight for observation and will be charged for narcotics and suspended driving violations.

On August 8<sup>th</sup>, PMA shift officers responded to a report of an impaired driver on Wild Ridge Boulevard. Officers located the vehicle in a parking lot at 1355 North Green Street, occupied by the driver. Upon contact, Officer Joseph Medjeski detected the odor of alcohol emanating from the driver. The driver admitted to consuming alcohol and exited the vehicle for sobriety testing. The driver could not complete the first and second test due to having an unsteady balance. The driver consented to a certified test in the form of a blood draw. The driver was transported to a medical facility where the draw was administered. Upon completion, the driver was charged and transported to jail.

On August 8<sup>th</sup>, Officer Elsiana Crosby responded to a property damage crash on Douglas Drive. Upon speaking with one involved party, Officer Crosby observed multiple signs of impairment and smelled the odor of alcohol about the driver. Sobriety testing was administered to the driver. The driver could not complete the first test and remaining tests were not administered due to impairment. The driver consented to a certified test and was transported to the Brownsburg Police Department for testing. The driver could not provide a sufficient sample and was transported to a medical facility for a blood draw. Upon completion, the driver was charged and transported to jail.

On August 10<sup>th</sup>, Officer Heather Foote observed a person sitting in front of a business that was closed. Officer Foote returned to do a welfare check and a check of the business. Upon making contact with and checking their status, it was learned that the person had multiple active warrants, one of which was a burglary warrant. The subject was taken into custody and transported to jail. The business checked secure at the time of the arrest.

---

On August 13<sup>th</sup>, Officer Heather Foote initiated a traffic stop on a vehicle without a license plate. Upon contact, the driver informed Officer Foote that the vehicle was just purchased. The driver appeared to have issues locating identification. Officer Foote detected the odor of marijuana in the vehicle and conducted a search. The search revealed a significant amount of suspected marijuana in the glove compartment along with the driver's wallet. The driver was charged and transported to jail.

On August 16<sup>th</sup>, Officer Kenny McAloon responded to a 3-vehicle crash. It was reported that a vehicle struck the rear of another vehicle, pushing it into an additional vehicle. One of the driver's mentioned that the driver of the vehicle causing the crash appeared impaired. Officer McAloon observed signs of impairment and detected the odor of alcohol about the driver responsible for the crash. The driver refused all sobriety testing and a certified test. Officer McAloon requested and obtained a blood draw search warrant, and transported the driver to a medical facility where the draw was administered. Upon completion, the driver was charged and transported to jail. It should be noted that a child was in the vehicle of the impaired driver. Additional charges are being filed.

On August 17<sup>th</sup>, Officer Morgan Ettenberger responded to a vehicle that was crashed in a yard at York Road and Sycamore Street. On arrival, Officer Ettenberger observed a crashed vehicle with deployed airbags. Upon speaking with the driver, Officer Ettenberger observed signs of impairment and the odor of alcohol. The driver admitted to consuming alcohol but was unsure of their destination. Officer Ettenberger administered sobriety testing. The driver failed all testing and consented to a certified breath test. The driver was transported to the Brownsburg Police Department where the test was administered. Results of the test exceeded the legal limit. The driver was charged and transported to jail. No injuries were reported.

On August 18<sup>th</sup>, Officer Bryce Plichta initiated a traffic stop for an infraction. Upon contact with the driver, Officer Plichta detected the odor of marijuana emanating from the interior of the vehicle. During the investigation, a search revealed suspected marijuana and additional prescription narcotics. The driver was subsequently charged and transported to jail. During transportation, the driver continued to move in a manner that would lead an officer to believe that something was being concealed. Upon arrival at the jail, a detailed search was completed. The driver additionally possessed prescription narcotics and suspected cocaine. Additional charges of attempted trafficking with an inmate have been submitted.

On August 19<sup>th</sup>, Officer Lucio Argueta initiated a traffic stop for an infraction. Upon contact with the driver, Officer Argueta smelled the odor of marijuana emanating from the interior of the vehicle. Investigation revealed the driver had a misdemeanor license suspension. Upon search of the vehicle, Officer Argueta located a significant amount of suspected marijuana and a firearm. The driver was charged and transported to jail.

---

On August 21<sup>st</sup>, Officer Megan Clonce initiated a traffic stop for an infraction. Due to inconsistency in the drivers story, Officer Clonce requested assistance. Cpl. David Shedrow assisted and deployed his police K9 around the vehicle. The K9 showed a positive response to narcotics odor coming from the vehicle. A search of the vehicle revealed narcotics paraphernalia. A search of the driver revealed suspected methamphetamine. The driver was charged and transported to jail.

On August 23<sup>rd</sup>, Officer Taylor Adamson initiated a traffic stop for an infraction. Upon contact, Officer Adamson observed signs of impairment about the driver. The driver initially denied consuming alcohol then admitted to consuming alcohol. Officer Adamson attempted to administer sobriety test but the driver could not complete them due to intoxication. The driver would not respond to a consent of a certified breath test. Officer Adamson requested and obtained a blood draw search warrant from a judge. The driver was transported to a medical facility where the draw was administered. Upon completion, the driver was charged and transported to jail.

---

## **K9**

The following is documented K9 patrol activity for the month of August:

| <b>Detection Deployments</b> | <b>Patrol Deployments</b> | <b>Total Deployments</b> | <b>Arrests</b> |
|------------------------------|---------------------------|--------------------------|----------------|
| <b>21</b>                    | <b>3</b>                  | <b>24</b>                | <b>25</b>      |

**Detection Deployments** reflect searches for narcotics in a vehicle or a building.

**Patrol Deployments** reflect searches for a person.

The following is documented K9 narcotic seizures for the month of August:

| <b>Type</b>     | <b>Incidents</b> | <b>Total</b> |
|-----------------|------------------|--------------|
| Marijuana       | 10 seizures      | 36.1grams    |
| Methamphetamine | 6 seizures       | 44.75grams   |
| Cocaine         | 2 seizures       | 2 grams      |
| Heroin          | 0                | 0            |
| <b>Other</b>    |                  |              |
| Firearms        | 1 Handgun        | 1            |

K9 training took place on August 21<sup>st</sup> involving water deployments. The deployments consisted of the following:

- Deployment into water from land to a decoy
- Deployment from a dock into the water on a decoy
- Deployment from land across water and onto land again on a decoy

This is to familiarize the K9 with water apprehension in the event the suspect flees into water.

Along with individual training days, the K9 teams participated in 36 training hours for the month of August.

Officer Marcum is still on light duty.

---

**FTO**

| <b>Probationary Officer</b> | <b>Phase</b> | <b>FTO Hours YTD</b> | <b>Program Complete</b> |
|-----------------------------|--------------|----------------------|-------------------------|
| Callahan Baxter             | E            | 12                   | No                      |
| Donna Davenport             | 1            | 12                   | No                      |
| Nathaniel Giblin            | 1            | 36                   | No                      |
| Austin Hyde                 | 1            | 12                   | No                      |
| Morgan Ettenberger          | 2            | 252                  | No                      |
| Kenneth McAloon             | E            | 164                  | Yes                     |
| <b>E=Experienced</b>        |              |                      |                         |

August has begun to be a busy month for the Field Training Program. Officer Callahan Baxter was sworn in and began field training along with Officers Davenport, Giblin, and Hyde who recently graduated from the Indiana Law Enforcement Academy (ILEA) August 22<sup>nd</sup>. Officer Morgan Ettenberger has nearly completed phase 2 at the time of this report and will begin phase 3 early September.

Officer Kenneth McAloon, who is a lateral from another agency, has successfully completed the Experienced Officer phase of the field-training program. Officer McAloon has been assigned to AMA shift.

Captain Jeff Klayer and Major Bryan Fultz continue to meet with candidates who have interest in training new officers. There is currently one vacancy and potentially another by the end of this year.

---

## Use of Force

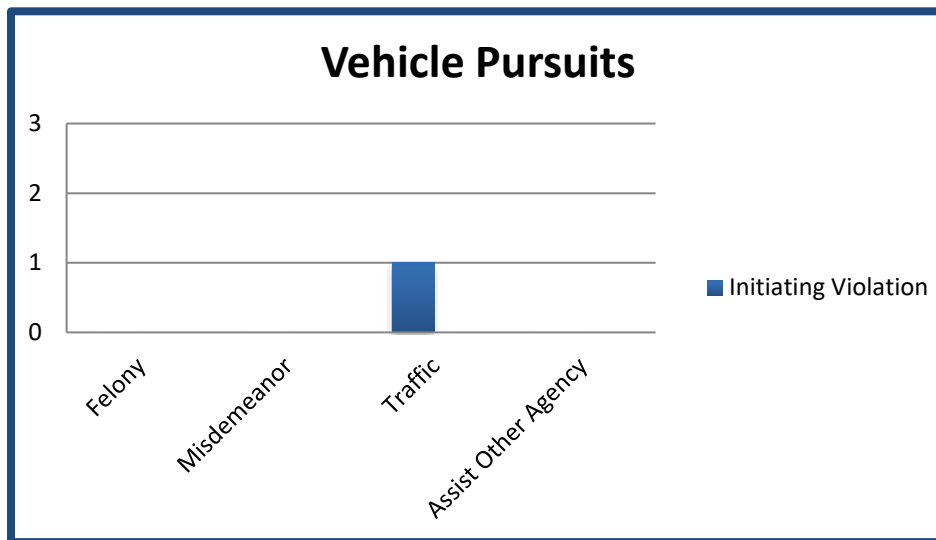

The Brownsburg Police Department documented seven (7) Use of Force Reports during the month of August. The reports are classified as follows: Firearm Pointing.

Documented reports 1-4 involved Brownsburg officers responded to a report of a domestic in a vehicle where persons were involved in a physical altercation, possibly involving a firearm. Officers located the vehicle and deployed on a “high risk” traffic stop pointing the department issued firearms at the vehicle. The suspect involved was taken into custody without incident.

Documented reports 5-7 involved Brownsburg officers deploying on a “high risk” traffic stop at the conclusion of a vehicle pursuit. The vehicle stopped and a passenger fled from the vehicle. Officers stayed with the vehicle and pointed their department issued firearms at the vehicle until the driver was taken into custody. The fleeing passenger was not apprehended and has not been identified.

## Vehicle Pursuit

The Brownsburg Police Department documented one (1) Vehicle Pursuit Report during the month of August. The Chart below lists the initiating violation:

The single pursuit was initiated by the Brownsburg Police Department. The pursuit ended when the driver stopped and was taken into custody along with the passenger.

Pursuit distance was 1.5 miles and lasting 2 minutes. No crash or damage was reported to department vehicles.

---

## **Traffic**

The Traffic Unit responded to the following workflow complaint(s) during August:

- Speeding vehicle and reckless driving on Williams Drive
- Improper parking at Hanover and South Odell

Motorcycle training was held at Lucas Oil Raceway during the month of August instructed by Cpl. Dan Rooker. The following agencies attended:

- Brownsburg Police Department
- Greenwood Police Department
- Marion County Sheriff's Office
- Indiana State Police

A total of 15 motor units attended the training.

Officer Jacob Smith attended and successfully completed a 2-week crash reconstruction training course. Additionally, Ofc. Smith completed patrol rifle qualification and chemical breath test re-certification.

Cpl. Dan Rooker and Ofc. Kevin Huntsman participated in the motorcycle training and Lucas Oil Raceway.

---

## **Narcotics**

On August 19<sup>th</sup>, BNU Officers conducted a traffic stop on I-74 for a traffic violation. Officers became suspicious of the occupants and conducted a probable cause search of the vehicle. Officers found approximately \$30,000.00 worth of brand new makeup products in the car, in moving boxes. Officers believed the products were stolen from retail stores but could not prove it. Under the advisement of the Prosecutor's Office, the occupants were released due to lack of probable cause in their view. However, Officers began following up with area businesses and other law enforcement agencies along the route of travel the occupants had been taking across country and were in fact able to determine the individuals were engaged in large scale retail shoplifting but had not been identified. Due to the traffic stop, suspects were now identified and agencies began filing theft warrants on the individuals across the country. Currently agencies in Michigan have been able to file arrest warrants on four individuals in the vehicle. BNU has identified theft victims in Michigan, Minnesota and Illinois and is continuing to work with agencies and stores on this investigation.

Also throughout the month of August, BNU Officers were also involved in 2 ERT callouts and also arrested a suspect on a narcotics warrant stemming from a traffic stop. BNU Officers also attended 2 out-of-state trainings and spent much of their time conducting surveillance on current ongoing cases and investigations.

---

## **Emergency Response Team**

### **Training:**

- **August 19** – ERT conducted training at the BPD Training Facility. Training consisted of a Decision Making Exercise. DMEs are exercises based off of real life events. They allow our Operators to devise a plan, tactically, ethically and within the Department Policy and Legal guidelines. Post DME we listened to the associated Debrief of the actual incident. Following the DME ERT trained in the shoot house on Close Quarters Tactics (CQT) training. This session focused on fundamentals of entry, variable threshold assessments, hallway mitigation, and structure clearance.
- **August 26** – ERT held additional CQT training at the Brownsburg Training Facility, utilizing the shoot house. Training emphasized breach point tactics, threat mitigation, force-on-force scenarios, and full structure clearance operations. ERT then conducted monthly physical fitness at the BPD gym.

---

### **Deployments:**

- The Emergency Response Team was deployed to assist the Hendricks County Sheriff's Department ERT on Thursday, August 21 in Coatesville. We were asked to assist due to the geographic location of the target residence. The target location was located on 14 acres of wooded property. ERT briefed at HCSD and eventually was deactivated due to the suspect not being located at the target location.

---

### **Team Status:**

- All ERT members remain in active status.
- Sgt. Fults attended Indiana SWAT Commanders Meeting on 8/14 at Fishers PD

---

## Community Engagement

On August 20<sup>th</sup>, Captain Bullock and Michael Langeman attended a meeting with the Brownsburg Older Alliance at the Brownsburg Public Library. A presentation was provided regarding how to prevent from becoming a victim of identity theft and fraud.

On August 21<sup>st</sup>, Cpt. Bullock attended the Hometown Hero's event at the Town of Brownsburg's Farmer's Market. The departments Armored Personnel Carrier was on display and Bullock interacted with the community to explain the vehicles use and capabilities.

On August 27<sup>th</sup>, Cpt. Bullock along with officers of AMB shift met with a couple of local girl scouts who provided some delicious cookies.

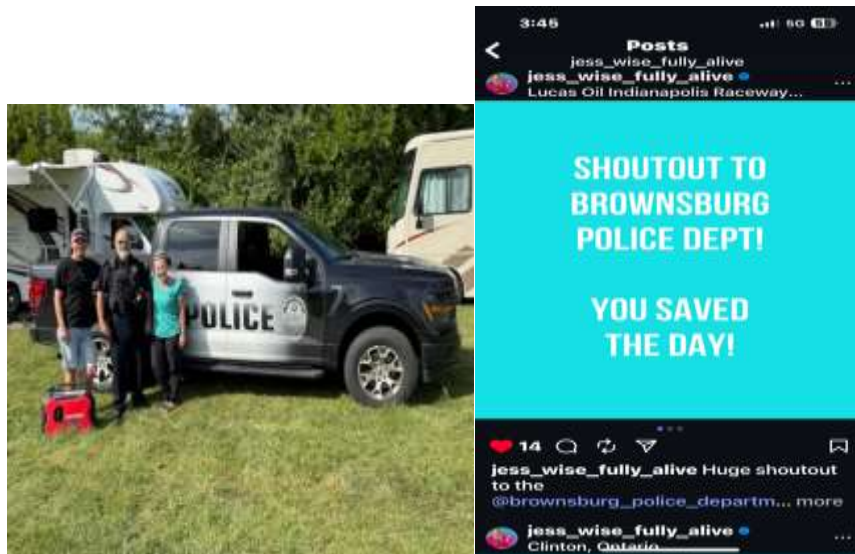

---

On August 28<sup>th</sup>, Cpt. Bullock was flagged down to assist with a scavenger hunt involving youth from Connection Point Church. The youth had to obtain a photo of being placed in handcuffs. As you can see it was a positive ending as they were released to continue their activity.

On August 29<sup>th</sup>, Captain Bullock was approached by an individual attending the U.S. Nationals who was from Canada that had rented an RV. The generator was not working on the RV and Captain Bullock offered his personal generator for them to use along with a can of gas. They offered money for the use of it but all he wanted was a shout out to the Brownsburg Police Department on social media. They actually did a live video on Instagram on the whole event.

---

## **Reserves**

Only activity to report for the month of August is that Cpl. Rob Van worked in excess of 75 hours supplementing shifts when needed. We continue to thank Reserve Officer's for dedicating their time to assist with road coverage and special events when needed.

## **Roll Call Training**

- Room Clearing
- Tourniquet Application

## **Additional**

The Brownsburg Police Department continues to participate in additional patrols throughout the year funded by the National Highway Traffic Safety Administration (NHTSA) and funds are administered through the Indiana Criminal Justice Institute (ICJI). Participants will occasionally receive tools to assist with enforcement effort at no cost to the agency. This year, Brownsburg Police Department received five (5) portable breath tests valued at \$2,500. These pbt's will be provided to new officers who have begun field training during August.
